Petony 005

Petony Outdoor Dog Playpen Instruction Manual

Model: 005

PRODUCT OVERVIEW

The Petony Outdoor Dog Playpen is a heavy-duty kennel designed to provide a secure and spacious outdoor area for your pets. Constructed from tough galvanized metal and high-quality steel wire mesh, it offers rust-proof durability. This model includes a rain and UV-proof roof cover, making it suitable for year-round use.

SAFETY INFORMATION

- Ensure all connections are securely fastened during assembly and before placing pets inside.
- Regularly inspect the kennel for any signs of wear, damage, or loose components.
- Remove the roof cover during heavy snow to prevent structural damage.

- Do not allow children to climb on or play inside the kennel unsupervised.
- Position the kennel on a flat, stable surface to prevent tipping.

PARTS LIST

Please verify all components are present before beginning assembly.

Component	Quantity
Galvanized Metal Panels	(Varies by size)
Steel Wire Mesh Sections	(Varies by size)
PE Roof Cover	1
Door Panel with Secure Lock	1
Connecting Clamps/Hardware	(Assorted)
Ground Nails	(Assorted)
Gloves	1 Pair
Instruction Manual	1

SETUP AND ASSEMBLY

This product is a DIY kit. Assembly typically takes approximately 1 hour for two people. Follow these steps carefully:

1. Step 1: Unpack and Organize Components

Lay out all panels, hardware, and the roof cover in an organized manner. Refer to the parts list to ensure everything is present.

2. Step 2: Assemble the Base Frame

Connect the bottom galvanized metal panels to form the rectangular base of the kennel. Ensure all connections are snug but do not fully tighten yet.

3. Step 3: Attach Side Panels and Door

Erect the side panels and integrate the door panel into the desired position. Use the provided clamps and hardware to secure them to the base and to each other.

4. Step 4: Install the Roof Structure

Assemble the roof support bars and attach them to the top of the kennel frame.

5. Step 5: Secure the Roof Cover

Drape the PE roof cover over the assembled roof structure. Use the elastic buckles or ties to secure the cover firmly to the frame, ensuring it is taut to prevent water pooling.

6. Step 6: Final Tightening and Ground Anchoring

Once all components are in place, go back and fully tighten all screws and connections. Use the provided ground nails to anchor the kennel securely to the ground for added stability, especially in

windy conditions.

7. Step 7: Verify Dimensions (79" x 79" Model)

For the 79" x 79" (2m x 2m) model, the assembled dimensions should be approximately 79"W x 79"D x 65"H.

OPERATING INSTRUCTIONS

Using the Secure Lock Door

The kennel features a secure lock on the door to ensure your pet remains safely contained. To open, slide the latch mechanism. To close, swing the door shut and engage the latch firmly. Always double-check the lock before leaving your pet unattended.

Providing Space for Your Pet

The spacious interior of the playpen offers ample room for your pets to exercise, play, and rest comfortably outdoors.

SPACIOUS INTERIOR

Offers plenty of room for your pets to exercise and play

Weather Protection

The PE roof cover provides protection from rain, dust, UV light, and light snow. This allows your pet to enjoy the outdoors in various weather conditions.

MAINTENANCE

- **Cleaning:** The metal and mesh materials are easy to clean. Use a mild soap and water solution to wipe down surfaces as needed. Rinse thoroughly and allow to air dry.
- **Roof Cover Care:** Periodically check the roof cover for tears or damage. Clean it with a damp cloth. As noted in safety, remove the cover during heavy snowfall to prevent damage to the structure.
- **Hardware Inspection:** Regularly check all bolts, clamps, and the door latch to ensure they remain tight and secure. Tighten any loose hardware to maintain the kennel's structural integrity.
- **Rust Prevention:** While the kennel is made of rust-proof galvanized metal, prolonged exposure to harsh elements can still affect its appearance. Consider applying a rust-inhibiting spray annually for extended longevity.

TROUBLESHOOTING

Kennel feels wobbly after assembly.

Ensure all connecting clamps and bolts are fully tightened. Verify the kennel is placed on a level surface. Use the provided ground nails to anchor the kennel firmly to the ground.

Roof cover sags or collects water.

Ensure the roof cover is pulled taut and all elastic buckles or ties are securely fastened to the frame. Adjust the positioning of the cover to allow for proper water runoff.

Door does not close or latch properly.

Check for any obstructions in the door frame or latch mechanism. Ensure the door hinges are not bent or damaged. Verify that the overall kennel frame is square and level.

SPECIFICATIONS

Feature	Detail
Brand	Petony
Model Number	005
Dimensions (L x W x H)	78.7" x 78.7" x 58" (2m x 2m x 1.47m)
