JOIEDOMI 3-Piece Collapsible LED Snowman Yard Light Instruction Manual

Model: 31845

INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your JOIEDOMI 3-Piece Collapsible LED Snowman Yard Light set. Please read thoroughly before use.

IMPORTANT SAFETY INFORMATION

- Always read the safety instructions manual before use.
- Secure the display to the ground using the provided stakes to prevent tipping.
- Do not operate in wet or windy conditions.
- Keep the power cord away from water and heat sources.
- Unplug during inclement weather.
- Do not allow children to play on or near the display.
- Keep away from flammable materials.

PACKAGE CONTENTS

Your JOIEDOMI 3-Piece Collapsible LED Snowman Yard Light set includes:

- 1 Large Snowman (4FT)
- 1 Medium Snowman (3FT)
- 1 Small Snowman (2FT)
- 270 Cool White LED Lights (pre-lit)
- Metal Frames for each snowman
- 12 Ground Stakes
- UL-certified Adapter

- Red and White Scarves (for White, Red variant)
- Top Hats (for each snowman)

SETUP AND ASSEMBLY

Follow these steps to assemble your snowman set. Refer to the provided diagrams for visual guidance.

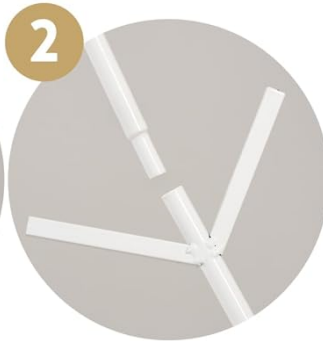

1. **Step 1: Insert Poles into Base Frame.** Insert the vertical support poles into the designated slots in the circular base frame.

Easy to assemble

Simple 8 steps to set up your snowman

1
Insert the poles into the base frame.

2
Connect the upper and lower frame sections.

3
Secure the joints with the fasteners.

4
Place the snowman body onto the frame.

5
Attach the arms to both sides.

6
Hook the wires to the loops.

7
Connect the plug to the power cord.

8
Light it up and enjoy your snowman!

Video Description: This video demonstrates the assembly process for the JOIEDOMI 3D Christmas Collapsible Snowman Yard Light, showing how to connect body parts and secure them.

- Step 4: Place Snowman Body onto Frame.** Carefully place the snowman's fabric body onto the assembled frame, ensuring it is centered and fully expanded.
- Step 5: Attach Arms.** Attach the decorative arms to the sides of the snowman's body. Ensure they are securely fastened.

PRODUCT SIZE

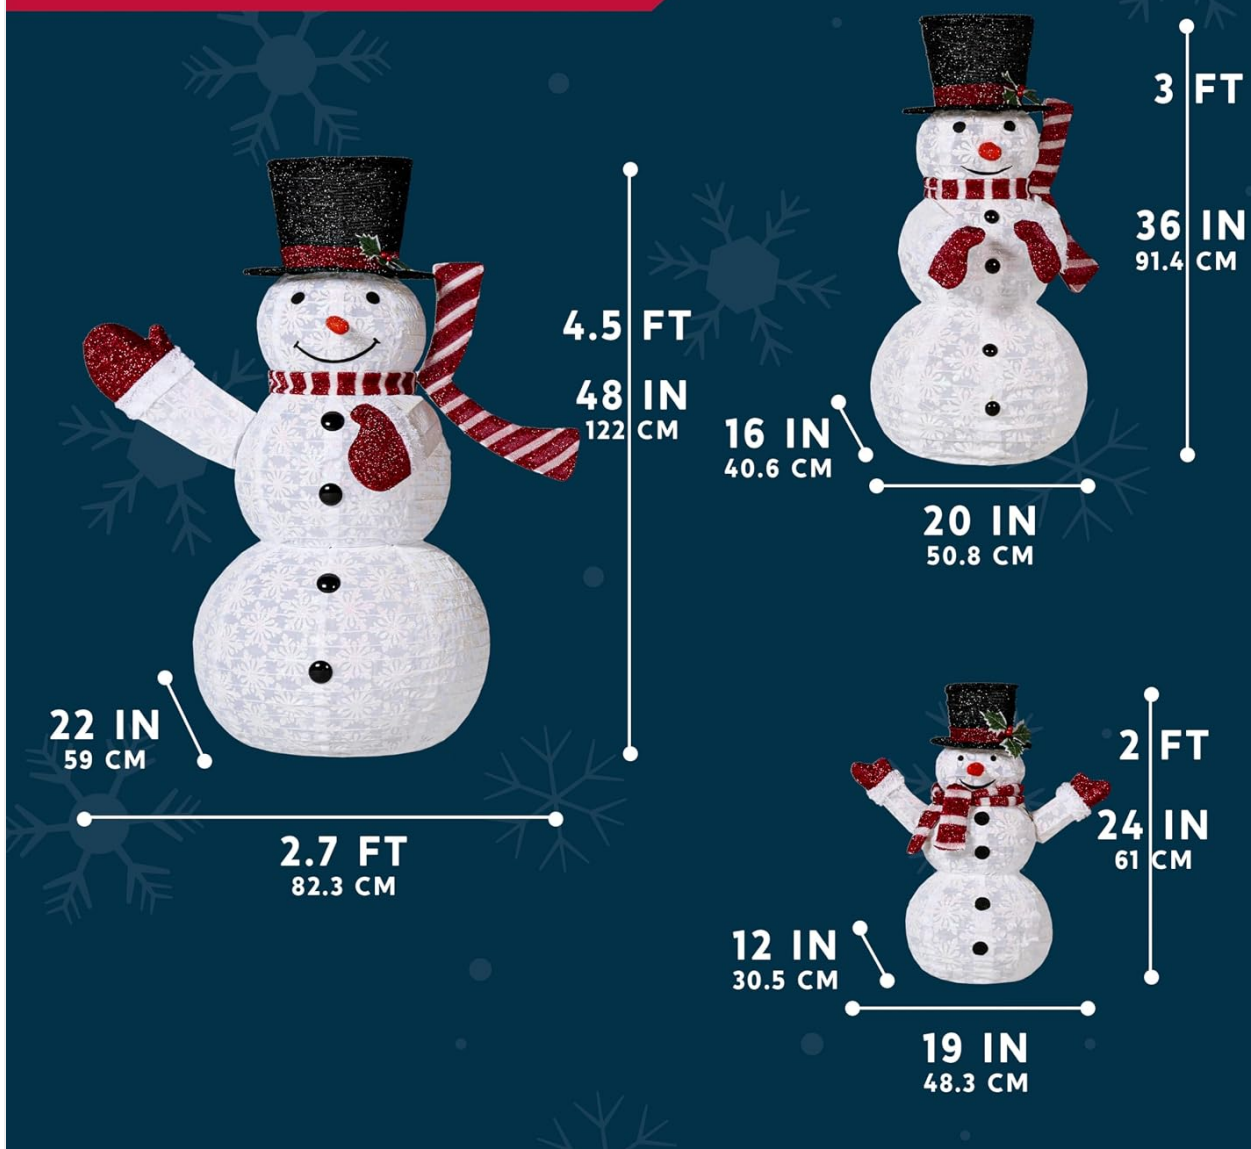

Image: A person attaching the branch-like arms to the snowman's body.

6. **Step 6: Attach Hat.** Place the top hat onto the snowman's head, aligning it properly.
7. **Step 7: Connect Light String Wires.** Connect the light string wires from each snowman to the main power cord. Match the numbered tags (e.g., '1' to '1') to ensure correct connection.

Image: Close-up of hands connecting two light string wires with matching numbered tags.

8. **Step 8: Secure to Ground.** Use the provided ground stakes to firmly secure the base of each snowman to the ground, especially for outdoor use. This prevents tipping in windy conditions.

Sturdy, All-Weather Design

Secure the snowman to the ground with stakes, and nail your decorations to the ground

OPERATING INSTRUCTIONS

1. **Power On:** Once fully assembled and all light strings are connected, plug the UL-certified adapter into a suitable outdoor-rated power outlet. The 270 cool white LED lights will illuminate.
2. **Power Off:** To turn off the lights, simply unplug the adapter from the power outlet.
3. **Placement:** These snowmen are suitable for both indoor and outdoor use. For outdoor placement, ensure the adapter is kept dry and the snowmen are securely staked to the ground.

MAINTENANCE

- **Cleaning:** Gently wipe the snowman surfaces with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, carefully disassemble the snowmen by reversing the assembly steps. Store them in their original packaging or a dry, protected area to prevent damage. The collapsible design allows for compact storage.
- **Inspection:** Periodically inspect the power cord, adapter, and light strings for any signs of damage. Discontinue use

if any damage is found.

TROUBLESHOOTING

- Lights Not Working:**
 - Ensure the power adapter is securely plugged into a working outlet.
 - Verify all light string connections are tight and correctly matched by their tags.
 - Check for any broken wires or bulbs.
- Snowman Tipping Over:**
 - Ensure all 12 ground stakes are fully inserted into the ground.
 - If placed on an uneven surface, adjust to a more stable position.
- Glitter Shedding:**
 - Some glitter shedding is normal during initial setup. It is recommended to assemble outdoors or on a drop cloth to manage any loose glitter.

SPECIFICATIONS

Feature	Detail
Brand	Joiedomi
