## Lifewit 23041

# Lifewit 12 Pack 4" High Drawer Dividers (Model 23041) User Manual

Adjustable Drawer Organizer for Clothes & Utensils

## 1. PRODUCT OVERVIEW

The Lifewit 12 Pack 4" High Drawer Dividers are designed to help organize and tidy various drawers in your home or office. These adjustable and expandable separators provide a flexible solution for managing clothes, kitchen utensils, office supplies, and more. Made from durable ABS material with protective EVA foam, they ensure secure placement without damaging your drawer interiors.

## 2. SETUP AND INSTALLATION

Installing your Lifewit drawer dividers is a straightforward process, requiring no tools. Follow these steps for secure placement:

1. **Place the Divider:** Position the drawer divider within your drawer where you intend to create a section.
2. **Adjust Length:** Press and hold the top button on the divider. This releases the locking mechanism, allowing the divider to expand.
3. **Stretch to Fit:** Gently stretch the divider until both ends firmly touch the sides of the drawer.
4. **Secure in Place:** Release the button. The strong internal spring tension will securely hold the divider upright and in position.
5. **Removal:** To remove or reposition, simply press the top button again and retract the extended side.

# Easy Installation & Removal

**1** Press the button to adjust length

**2** Stretch again to secure tightly

**3** Ready to use!

## \* When not in use

Press button, retract extended side.

**Note:** Please measure your drawer first before purchasing.

## 3. OPERATING INSTRUCTIONS

These versatile drawer dividers can be used in various configurations to suit your organizational needs:

- **Horizontal Placement:** Ideal for dividing drawers into multiple long sections, perfect for clothing, towels, or larger items.
- **Vertical Placement:** Suitable for creating narrower compartments, excellent for organizing smaller items like socks, underwear, or office supplies.
- **Multi-functional Use:** Apply them in kitchen drawers for utensils, in dressers for clothes, in office desks for stationery, or in bathroom cabinets for toiletries.

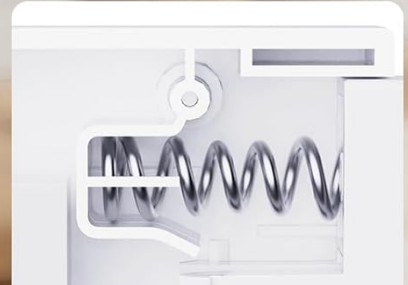

# Strong Secure Hold

**Non-slip Mats**  
Strong grips and slip prevention.

**Teeth Lock**  
Powerful support and adjustability.

**Strong Spring**  
High elasticity and strong reinforcement.

## 4. PRODUCT FEATURES

- **Expandable & Adjustable:** Each divider has a width of 0.8", a height of 4", and an adjustable length from 11" to 17.5" (28-43.5cm), fitting most standard drawers.
- **Secure Hold:** Features a strong spring tension mechanism and a teeth lock design to keep the dividers firmly in place without shifting.
- **Protective Design:** Equipped with high-quality EVA foam sponges at both ends to prevent scratches and damage to your drawer walls.
- **Durable Material:** Constructed from stable Acrylonitrile Butadiene Styrene (ABS) for long-lasting use.
- **Patented Design:** Unique patented design (Patent No: US12133593B2) for enhanced functionality and user experience.

## How to choose the right divider?

1. Measure the drawer's depth, width, and height.
2. Select a divider that best fits the drawer height.
3. The space inside the drawer in the direction in which the divider is placed must fit the recommended range to be applicable.

Product Dimensions (D x W x H)	11"D x 0.8"W x 4"H (Adjustable Length: 11"-17.5")
Item Weight	2.57 Kilograms (for 12-pack)
Mounting Type	Tension Mount
Special Feature	Adjustable, Expandable, Non-slip EVA foam
Quantity	12 Count

## 6. MAINTENANCE

To ensure the longevity and cleanliness of your drawer dividers, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the dividers with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals that could damage the ABS material or EVA foam.
- **Drying:** Ensure the dividers are completely dry before placing them back into your drawers.
- **Storage:** When not in use, retract the dividers to their shortest length and store them in a dry place to maintain spring tension.

## 7. TROUBLESHOOTING

If you encounter any issues with your drawer dividers, consider the following:

- **Divider Not Holding Firmly:** Ensure the divider is fully extended and the button is released, allowing the spring tension to engage properly. Verify that the drawer walls are clean and free of debris that might prevent a secure grip.
- **Difficulty Adjusting:** Check that the top button is fully pressed when attempting to expand or retract the divider. If there is resistance, ensure no foreign objects are obstructing the mechanism.
- **Damage to Drawer Walls:** The EVA foam pads are designed to protect your drawers. If you notice any marks, ensure the pads are correctly positioned and not worn out.

## 8. WARRANTY AND SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the official Lifewit website or contact their customer service directly. Keep your purchase receipt for any warranty claims.
