> Belkin SoundForm Inspire Wireless Over-Ear Headset for Kids (Model AUD006btLV) - User Manual

## Belkin AUD006btLV

# Belkin SoundForm Inspire Wireless Over-Ear Headset for Kids

Model: AUD006btLV

Color: Lavender Wireless

## INTRODUCTION

---

The Belkin SoundForm Inspire Wireless Over-Ear Headset is designed for children, offering a safe and comfortable audio experience. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your headset.

# SoundForm Inspire wins Best of IFA 2023.

## WHAT'S INCLUDED

---

Verify that all items are present in the package:

- 1 x SoundForm Inspire Wireless Over-Ear Headset for Kids
- 1 x 3ft USB-C to USB-C cable for charging and audio
- 1 x 3.5mm – 3.5mm cable for audio sharing (RockStar Mode)

## SETUP

---

### 1. Charging the Headset

Before first use, fully charge the headset. Use the included USB-C to USB-C cable to connect the headset to a compatible USB-C power source. A full charge provides up to 35 hours of playtime. A 10-minute charge can provide approximately 1.2 hours of playtime.

# Charge fast, listen longer.

Convenient USB-C port for fast charging and wired audio input.

Image: Close-up view of the USB-C charging port on the headset.

## 2. Bluetooth Pairing

1. Ensure the headset is powered off.
2. Press and hold the power button until the LED indicator flashes, indicating pairing mode.
3. On your device (phone, tablet, or laptop), go to Bluetooth settings and select "Belkin SoundForm Inspire" from the list of available devices.
4. Once connected, the LED indicator will show a solid light.

# Seamless connection to Bluetooth devices.

Works with phones, tablets and  
laptops and most other devices  
with Bluetooth-enabled audio.

## OPERATING INSTRUCTIONS

---

### Safe Volume Limit

The headset features Safe Sound technology, limiting the maximum volume to 85dB to protect children's hearing. This limit is active in both Bluetooth and wired modes.

# Safe listening volume.

A Safe Sound volume cap of 85 decibels protects sensitive hearing while kids listen, learn, and play.

Image: A child wearing the headset, highlighting the 85dB safe listening volume feature.

## Using the Microphone

The adjustable boom microphone provides clear audio for calls and online learning. An LED indicator on the microphone shows its mute status.

- To mute/unmute the microphone, press the dedicated mute button on the headset.
- The LED on the microphone will illuminate when muted.

# Easy-to-use mute function.

Touch to mute.  
LED mute indicator.

## RockStar Mode (Audio Sharing)

The RockStar Mode allows two users to share audio from a single device. Connect the included 3.5mm audio cable to the headset's 3.5mm output port, and then connect the other end to another headset's 3.5mm input port. Both users can then listen to the same audio simultaneously.

## Controls

The headset features intuitive controls for volume adjustment and media playback. Refer to the quick start guide for detailed button functions.

## MAINTENANCE

---

### Cleaning and Care

The ear cushions are made of polyurethane (PU) leather, which allows for easy cleaning. Use a soft, damp cloth to wipe the surfaces of the headset. Avoid using harsh chemicals or abrasive materials.

## Designed for comfort and portability.

The soft, adjustable headband folds up for portability, and smaller ear cups fit better than adult-sized headphones. Polyurethane (PU) leather for the ear cushions makes cleaning easy.

### Storage and Portability

The headset features a foldable design for convenient storage and portability, making it easy to carry in a bag or backpack.

### TROUBLESHOOTING

---

Problem	Solution
Headset does not power on.	Ensure the headset is fully charged. Connect it to a power source using the USB-C cable.
Cannot connect via Bluetooth.	Ensure Bluetooth is enabled on your device and the headset is in pairing mode. Move the headset closer to the device. Forget the device in your Bluetooth settings and try pairing again.

Problem	Solution
No sound or low volume.	Check the volume levels on both the headset and the connected device. Ensure the headset is properly connected (Bluetooth or wired). The headset has an 85dB volume limit for safety.
Microphone not working.	Ensure the microphone is not muted (check LED indicator). Verify microphone settings on your connected device.
