3.3 Adjustable Feet

The hall tree is equipped with adjustable feet to ensure stability on uneven flooring. Adjust each foot individually until the unit is level and stable.

4. MAINTENANCE AND CARE

To maintain the appearance and longevity of your HOOBRO Hall Tree, follow these simple care instructions:

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Spills:** Immediately wipe any spills with a dry cloth to prevent moisture damage.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

5. TROUBLESHOOTING

5.1 Unit Feels Unstable or Wobbly

- **Check Connections:** Ensure all screws and bolts are securely tightened. Loose connections can cause instability.
- **Adjust Feet:** Verify that the adjustable feet are properly set to compensate for uneven flooring. Adjust each foot until the unit is level.
- **Install Anti-Tip Device:** If not already installed, secure the hall tree to the wall using the provided anti-tip device. This significantly enhances stability.

5.2 Missing Parts or Damaged Components

If you find any parts missing or damaged upon unpacking, please contact HOOBRO customer support immediately for assistance. Do not attempt to assemble the unit with missing or damaged components.
