MAINTENANCE

- **Cleaning:** Regularly clean your watch and strap with a soft, damp cloth. Avoid harsh chemicals or abrasive materials.
- **Charging:** Use only the provided magnetic charging cable. Avoid exposing the charging pins to water or corrosive substances.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place. It is recommended to charge the watch to about 50% before long-term storage.
- **Water Exposure:** While water-resistant, it is advisable to dry the watch thoroughly after exposure to water, especially before charging.

TROUBLESHOOTING

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Press and hold the power button for several seconds.
Unable to pair with phone	Check if Bluetooth is enabled on your phone. Restart both the watch and your phone. Ensure the Zepp App is updated to the latest version.
Inaccurate heart rate/sleep data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness, disable unnecessary notifications, or limit continuous heart rate monitoring. Check for background app usage.
