2. PRODUCT FEATURES

The Araceli Beauty Gel Pencil Eyeliner is formulated with key attributes to enhance your eye makeup experience:

- **Cruelty-Free:** This eyeliner is made with ingredients that are not tested on animals.
- **Smudge-Proof:** The gel formula glides on smoothly and resists smudging or smearing after setting.
- **Matte Finish:** The pigment provides a smooth, matte finish that blends seamlessly with your natural look.
- **Light Coverage:** The gel eyeliner provides light coverage that enhances the natural eye color.
- **Adult Use:** This eyeliner is designed for adult use and provides a long-lasting look.

3. SETUP AND PREPARATION

Before applying, ensure the eyeliner tip is adequately sharpened for precise application. A sharp tip allows for clean lines and better control.

- **Sharpening:** Use a cosmetic sharpener designed for eyeliner pencils. Rotate the pencil gently to achieve a fine point. Be mindful that the soft gel formula may require a delicate touch during sharpening to prevent breakage.
- **Cleanliness:** Ensure your eyelids and lash line are clean and free of oils or other makeup residues for optimal adherence and wear.

4. OPERATING INSTRUCTIONS (APPLICATION)

Follow these steps to apply the Araceli Beauty Gel Pencil Eyeliner for best results:

1. **Prepare the Eye Area:** Ensure your eyelids are clean and dry. You may apply an eyeshadow primer if desired for extended wear.
2. **Apply Along the Lash Line:** Gently apply the eyeliner along your lash line, using short, light strokes. This technique helps create a smooth, precise line.
3. **Adjust Intensity:** For a more dramatic look, apply the eyeliner thicker and closer to the lash line. Always start with a light hand and build up the intensity as desired.
4. **Create a Winged Effect (Optional):** To create a winged effect, extend the eyeliner beyond the outer corner of the eye and connect it to the lash line, forming your desired wing shape.
5. **Allow to Set:** For long-lasting wear and to prevent smudging, allow the eyeliner to set for a few seconds before blinking or touching the area.

5. MAINTENANCE AND STORAGE

Proper maintenance and storage will extend the life of your eyeliner:

- **Cleaning:** To remove the eyeliner, use a dedicated makeup remover or a gentle cleanser with warm water. Avoid harsh rubbing, which can irritate the delicate eye area.
- **Storage:** Store the eyeliner in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the cap is securely replaced after each use to prevent the product from drying out.
- **Hygiene:** For personal hygiene, avoid sharing your eyeliner with others. If you experience any eye irritation, discontinue use.

6. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Tip Breaks Easily During Sharpening:** The gel formula is soft. Use a very sharp, clean cosmetic sharpener. Apply minimal pressure and rotate the pencil gently. If the tip consistently breaks, try placing the pencil in the refrigerator for 5-10 minutes before sharpening to firm up the product.
- **Eyeliner Sets Too Quickly:** This eyeliner is designed for long-lasting wear and sets rapidly. Work quickly when applying, especially if you plan to smudge or blend the line. If you make a mistake, correct it immediately before the product fully sets.
- **Product Appears Dry or Not Applying Smoothly:** Ensure the cap is always tightly sealed after use. If the tip seems dry, try sharpening a small amount off to expose fresh product. Store in a cool, dry place.
- **Smudging After Application:** While smudge-proof, ensure the eyeliner has fully set for a few seconds after application before touching or blinking excessively. Avoid applying over oily skin or products that may interfere with its setting properties.
