## 5. Setup

1. **Power Connection:** Connect the provided Type-C power cable to the device and plug the adapter

into a power outlet. The device will power on automatically.

2. **Initial Time Setting:** The device may require manual time adjustment upon first use. Refer to the app control section for detailed instructions on setting the time via the application.
3. **App Download:** Scan the QR code provided in the user manual or on the product packaging to download the dedicated control application for your smartphone.
4. **App Pairing:** Open the application and follow the on-screen instructions to pair your smartphone with the Smart Wake-Up Light via Bluetooth.

## 6. Operating Instructions

---

### 6.1. App Control and Light Modes

The application allows comprehensive control over the device's lighting features. You can adjust light intensity, choose from 16 million colors, and select from 256 flash modes to create a personalized ambiance.

- Open the app and navigate to the lighting section.
- Use the color picker to select your desired hue.
- Adjust the brightness slider to set the light intensity.
- Explore various preset light modes for dynamic effects.

## 6.2. Bluetooth Speaker Function

The integrated Bluetooth speaker allows you to stream audio wirelessly from your smartphone or other Bluetooth-enabled devices.

1. Ensure the device is powered on and paired with your smartphone via Bluetooth.
2. On your smartphone, select the Smart Wake-Up Light from the list of available Bluetooth devices.
3. Play your desired music, podcasts, or audiobooks. The lights may flash in rhythm with the audio.

# BLUETOOTH SPEAKER

Play the music you want and enjoy a pleasant day!

Lights flash to the rhythm

Image 6.2: The Smart Wake-Up Light playing music through its Bluetooth speaker, with ambient lights synchronizing to the rhythm.

## 6.3. Sleep Aid Functions

Utilize the sleep aid features to create a relaxing environment conducive to better sleep.

- Access the sleep aid section within the control application.
- Select from a variety of soothing sounds.
- Choose a soft light setting to gradually dim as you fall asleep.

## 6.4. Wireless Fast Charging

The device features a 15W wireless fast charging pad for compatible smartphones.

1. Ensure the Smart Wake-Up Light is connected to a power source.
2. Place your compatible smartphone directly onto the designated charging area on top of the device.
3. The charging indicator on your phone or the device will confirm that charging has begun.
4. **Note:** Some phone cases may interfere with wireless charging. Remove the case if charging issues occur.

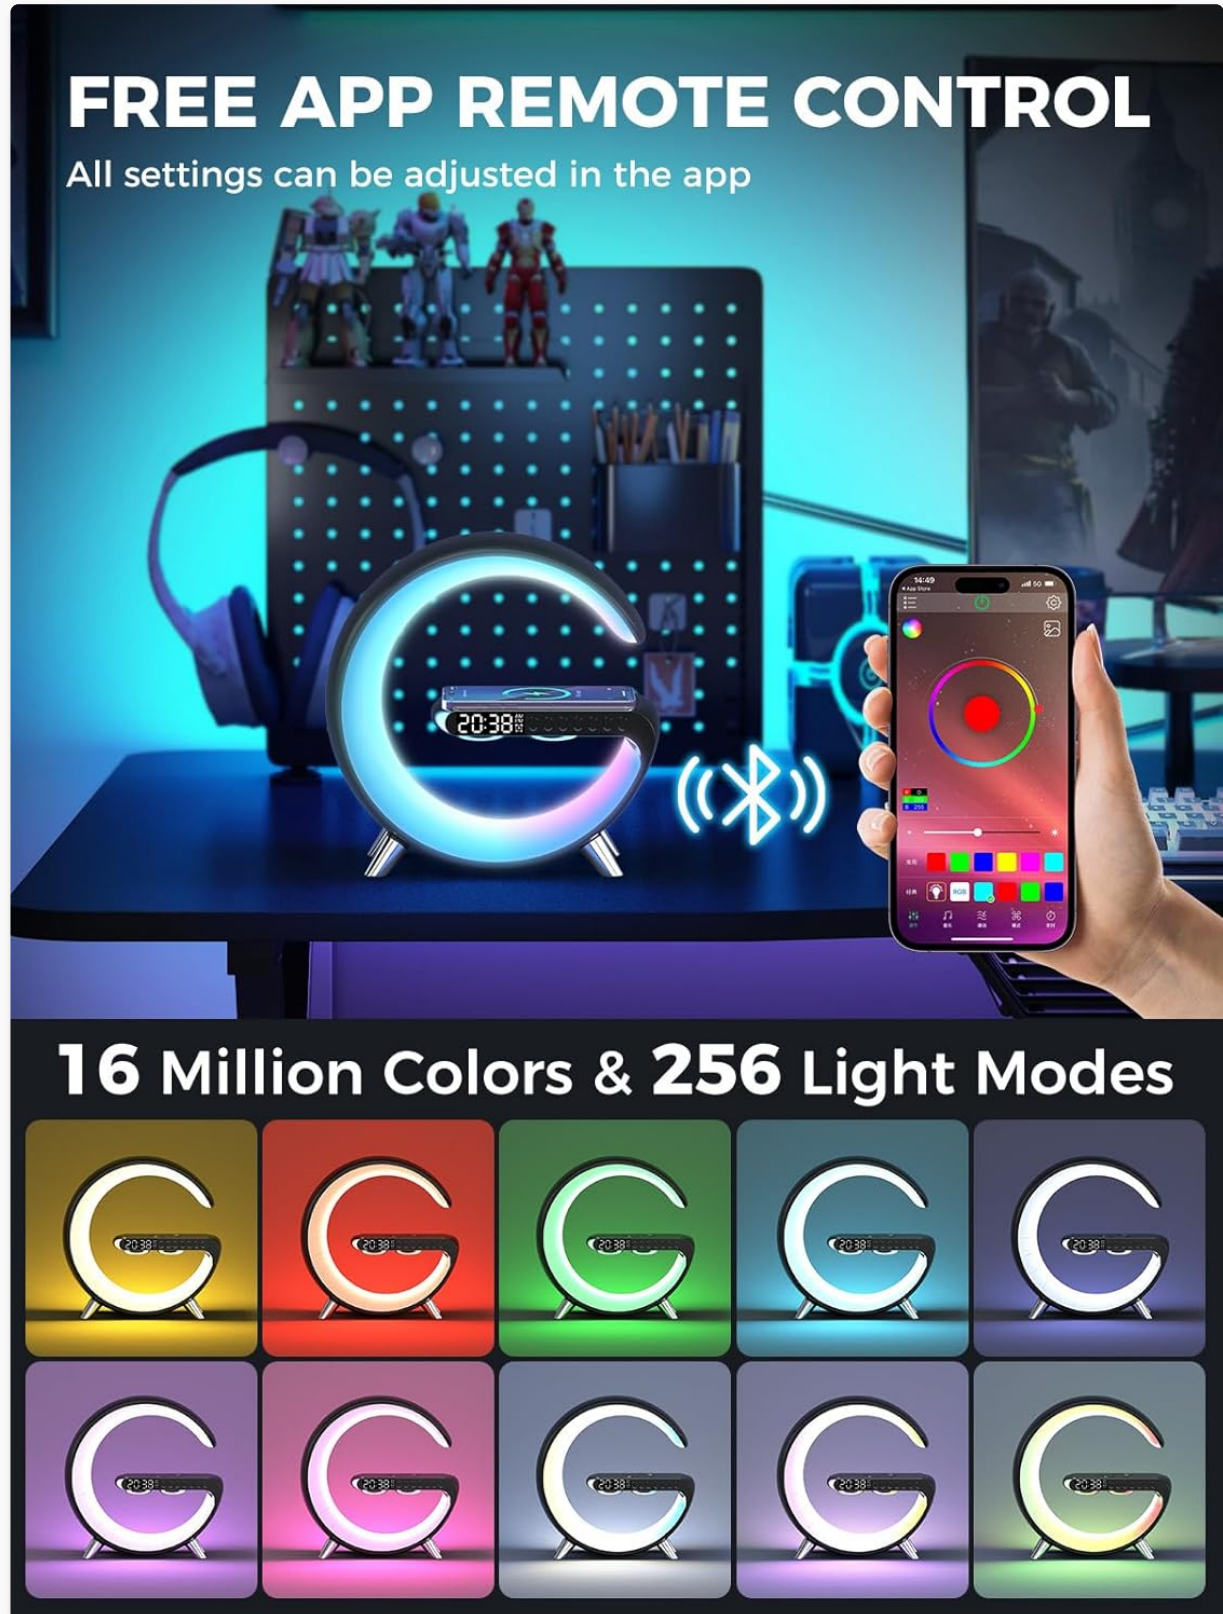

Image 6.3: A smartphone being wirelessly charged on the top surface of the Smart Wake-Up Light, with a visual indicator of charging.

## 6.5. Alarm Clock Mode (Sunrise Simulation)

The alarm clock features a sunrise simulation to gently wake you up.

1. Set your desired alarm time through the control application.
2. Enable the sunrise simulation feature in the app.
3. The light will gradually increase in brightness before your set alarm time, mimicking a natural sunrise.
4. You can set different alarms for weekdays and weekends.

# SUNRISE ALARM CLOCK MODE

Imitates the sunrise in nature, gently waking you up, making it easier for you to wake up and the light is soft and not dazzling.

## 7. Specifications

Feature	Detail
Brand	Smiling Shark
Model Number	WK-G-L-BK01
Product Dimensions (L x W x H)	22.48 x 3.81 x 22 cm
Weight	223 grams
Battery	1 Lithium-ion (included)
Material	Plastic or Wood
Color	Black
Style	Modern
Special Feature	Dimmable
Power Source	Battery Powered
Display Type	Digital
Indoor/Outdoor Use	Indoor

## 8. Maintenance

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.
- **Battery Care:** If the device has a rechargeable battery, ensure it is charged periodically to maintain battery health.

## 9. Troubleshooting

- **Device not powering on:** Ensure the power cable is securely connected and the power outlet is functional.
- **Bluetooth connection issues:** Make sure Bluetooth is enabled on your smartphone and the device is within range. Try restarting both the device and your phone.
- **Wireless charging not working:** Verify your smartphone is compatible with wireless charging and is placed correctly on the charging pad. Remove any thick phone cases. Ensure the device is powered.
- **App not responding:** Close and reopen the application. Ensure your device's operating system is up to date.
- **Light not changing colors:** Check app settings to ensure a color or mode is selected.

## 10. Warranty and Support

For warranty information or technical support, please refer to the contact details provided on the product packaging or the official Smiling Shark website. Keep your purchase receipt as proof of purchase.
