Lucyd Smart Open Ear UV Sunglasses User Manual

Model: Earthbound XL (LCD006-142)

Lucyd Earthbound XL Smart Sunglasses, front view.

INTRODUCTION

This manual provides comprehensive instructions for the use and care of your Lucyd Smart Open Ear UV Sunglasses, model Earthbound XL (LCD006-142). Please read this manual thoroughly before using your device to ensure optimal performance and longevity.

KEY FEATURES

- **Immersive Open-Ear Audio:** Four speakers embedded in the temples deliver high-fidelity music and clear calls, allowing for enhanced situational awareness compared to traditional headphones.
- **Intuitive Touch Controls:** Easily manage calls, music playback (play/pause, skip tracks), adjust volume, and activate voice assistants directly from the glasses.
- **Extended Battery Life:** Enjoy up to 12 hours of continuous playback per charge, with over 160 hours of standby time.
- **Blue Light Filtering Lenses:** Designed to reduce eye strain, glare, and protect against long-term damage from prolonged screen exposure.
- **Advanced Bluetooth 5.2:** Ensures stable and seamless connectivity with most smartphones, PCs, and

smartwatches, offering a range of up to 100 feet.

- **Noise-Canceling Microphones:** Integrated microphones provide clear voice pickup for calls and voice assistant commands.
- **Comfortable & Durable Design:** Features patent-pending spring hinges for a better fit and a lightweight, slim, and stylish frame.

Key features of Lucyd Smart Sunglasses, including fit and connectivity.

SETUP

1. Charging Your Sunglasses

Before first use, fully charge your Lucyd Smart Sunglasses. Use the provided magnetic charging cable and adapter.

1. Connect the magnetic ends of the charging cable to the charging ports located on the inside of each temple arm of the sunglasses.
2. Connect the USB end of the cable to the provided power adapter, and plug the adapter into a wall outlet.

3. The indicator lights on the temples will show charging status (refer to the full manual for specific light indicators).
4. A full charge typically takes approximately 1-2 hours.

Charging ports located on the temple arms.

2. Pairing with Your Device (Bluetooth)

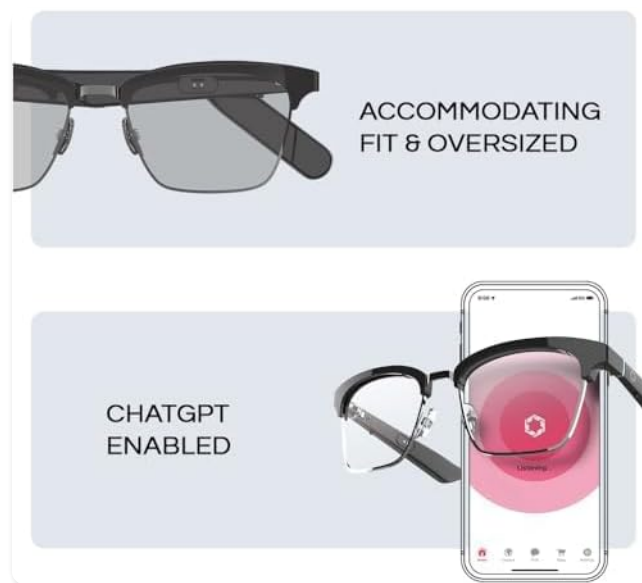

1. Ensure your sunglasses are charged.
2. To power on, hold both temple buttons for 7 seconds, or simply remove the glasses from the charger. You will hear an audible "Power On" prompt.
3. On your smartphone or other Bluetooth-enabled device, go to the Bluetooth settings.
4. Look for "Lucyd Eyewear" or a similar name in the list of available devices and select it to pair.
5. Once paired, you will hear an audible confirmation. Your sunglasses are now ready for use.

OPERATING INSTRUCTIONS

Touch Controls

The Lucyd Smart Sunglasses feature intuitive touch controls on both temple arms. Refer to the table below for specific functions:

Action	Left Temple Button	Right Temple Button
Volume Control	Single click - Down one volume notch	Single click - Up one volume notch
Music Playback / Calls	Double click - Play/pause music, answer call	
Next/Previous Song	Triple click - Play next song	Triple click - Play previous song
Voice Assistant		Double click - Voice assistant prompt (Siri/Google Voice)
Announce Battery Life	3-second press	3-second press
Power On/Off	7-second press - Power off both temples	7-second press - Power off both temples 7-second press or remove glasses from charger - Power on

The glasses are ChatGPT enabled for voice commands.

Voice Commands (via Voice Assistant)

Once your voice assistant is activated (double-click Right Temple Button), you can use the following commands:

- **"Send a voice message to [Contact]":** Begins recording an audio message to be sent to the named contact.
- **"Send a text to [Contact]":** Begins recording a speech-to-text message to be sent by SMS to the named contact.
- **"Call [Contact]":** Speed-dials the named contact.
- **"Send \$100 to [Contact]":** This command allows you to send money to an unread contact via Venmo or Apple Pay. Follow the Siri prompts to confirm.
- **"What time is it?":** Instantly announces the current time.
- **"Check my messages":** This command will read out your latest incoming text messages and offer a prompt to reply to each. Close out Siri on your phone to end the readout.
- **"Call me an Uber":** This command will prompt you on which type of Uber ride you want, then ask to confirm to send a car to your location.
- **"Check my mailbox":** This command will announce your number of unread emails. In the prompt after each one, you can tell Siri "Reply" to dictate an email response to the previous email.
- **"Play [Song / Album / Artist]":** Begins playing the requested song, album, or artist via Apple Music.
- **"Get me directions to [Location]":** Begins navigating on phone, with audible directions on glasses.
- **"Take a memo":** Begins recording a speech-to-text memo in Notes. Say "Read my Notes" to play back.
- **"Find [Cuisine Type] Food Nearby":** This command will read through a list of nearby restaurants and their ratings, and prompt you for directions or to call after one is read.

MAINTENANCE

Cleaning

To clean your Lucyd Smart Sunglasses, use the provided cleaning cloth. For stubborn smudges, lightly dampen the cloth with water or a lens cleaning solution specifically designed for eyewear. Avoid using harsh chemicals or abrasive materials.

Storage

When not in use, store your sunglasses in their protective case to prevent scratches and damage. Avoid exposing them to

extreme temperatures or direct sunlight for prolonged periods.

TROUBLESHOOTING

- **No Power:** Ensure the glasses are fully charged. If issues persist, try resetting the glasses by holding both temple buttons for 10 seconds.
- **Cannot Pair via Bluetooth:** Make sure Bluetooth is enabled on your device and the glasses are in pairing mode. Try forgetting the device on your phone and re-pairing.
- **Audio Issues (Low Volume/Distortion):** Check the volume levels on both your glasses and your connected device. Ensure there are no obstructions to the speakers.
- **Voice Assistant Not Responding:** Ensure the glasses are properly connected to your device and the voice assistant is enabled in your phone's settings. Double-check the touch control for activating the voice assistant.
