

Sikai 2023 SolarCell Remote Case

Sikai Silicone Protective Case Instruction Manual

For Samsung 2023 SolarCell Remote Control Models TM2360E, TM2361E, BN59-01432A, BN59-01439A, BN59-01432J

INTRODUCTION

This manual provides detailed instructions for the Sikai silicone protective case, designed to safeguard your Samsung 2023 SolarCell remote control. The case offers enhanced grip, protection against drops and scratches, and maintains full functionality of your remote. Please read this manual carefully to ensure proper installation and care.

COMPATIBILITY

The Sikai silicone case is specifically designed for the following Samsung 2023 SolarCell remote control models:

- Samsung 2023/2024 SolarCell Remote TM2360E
- Samsung 2023/2024 SolarCell Remote TM2361E
- Samsung Remote BN59-01432A
- Samsung Remote BN59-01432D
- Samsung Remote BN59-01432J
- Samsung Remote BN59-01439A
- Samsung Remote BN59-01436A
- Samsung Remote BN59-01437A

Important: This case is not compatible with 2022 series remotes, BP59 series, or model TM2240/BN68-15698F.

COMPATIBLE ATTENTION

Image Description: A visual guide illustrating the Sikai silicone case alongside various Samsung remote control models. It clearly indicates which models (TM2360E/TM2361E) are compatible with a green checkmark and which (TM2280E/TM2281E, older models) are incompatible with a red cross, highlighting differences in size and button layout.

INSTALLATION INSTRUCTIONS

To install the Sikai silicone protective case on your Samsung SolarCell remote control, follow these simple steps:

1. Ensure your remote control is clean and free of dust or debris.
2. Gently slide the remote control into the silicone case, starting from the top (power button end).
3. Carefully work the case down the remote, ensuring all buttons align with the precise cutouts on the case.
4. Adjust the case as needed to ensure a snug fit and full access to all ports, buttons, and the solar charging panel.
5. If included, attach the wrist strap to the designated loop on the case for added security.

USAGE GUIDELINES

The Sikai silicone case is designed to enhance your remote control experience without hindering its functionality.

- **Full Access:** The precise cutouts ensure full access to all buttons, ports (including USB-C charging), and the solar charging panel. The case will not obstruct infrared signals.
- **Enhanced Grip:** The textured surface provides a comfortable and secure grip, reducing the chance of accidental drops.
- **Protection:** The thickened silicone material and raised edge design offer robust protection against impacts, scratches, and daily wear and tear.
- **Lanyard:** Utilize the included lanyard to keep your remote securely attached to your wrist, preventing loss.

Extreme Protection

Image Description: A detailed view of the Sikai silicone case highlighting its precise cutouts. It shows the exposed IR sensor, the solar cell charging area, the USB-C charging hole, and the anti-slip texture, demonstrating how the case allows full functionality of the remote.

CARE AND MAINTENANCE

To keep your Sikai silicone case in optimal condition, follow these maintenance tips:

- **Cleaning:** The silicone material is washable. You can gently clean the case with mild soap and water. Ensure it is completely dry before re-installing your remote.
- **Glow-in-the-Dark Feature (for specific colors):** If you have a glow-in-the-dark case (e.g., blue-green), expose it to a light source for a period to activate its luminescence for easy finding in the dark.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the silicone material.

Precise cut out

Image Description: A composite image showcasing various protective features of the Sikai silicone case. It illustrates heavy-duty protection, a raised edge design for button protection, a grooved area for the solar panel, the use of safe silicone material, and the case being washable, emphasizing its durability and ease of care.

TROUBLESHOOTING

- **Case does not fit:** Double-check the compatibility section to ensure your remote control model is listed as compatible. This case is designed for specific 2023 Samsung SolarCell remotes.
- **Buttons are stiff or unresponsive:** Ensure the case is properly aligned and seated on the remote. Adjust its position to ensure all button cutouts are perfectly aligned.
- **Solar charging not working:** Verify that the solar panel area on the case is clear and unobstructed. The case is designed with a specific cutout to allow solar charging.
- **Glow-in-the-dark feature not visible:** For glow-in-the-dark cases, expose the case to a strong light source (e.g., sunlight or artificial light) for a few minutes to charge its luminescence.
