UGREEN B0CG1T3HN9

UGREEN 45W USB C Charger and 65W Charging Station 7-in-1 Power Strip User Manual

Introduction

This manual provides instructions for the UGREEN 45W USB C Charger and 65W Charging Station 7-in-1 Power Strip. This product bundle offers versatile charging solutions for a wide range of electronic devices, including smartphones, tablets, and laptops, while also providing AC power outlets for home appliances. Please read this manual thoroughly before use to ensure proper operation and safety.

Package Contents

- UGREEN 45W USB C Charger
- UGREEN 65W Charging Station 7-in-1 Power Strip
- 6ft Heavy Duty Power Extension Cord

Product Overview

The UGREEN charging solution combines a compact 45W USB C wall charger with a powerful 65W charging station. The 65W charging station features multiple ports and AC outlets to consolidate your charging needs.

Setup Instructions

1. **Unpack:** Carefully remove all components from the packaging.
2. **Position the Charging Station:** Place the UGREEN 65W Charging Station on a stable, flat surface, ensuring adequate ventilation.
3. **Connect to Power:** Plug the 6ft heavy-duty power extension cord of the 65W Charging Station into a standard wall outlet (100-240V AC).
4. **Power On:** Press the one-button switch on the charging station to activate the outlets and USB ports.
5. **Use 45W Charger:** For the 45W USB C Charger, simply plug it into a wall outlet.

Operating Instructions

Using the 65W Charging Station

- **AC Outlets:** Plug in devices requiring standard AC power, such as lamps, projectors, or other home appliances. Ensure the total wattage does not exceed 1875W/15A.
- **USB-C Ports:** Connect USB-C compatible devices (laptops, tablets, smartphones) using appropriate USB-C cables. The station delivers up to 65W from a single USB-C port.
- **USB-A Ports:** Connect USB-A compatible devices (older smartphones, accessories) using appropriate USB-A cables.
- **Smart IC Technology:** The charging station is equipped with Smart IC technology to automatically detect connected devices and deliver the optimal current for efficient charging.

Using the 45W USB C Charger

- **Connect Device:** Plug a USB-C charging cable into the charger and then into your device.
- **Fast Charging:** For Samsung Super Fast Charging 2.0 (up to 45W), ensure you use a charging cable that supports 5A current.

Charging Performance

- **45W USB C Charger:** Supports a maximum of 45W output from a single port. Can charge a Samsung Galaxy S23 Ultra from 0% to 100% in approximately one hour (requires a 5A cable). Can charge a MacBook Air M2 2022 from 0% to 72% in approximately one hour.
- **65W Charging Station:** Delivers up to 65W of power from a single USB-C port. Can fully charge a 13" MacBook Air M2 in less than 1.5 hours.

- **Multi-Device Charging:** The charging station intelligently distributes power when multiple devices are connected to its USB ports.

Safety Information

- Do not expose the product to liquids, extreme temperatures, or direct sunlight.
- Do not disassemble, modify, or attempt to repair the device.
- Avoid dropping or subjecting the product to strong impacts.
- Ensure the total power consumption of devices connected to the 65W Charging Station's AC outlets does not exceed 1875W/15A.
- Use only certified and compatible charging cables.
- Keep out of reach of children.
- Unplug the device during lightning storms or when unused for long periods.

Maintenance

- **Cleaning:** Disconnect the product from the power source before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the product in a cool, dry place away from direct sunlight and moisture when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Device not charging.	No power to the charger/station; faulty cable; device incompatibility.	Ensure charger/station is plugged in and powered on. Try a different cable. Verify device compatibility.
Slow charging.	Cable not supporting fast charging; multiple devices drawing power; device not supporting fast charging.	Use a 5A rated cable for 45W charging. Disconnect other devices if maximum speed is needed. Check device specifications for fast charging support.
Charging station power button unresponsive.	No power from wall outlet; internal issue.	Check wall outlet with another device. If issue persists, contact customer support.

Specifications

Feature	Description
Brand	UGREEN
Model	B0CG1T3HN9
45W Charger Output	45W Max (Single Port)
65W Charging Station Output	65W Max (Single USB-C Port)
Total USB Ports	7 (2 USB-C, 2 USB-A on station; 1 USB-C on 45W charger)
AC Outlets (65W Station)	3 (1875W/15A Max)

Feature	Description
Power Extension Cord	6ft Heavy Duty
Input Voltage	100-240V AC
Compatible Devices	Cellular Phones, Tablets, Laptops, Home Appliances
Special Features	Fast Charging, Travel-friendly (45W charger), Smart IC, Thermal Guard™ Tech
Dimensions (65W Station)	Approximately 2.99 x 3.03 x 2.99 inches
Weight (65W Station)	Approximately 1.08 pounds
