### TTfone TT150

## TTfone TT150 Unlocked Basic Mobile Phone User Manual

Model: TT150 | Brand: TTfone

### INTRODUCTION

---

This manual provides essential instructions for setting up, operating, maintaining, and troubleshooting your TTfone TT150 mobile phone. Please read it carefully to ensure proper use and to maximize the device's features.

Figure 1: TTfone TT150 Mobile Phone Overview (Blue Model)

## 1. SETUP

### 1.1 Unboxing and Package Contents

Verify that all items are present in the package:

- TTfone TT150 Mobile Phone
- Lithium-ion Battery
- USB Cable
- User Manual

## 1.2 Battery Installation

1. Remove the back cover of the phone by gently prying it open from the notch.
2. Align the gold contacts of the Lithium-ion battery with the contacts in the battery compartment.
3. Insert the battery firmly into place.
4. Replace the back cover, ensuring it clicks securely.

Figure 2: Battery Installation and Charging Indication

## 1.3 SIM Card Installation (Dual SIM)

The TT150 supports two SIM cards, allowing you to manage two different numbers or networks simultaneously.

1. Ensure the phone is powered off and the battery is removed.
2. Locate the SIM card slots (SIM1 and SIM2) beneath the battery compartment.
3. Carefully insert your 2G compatible SIM cards into the designated slots, ensuring the gold contacts face downwards and the cut corner aligns correctly.
4. Reinsert the battery and replace the back cover.

Figure 3: Dual SIM Card Slots

**Note:** This phone operates exclusively on 2G networks. It is not compatible with 3G networks such as Three, Smarty, and ID Mobile.

#### 1.4 Charging the Battery

1. Connect the USB cable to the charging port on the phone.
2. Connect the other end of the USB cable to a compatible USB power adapter or computer.
3. The battery indicator on the screen will show charging status.
4. Once fully charged, disconnect the charger. A full charge provides up to 5 days of standby time or 5 hours of talk time.

Figure 4: Charging the TT150 Battery

## 1.5 Powering On/Off

- **To Power On:** Press and hold the Power/End Call button (red button) until the screen lights up.
- **To Power Off:** Press and hold the Power/End Call button until the power-off options appear, then select "Power off".

## 2. OPERATING INSTRUCTIONS

---

### 2.1 Basic Call Functions

- **Making a Call:** Enter the phone number using the keypad and press the Call button (green button).
- **Answering a Call:** Press the Call button when the phone rings.
- **Ending a Call:** Press the Power/End Call button.
- **Adjusting Volume:** Use the navigation keys during a call to adjust the earpiece volume.

Figure 5: Dialing a Number

### 2.2 Messaging

To send and receive text messages:

1. From the main menu, navigate to "Messages".
2. Select "Write message" to compose a new text.
3. Enter the recipient's number or select from contacts.
4. Type your message using the keypad.
5. Press "Send".

Figure 6: Main Menu Interface

### 2.3 Camera

The TT150 features a 0.3-megapixel camera for basic photo and video capture.

- **Taking Photos:** Navigate to the "Camera" application from the menu. Frame your shot and press

the central navigation key to capture.

- **Flashlight Function:** The camera's LED can be used as a flashlight. Activate it via the side button or through the menu.

Figure 7: Rear Camera Detail

## 2.4 Bluetooth Connectivity

Connect your TT150 to other Bluetooth-enabled devices such as headsets, speakers, or car kits.

1. Go to "Settings" > "Bluetooth".
2. Turn Bluetooth "On".
3. Select "Search for devices" to find nearby Bluetooth accessories.
4. Select the desired device and follow on-screen prompts to pair.

## 2.5 Media Player and FM Radio

Enjoy music and videos stored on your phone or a Micro SD card (up to 32GB). The phone also features an FM radio.

- **Media Player:** Access "Multimedia" from the menu to play audio or video files.
- **FM Radio:** Select "FM Radio" from the menu. You can listen via the built-in speaker or connected headphones (3.5mm audio jack).

## 2.6 Alarm Function

Set up to three alarms for reminders.

1. Navigate to "Tools" > "Alarm".
2. Select an alarm slot to configure.
3. Set the time, repetition, alarm tone, and volume.
4. Save your settings.

## 2.7 Games

The TT150 comes with a pre-loaded game for entertainment. Access it via the "Games" option in the main menu.

## 2.8 LED Flashlight

Activate the bright LED flashlight using the dedicated button on the side of the phone or through the phone's menu for illumination in dark environments or as a signal light.

## 3. MAINTENANCE

---

### 3.1 Battery Care

- To prolong battery life, avoid exposing the phone to extreme temperatures.
- Charge the battery fully before first use.
- Do not leave the battery completely discharged for extended periods.

### 3.2 Cleaning

Wipe the phone with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.

### 3.3 Storage

If storing the phone for an extended period, ensure the battery is partially charged (around 50%) and store it in a cool, dry place.

## 4. TROUBLESHOOTING

Problem	Possible Cause	Solution
Phone does not power on	Battery is discharged or not installed correctly.	Charge the battery. Ensure the battery is correctly inserted.
Cannot make/receive calls	No network signal, SIM card not installed, or SIM card not 2G compatible.	Check network coverage. Reinstall SIM card. Ensure your SIM card uses a 2G network (not 3G like Three, Smarty, ID Mobile).
Poor call quality	Weak network signal or interference.	Move to an area with better signal. Avoid sources of interference.
Battery drains quickly	Frequent use, background applications, or old battery.	Reduce screen brightness. Close unused applications. Consider replacing the battery if it's old.

## 5. SPECIFICATIONS

Feature	Detail
Model	TT150
Brand	TTfone
Operating System	TTfone OS
Dimensions (L x W x H)	10.6 x 5 x 0.9 cm
Weight	160 grams
