

Honor X5

HONOR Choice Earbuds X5 User Manual

Model: X5 | Brand: Honor

INTRODUCTION

The HONOR Choice Earbuds X5 are advanced True Wireless Stereo (TWS) earbuds designed to provide a superior audio experience with features like Active Noise Cancellation (ANC), long battery life, and stable Bluetooth 5.3 connectivity. This manual provides detailed instructions for setting up, operating, and maintaining your earbuds to ensure optimal performance and longevity.

KEY FEATURES

- **30dB Comfortable ANC:** Advanced Active Noise Cancellation algorithm for effective noise reduction during daily commutes and outdoor leisure.
- **35 Hours Long Battery Life:** Up to 9 hours of continuous playback on a single charge, extended to 35 hours with the charging case.
- **Bluetooth 5.3 Stable Connection:** New dual-mode Bluetooth 5.3 chip ensures stable connection and continuous music with strong anti-interference ability.
- **Balanced and Clear Sound:** Powered by 10mm large-size composite diaphragm moving coil and AAC codec for rich details and profound bass. Features three EQ modes.
- **In-ear Design:** Comfortable and secure fit, with each earbud weighing only 4.26g.
- **IP54 Rated Dust and Water Resistance:** Designed to withstand dust and water splashes, suitable for various environments including snowy or rainy days.
- **Low Latency for Gaming:** Enable low latency mode for synchronized audio and video, providing a better gaming experience.
- **Dual Mic Noise Cancellation During Calls:** Ensures clear voice transmission during calls.
- **Pop-up Window for Connection:** Quick pairing with compatible phones via a pop-up window displaying connection status.

Six Reasons to Buy HONOR CHOICE Earbuds X5

Balanced and Clear Sound Quality

10mm moving coil unit for delicate speaker quality²

Active Noise Cancellation

The maximum noise reduction can reach 30dB. Supporting dual-mic ENC during calls.

Low Game Latency

Lower latency to ensure dominant performance in games.

35 Hours Long Battery Life

9 hours for continuous playing

35h

IP54 Rated Dust and Water Resistance

No fear of wind and rain while enjoying music.

Bluetooth 5.3 for Stable Connection

Upgraded Bluetooth chip to eliminate lagging.

WHAT'S IN THE BOX

- Blu-ray

Please note: The provided product information lists "Blu-ray" as an included component. For typical earbud packages, this usually refers to the earbuds, charging case, charging cable, and ear tips. Please verify contents upon receipt.

SETUP

Initial Pairing

1. Ensure earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for "HONOR Choice Earbuds X5" in the list of available Bluetooth devices and select it to connect.

5. For compatible HONOR devices, a pop-up window will appear for quick pairing. Follow the on-screen instructions.

Connecting to HONOR AI Space App

For enhanced features and customization, download the HONOR AI Space App from your device's app store. The app allows for customized touch controls, sound quality settings, and firmware upgrades.

1. Download and install the "HONOR AI Space" app on your smartphone.
2. Open the app and follow the instructions to add your HONOR Choice Earbuds X5.
3. Through the app, you can adjust EQ modes, customize touch gestures, and update firmware.

OPERATING INSTRUCTIONS

Active Noise Cancellation (ANC) and Awareness Mode

The earbuds feature Active Noise Cancellation (ANC) to reduce ambient noise and an Awareness mode to hear your surroundings without removing the earbuds.

- To switch between Awareness and Noise Canceling modes, **long press** the touch area on either earbud

for 2 seconds.

- ANC helps create a quieter listening environment, while Awareness mode allows you to stay aware of your surroundings.

Active Noise Cancellation

No Hustle and Bustle, but only Nice Music

With a comfortable ANC of up to 30dB, the earbuds can recognize and cancel out some environmental noise. You can enjoy your peaceful moments in busy environment without having to increase the earbud volume

A user enjoying music with Active Noise Cancellation, experiencing peace in a busy environment.

Call Management

The dual microphone ENC system ensures clear calls by reducing background noise.

- **Answer/End Call:** Tap the touch area on either earbud. (Specific gesture can be customized via app).
- **Reject Call:** Long press the touch area on either earbud. (Specific gesture can be customized via app).

Low Latency Mode for Gaming

For an optimized gaming experience, enable the low latency mode to synchronize audio and video.

- To enable Low Latency mode, **tap the touch area three times**. (This needs to be set up in the HONOR AI Space APP).
- This mode provides quick response to in-game signals, helping you identify positions by sound.

Low Game Latency

Simultaneous Images and Sound Low Latency to Get A Better Position in Games

Enable low latency mode to synchronize audio and video. Keep you updated in real time for better game performance.

A user engaged in mobile gaming, benefiting from the low latency mode for synchronized audio and visuals.

EQ Modes

The earbuds offer three customizable EQ modes to tailor your listening experience. These modes can be adjusted via the HONOR AI Space App.

Balanced Sound Quality

Speakers with Large Moving Coils Balanced and Clear Sound Quality Charming and Catching

Composite and large diaphragm moving coil unit with ACC HD codec to restore sound details. Pure, time-tested sound quality with profound bass.

Detailed view of the 10mm composite diaphragm moving coil, responsible for the balanced and clear sound quality.

MAINTENANCE

Cleaning Your Earbuds

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean any earwax or debris from the speaker mesh using a small, soft brush or cotton swab.
- Ensure charging contacts on both earbuds and case are clean and dry.

Water and Dust Resistance (IP54)

The HONOR Choice Earbuds X5 are IP54 rated, meaning they are protected against dust ingress and splashing water from any direction. This makes them suitable for use during light rain or sweaty workouts.

- Do not submerge the earbuds in water.
- Avoid exposing them to high-pressure water jets.
- If the earbuds get wet, wipe them dry thoroughly before placing them back in the charging case.

Dust and Water Resistance

IP54 Dust and Water Resistance No Worries about Use in Rain

IP54 dust and water resistance, fearless of adverse weather
Enjoy your exercise and music without restriction

The earbuds and charging case are shown with water droplets, illustrating their IP54 dust and water resistance for worry-free use.

TROUBLESHOOTING

Common Issues and Solutions

- **No Sound/Intermittent Sound:**
 - Ensure earbuds are charged.
 - Check Bluetooth connection on your device. Try re-pairing.
 - Clean charging contacts and speaker mesh.
 - Move closer to your device to avoid interference.
- **Earbuds Not Pairing:**
 - Ensure both earbuds are in the charging case and have sufficient charge.
 - Open the case to enter pairing mode.
 - Forget the device from your phone's Bluetooth settings and try pairing again.
 - Reset the earbuds (refer to manufacturer's website for specific reset instructions if not in app).

• **ANC Not Working Effectively:**

- Ensure earbuds are properly seated in your ears for a good seal.
- Verify ANC mode is activated (long press gesture).
- Check for firmware updates via the HONOR AI Space App.

• **Charging Issues:**

- Ensure the charging cable is securely connected to both the case and power source.
- Clean the charging contacts on both earbuds and inside the case.
- Try a different charging cable or power adapter.
