Moimhear B0CG4M99W2

Moimhear Treehouse Bunk Bed with Ladder (90 x 200 cm)

Model: B0CG4M99W2

INTRODUCTION

Thank you for choosing the Moimhear Treehouse Bunk Bed. This instruction manual provides essential information for the safe assembly, operation, and maintenance of your new children's bed. Please read this manual thoroughly before assembly and retain it for future reference.

This bunk bed, designed for children aged 6 years and older, features a playful treehouse design with a ladder and two slatted bases. It is constructed from solid pine wood and MDF, ensuring durability and stability. The bed meets European safety standards EN747-1:2012+A1:2015 and is FSC certified, promoting sustainable forestry.

SAFETY INFORMATION

Your child's safety is our top priority. This bunk bed has been tested and certified according to EN747-1:2012+A1:2015, the European standard for the safety, strength, and durability of bunk beds. Please adhere to the following safety guidelines:

- **Recommended Age:** This bed is suitable for children aged 6 years and older.
- **Maximum User Weight:** The maximum weight capacity for each sleeping level is 120 kg.
- **Mattress Depth:** The maximum recommended mattress depth is 13 cm to ensure the safety barrier remains effective.
- **Fall Protection:** The bed features all-around fall protection with a narrow entry point (39 cm) to prevent accidental falls.
- **Ladder Use:** Always use the provided ladder for ascending and descending the upper bunk. Do not jump on or off the bed.
- **Ventilation:** Ensure adequate ventilation around the bed.

- **No Attachments:** Do not attach items to any part of the bunk bed that are not designed for use with the bed, for example, hooks, ropes, or belts, as they could pose a strangulation hazard.
- **Regular Checks:** Periodically check all bolts and screws to ensure they are tight and secure.

PACKAGE CONTENTS

The Moimhear Treehouse Bunk Bed is shipped in two separate packages, which may arrive on different days. Please ensure both packages have been received before beginning assembly.

Upon receipt, carefully unpack all components and verify against the parts list provided in the separate assembly guide. The main components include:

- Bed frame components (solid pine wood and MDF panels)
- Two sets of slatted bases
- Ladder
- Assembly hardware (screws, bolts, dowels, etc.)
- Detailed assembly instructions (separate document)

If any parts are missing or damaged after both packages have arrived, please contact customer service immediately.

SETUP (ASSEMBLY INSTRUCTIONS)

Assembly of the Moimhear Treehouse Bunk Bed is required. For optimal safety and ease of assembly, we recommend the following:

- **Two-Person Assembly:** It is highly recommended that two adults assemble the bed together.
- **Tools:** An electric screwdriver can significantly speed up the assembly process. Ensure you have a Phillips head screwdriver and an Allen key (usually included with hardware).
- **Clear Area:** Choose a spacious, clear area for assembly to avoid damage to the components or your flooring.
- **Follow Instructions:** Refer to the detailed, step-by-step assembly instructions included in your package. Do not deviate from these instructions.
- **Tighten All Connections:** Ensure all screws, bolts, and fasteners are securely tightened. Do not overtighten, as this can damage the wood.

OPERATING INSTRUCTIONS

Once assembled, the Moimhear Treehouse Bunk Bed is ready for use. Please ensure children understand how to use the bed safely.

- **Accessing the Upper Bunk:** Always use the integrated ladder to access the upper sleeping area. Ensure the ladder is stable before use.

- **Chalkboard Panel:** The bed features a chalkboard panel (110 x 27 cm) on the front. Use only standard chalk for drawing and writing. Wipe clean with a damp cloth or chalkboard eraser.
- **Play Area:** The unique treehouse design provides an imaginative play space. Ensure children play safely and do not climb on parts of the bed not intended for climbing.
- **Mattress Placement:** Place the mattress securely on the slatted base. Ensure the mattress does not exceed the maximum recommended depth of 13 cm to maintain the effectiveness of the safety rails.

MAINTENANCE

Regular maintenance will help prolong the life of your Moimhear Treehouse Bunk Bed and ensure continued safety.

- **Cleaning:** Wipe the bed frame clean with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) check all screws, bolts, and fasteners. Tighten any that have become loose.
- **Structural Integrity:** Inspect the bed frame for any signs of damage, cracks, or wear. If any damage is found, discontinue use and contact customer service for advice.
- **Slatted Bases:** Ensure the slatted bases are intact and properly supported. Replace any broken or damaged slats immediately.

TROUBLESHOOTING

This section addresses common issues you might encounter.

- **Missing Parts:** If parts are missing after both packages have arrived, please contact Moimhear customer service with your purchase details and a list of the missing components.
- **Bed Feels Unstable/Wobbly:** Ensure all assembly hardware (screws, bolts) are securely tightened. Re-check the assembly instructions to confirm all steps were followed correctly.
- **Squeaking Noises:** Squeaking can often be resolved by tightening all connections. If the issue persists, check for any friction points between wood components.
- **Difficulty Assembling:** Refer to the detailed assembly instructions. If you are still experiencing difficulties, consider seeking assistance from another person or a professional assembler.
