### 3.4 Transformation: Vehicle to Robot

To convert the figure back from Cybertronian sports car mode to robot mode, reverse the 19 transformation steps. Pay attention to the alignment of panels and ensure all parts click into their designated positions.

### 3.5 Accessory Attachment

The two blaster accessories can be attached to the figure in both robot and vehicle modes. In robot mode, insert the pegs on the blasters into the ports on Sunstreaker's hands. In vehicle mode, the blasters can be mounted on the roof of the car using the available ports.

#### 4. MAINTENANCE

To ensure the longevity of your action figure, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust and dirt. Avoid harsh chemicals or abrasive materials, as these can damage the paint and plastic.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures, which can cause discoloration or warping.
- **Handling:** Handle the figure with care, especially during transformation, to prevent stress on joints and small parts.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your figure, consider the following:

- **Parts Not Aligning:** During transformation, ensure all tabs and slots are correctly aligned. Apply gentle, even pressure. Do not force parts, as this may cause breakage. Refer to the molded instructions for specific step-by-step guidance.
- **Loose Joints:** Over time, some joints may become slightly loose. This is normal with repeated use.
- **Missing Accessories:** Verify all package contents upon unboxing. If any accessories are missing, contact customer support.
