Dyson HD08

Dyson Supersonic HD08 Hair Dryer User Manual

Model: HD08 | Brand: Dyson

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use, maintenance, and troubleshooting of your Dyson Supersonic HD08 Hair Dryer. Please read this manual thoroughly before operating the device and retain it for future reference.

SAFETY INFORMATION

To reduce the risk of electric shock, fire, or injury, always follow basic safety precautions when using electrical appliances. This appliance is intended for household use only.

- Do not use near water.
- Always unplug after use.
- Do not operate with a damaged cord or plug.
- Keep away from heated surfaces.
- Do not block air openings.
- Supervise children when the appliance is in use.

WHAT'S IN THE Box

Your Dyson Supersonic HD08 Hair Dryer package should contain the following items:

- Dyson Supersonic HD08 Hair Dryer
- Smoothing Nozzle
- Styling Concentrator
- Diffuser
- Non-slip mat
- Storage hanger

The image displays the Dyson Supersonic HD08 Hair Dryer, white with a silver handle, neatly placed within its brown cardboard packaging box, indicating how the product is received.

SETUP

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for storage or return if necessary.
2. **Power Connection:** Ensure your hands are dry. Plug the power cord into a suitable electrical outlet (230 volts recommended).
3. **Attaching Accessories:** Magnetic attachments can be easily clicked onto the front of the dryer. Ensure they are securely in place before use.

OPERATING INSTRUCTIONS

Powering On/Off

- To turn on the dryer, slide the power switch located on the handle upwards.
- To turn off, slide the power switch downwards.

Temperature Settings

The dryer features multiple heat settings, indicated by LED lights:

- **Cold Shot:** For setting your style.
- **Low Heat:** Gentle drying.
- **Medium Heat:** Regular drying.
- **High Heat:** Fast drying and styling.

Press the temperature control button to cycle through the settings.

Airflow Settings

Adjust the airflow speed using the airflow control button:

- **Low:** Gentle, diffused airflow.
- **Medium:** Regular airflow.
- **High:** Fast, powerful airflow.

Using Attachments

The magnetic attachments allow for easy switching during styling:

- **Smoothing Nozzle:** Dries hair gently with smooth, controlled airflow, helping to reduce frizz.
- **Styling Concentrator:** Creates a high-velocity blade of air that's perfect for styling one section at a time.
- **Diffuser:** Disperses air evenly around your curls, helping to reduce frizz and improve definition.

MAINTENANCE

Cleaning the Filter

Regular cleaning of the filter is crucial for optimal performance. A blocked filter can cause the dryer to overheat and shut down.

1. Ensure the dryer is unplugged and cool.
2. Twist the filter cage counter-clockwise and pull it off the handle.
3. Wipe the filter mesh with a dry cloth to remove any dust or debris.
4. Reattach the filter cage by aligning it and twisting clockwise until it clicks into place.

General Care

- Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners.
- Store the dryer in a dry place, away from direct sunlight and moisture.
- Do not wrap the power cord tightly around the dryer, as this can damage the cord.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Dryer not turning on.	No power, faulty outlet, damaged cord.	Check power connection, try a different outlet. Inspect cord for damage.
Dryer stops during use or overheats.	Blocked filter, prolonged use.	Unplug and allow to cool. Clean the filter as per maintenance instructions.
Weak airflow.	Blocked filter.	Clean the filter thoroughly.

If the issue persists after attempting these solutions, please contact Dyson customer support.

SPECIFICATIONS

Feature	Detail
Product Dimensions	37.4 x 26.38 x 9.84 inches; 5.05 Pounds
Date First Available	August 21, 2023
Manufacturer	Dyson
ASIN	B0CG79N4SD
Brand	Dyson
Color	White
Wattage	1600 watts

Feature	Detail
Power Source	Corded Electric
Special Feature	Lightweight
