YIRISO FK-375S

YIRISO Electric Razor for Men - User Manual

Model: FK-375S

1. Product Overview

The YIRISO Electric Razor for Men is designed for a precise and comfortable shaving experience. It features advanced 4D floating shaving heads, a pop-up trimmer for detailing, and is suitable for both wet and dry shaving. The device includes an LCD display for battery status and a travel lock for convenience.

Figure 1: YIRISO Electric Razor with included accessories (charging cable, cleaning brush, travel case).

2. Package Contents

- YIRISO Electric Shaver
- Storage Bag
- USB-C Charging Cable (adapter not included)
- Small Cleaning Brush
- User Manual

3. Setup and Charging

3.1 Initial Charge

Before first use, fully charge the shaver. Connect the USB-C charging cable to the shaver's port and plug the other end into a compatible USB power source (e.g., computer, wall adapter). A full charge takes approximately 90 minutes and provides up to 90 minutes of working time.

Figure 2: USB-C charging port and LCD display indicating battery level.

3.2 Travel Lock

To prevent accidental activation during travel, the shaver features a travel lock. To activate the travel lock, press and hold the power button for 3 seconds. The LCD display will indicate that the lock is engaged. To deactivate, press and hold the power button for another 3 seconds.

4. Operating Instructions

4.1 Basic Shaving

The YIRISO Electric Razor is designed for both wet and dry shaving. For dry shaving, ensure your skin is clean and dry. For wet shaving, you may use shaving foam or gel for a smoother experience. Gently move the shaver in circular motions over your face and neck, following the contours of your skin. The 4D floating shaving heads adapt to your facial curves for an efficient shave.

Figure 3: The 4D flex heads provide a comfortable and clean shave by adapting to facial contours.

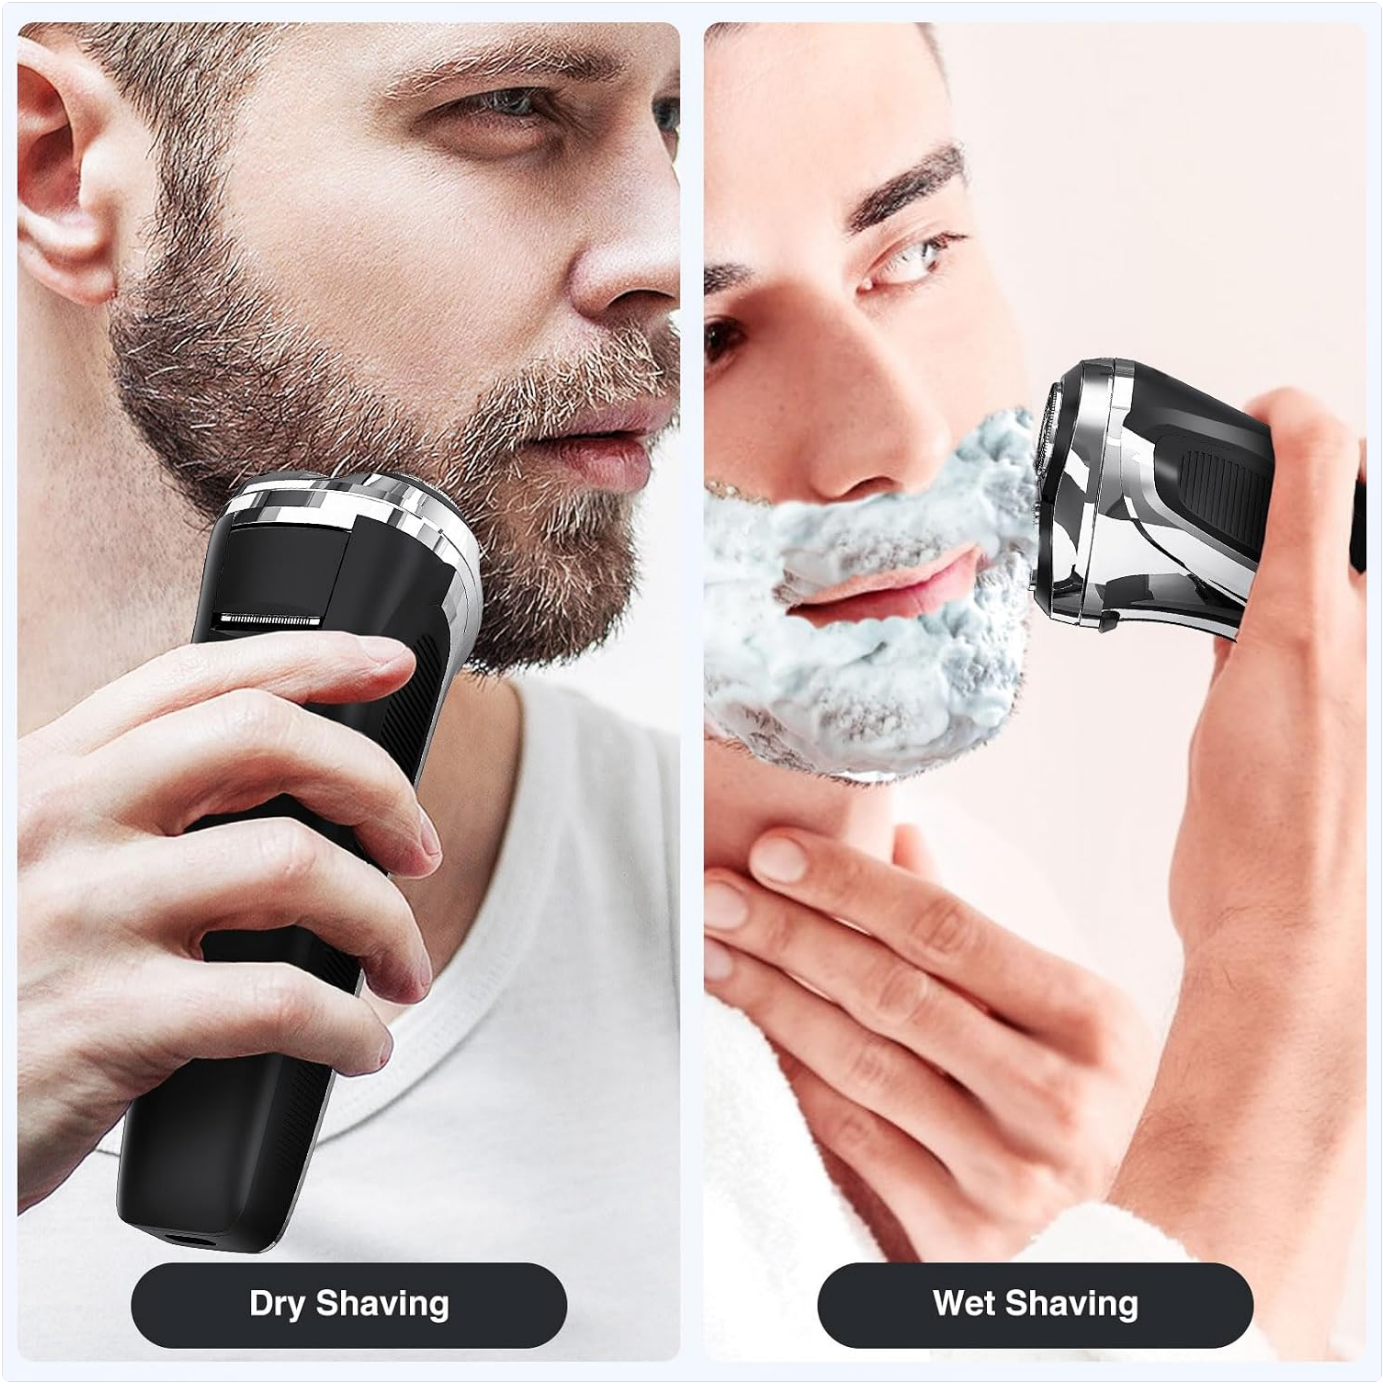

Figure 4: The shaver supports both dry shaving for quick touch-ups and wet shaving with foam or gel for a smoother experience.

Figure 5: The self-grinding dual-layer blades ensure efficient and clean shaving.

Figure 6: The double ring mesh design features 135 holes, 0.1mm thickness, and 0.28mm width for fewer passes.

4.2 Using the Pop-Up Trimmer

The shaver includes a built-in pop-up trimmer for precise detailing. To activate the trimmer, locate the slider on the back of the shaver and push it upwards. Use the trimmer to shape sideburns, moustaches, or other facial hair. After use, push the slider back down to retract the trimmer.

Figure 7: The pop-up trimmer is ideal for refining sideburns and moustaches.

5. Maintenance and Cleaning

The YIRISO Electric Razor is IPX6 waterproof, allowing for easy cleaning under running water. Do not submerge the shaver completely in water.

Figure 8: The shaver is IPX6 waterproof for easy cleaning. Avoid soaking in water.

5.1 Cleaning the Shaving Head

1. Turn off the shaver.
2. Open the shaving head by pressing the release button (if applicable) or gently pulling it open.
3. Rinse the shaving heads and the hair chamber under warm running water.
4. Use the provided cleaning brush to remove any stubborn hair particles.
5. Allow the components to air dry completely before closing the shaving head.

5.2 Replacing the Cutterhead

For optimal performance, the cutterhead may need occasional replacement. Refer to the video below for instructions on how to remove and install the cutterhead.

Video 1: Instructions on how to remove and install the cutterhead for the YIRISO Electric Razor. This video demonstrates the proper procedure for maintaining the shaver's cutting performance.

6. Troubleshooting

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted or travel lock is active.	Charge the shaver. Deactivate travel lock by pressing and holding the power button for 3 seconds.
Poor shaving performance.	Shaving heads are dirty or worn.	Clean the shaving heads thoroughly. Consider replacing the cutterhead if performance does not improve.
Shaver makes unusual noise.	Hair trapped in mechanism or damaged component.	Clean the shaver thoroughly. If noise persists, contact customer support.

7. Specifications
