onerbl B0CGDKMQL6

onerbl AC Adapter for Lepy LP-A1 Mini Stereo Audio Amplifier

Model: B0CGDKMQL6

1. Introduction

This manual provides instructions for the safe and effective use of your onerbl AC Adapter, designed as a compatible replacement power supply for the Lepy LP-A1 DC 12V 20W2 2CH Mini Stereo Audio Amplifier. Please read this manual thoroughly before use and retain it for future reference.

2. Safety Information

To ensure safe operation and prevent damage, observe the following precautions:

- Do not expose the adapter to water or excessive moisture.
- Avoid dropping or subjecting the adapter to strong impacts.
- Ensure the adapter is used within its specified input voltage range (AC 100-240V).
- The adapter features built-in **Over Voltage Protection**, **Over Heat Protection**, and **Short-circuit Protection** to safeguard your devices.
- Unplug the adapter from the power outlet when not in use for extended periods.
- Do not attempt to disassemble or repair the adapter yourself. Refer to qualified service personnel.

3. Product Features

The onerbl AC Adapter offers the following key features:

- High-quality replacement AC/DC power charger adapter.
- Universal input voltage: AC 100-240V, 50/60Hz, suitable for worldwide use.
- Integrated safety features: Over Voltage Protection, Over Heat Protection, and Short-circuit Protection.
- Durable construction with copper wire and a robust PVC jacket for longevity.
- Cable length of approximately 76 inches (6.33 feet) for flexible placement.

Diagram showing the internal copper wire and PVC jacket construction for durability, ensuring reliable power delivery.

4. Setup

1. **Verify Compatibility:** Ensure your device, such as the Lepy LP-A1 Mini Stereo Audio Amplifier, requires a DC 12V power input and is compatible with the adapter's connector type.
2. **Connect to Device:** Plug the DC output connector of the onerbl AC Adapter into the power input port of your target device.
3. **Connect to Power Outlet:** Insert the AC input plug of the adapter into a standard AC 100-240V wall outlet.
4. **Power On:** Once connected, your device should receive power. Follow your device's instructions to power it on.

The onerbl AC Adapter connected to a power strip and a laptop, demonstrating a typical setup for powering electronic devices.

5. Operating Instructions

The onerbl AC Adapter operates automatically once connected to a power source and a compatible device. It converts the AC wall current to the appropriate DC voltage required by your device. No user intervention is typically needed during operation.

- Ensure the adapter is placed in a well-ventilated area to prevent overheating.
- Avoid covering the adapter during operation.
- The adapter is designed for continuous use, but it is recommended to disconnect it when not in use for extended periods.

Illustration of various devices compatible with the AC adapter, including set-top boxes, routers, batteries, LED strips, oxygen machines, Roomba, game players, depilators, cameras, humidifiers, and digital frames, highlighting its versatility.

6. Maintenance

Proper maintenance ensures the longevity and performance of your AC adapter:

- **Cleaning:** Disconnect the adapter from the power outlet and device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- **Inspection:** Periodically inspect the cable and connectors for any signs of wear, cuts, or damage. If any damage is observed, discontinue use and replace the adapter.

7. Troubleshooting

If you encounter issues with your onerbl AC Adapter, refer to the following common troubleshooting steps:

- **No Power to Device:**
  - Ensure the adapter is securely plugged into both the wall outlet and the device.
  - Check if the wall outlet is functional by plugging in another device.
  - Verify that your device's power input requirements match the adapter's output (e.g., 12V).
  - Inspect the adapter's cable and connectors for visible damage.
- **Adapter is Hot:**
  - It is normal for the adapter to feel warm during operation.
  - If it feels excessively hot, ensure it is in a well-ventilated area and not covered. Discontinue use if it remains excessively hot.

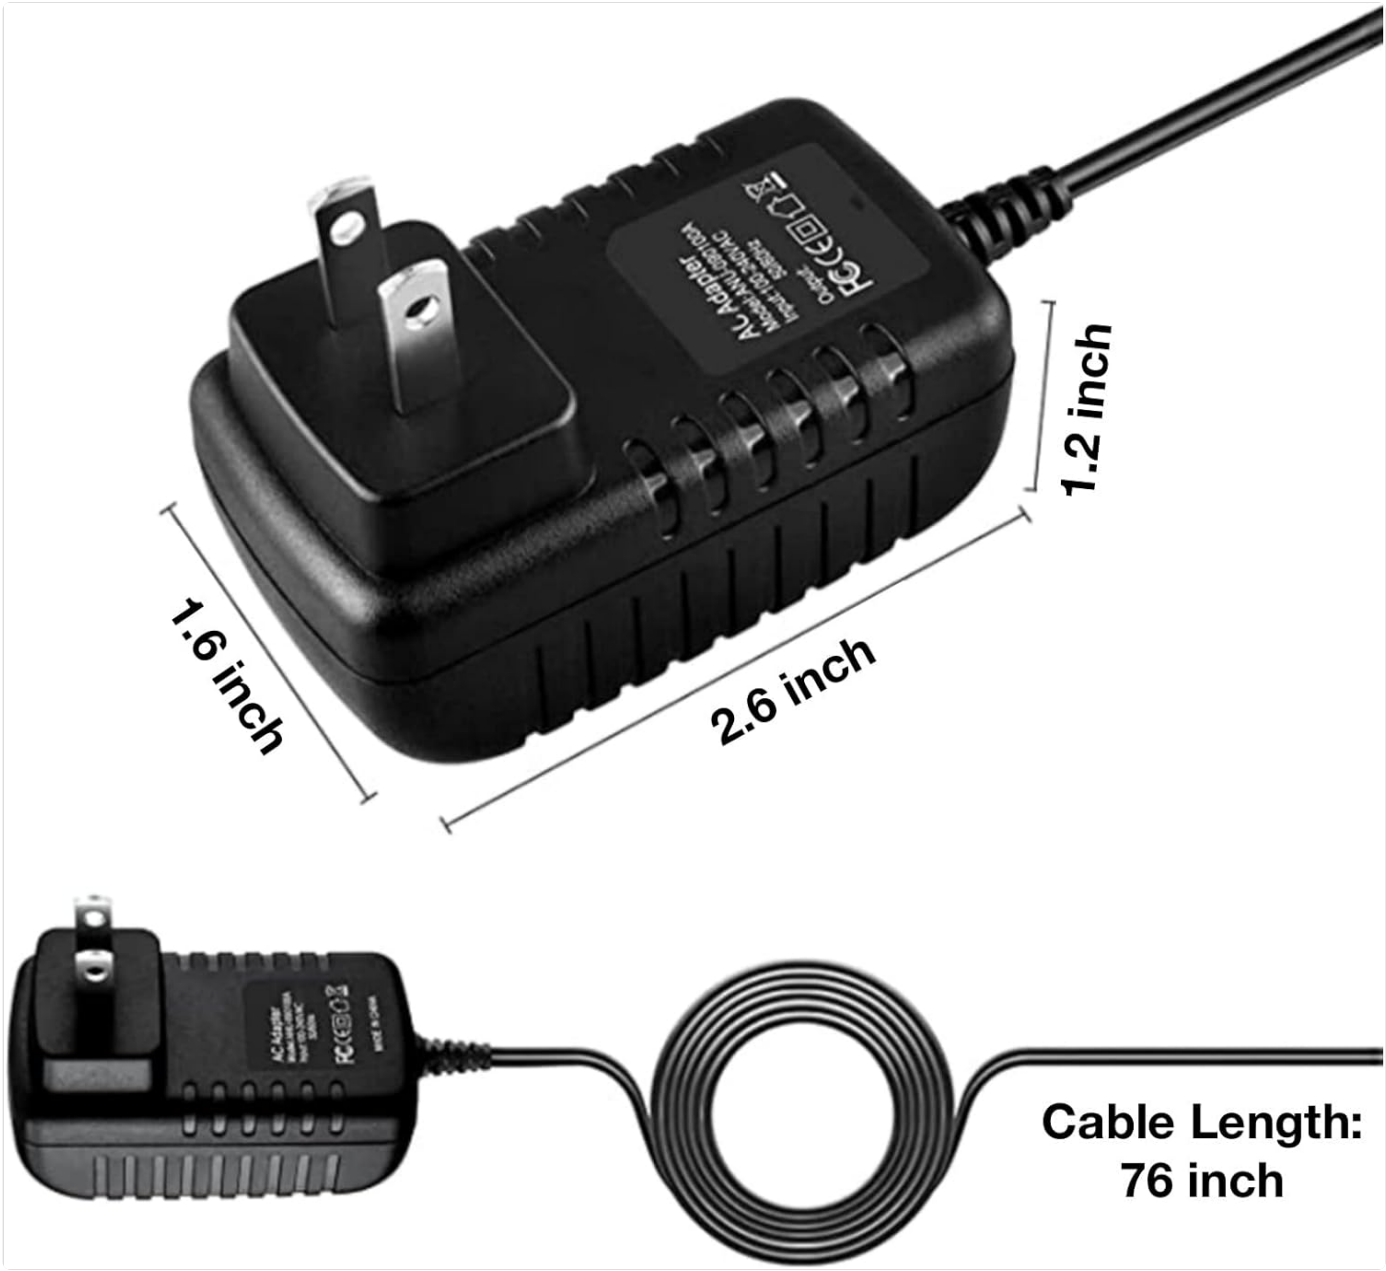

If the issue persists after following these steps, contact customer support.

8. Specifications

Model Number	B0CGDKMQL6
Brand	onerbl
Input Voltage	AC 100-240V, 50/60Hz, 0.3A
Output Compatibility	DC 12V devices (e.g., Lepy LP-A1 Mini Stereo Audio Amplifier)
Cable Length	76 inches (approx. 1.93 meters)
Dimensions (Adapter Body)	2.6 inches (Length) x 1.6 inches (Width) x 1.2 inches (Height)
Manufacturer	Shenzhen Waweis Technology Co., Ltd
Date First Available	August 23, 2023
