GAOMON JTV-001

GAOMON Farmhouse TV Stand (Model JTV-001) Instruction Manual

Modern Entertainment Center for 65 Inch TVs with Barn Doors and Storage

INTRODUCTION

Thank you for choosing the GAOMON Farmhouse TV Stand, Model JTV-001. This instruction manual provides essential information for the safe assembly, operation, and maintenance of your new entertainment center. Please read this manual thoroughly before beginning assembly and retain it for future reference.

SAFETY INFORMATION

To ensure safe use and prevent damage, please adhere to the following guidelines:

- **Weight Capacity:** Do not exceed the maximum weight limits. The TV stand top can support up to 300 lbs (136 kg). Each internal shelf can support up to 25 lbs (11.3 kg). Overloading can lead to structural failure and potential injury.
- **Placement:** Place the TV stand on a flat, level, and stable surface to prevent tipping.
- **Children Safety:** Keep small parts and assembly hardware away from children. Do not allow children to climb on or play with the TV stand.
- **Assembly:** Assemble the unit strictly according to the instructions provided. Ensure all fasteners are securely tightened before use.
- **Moving the Unit:** When moving the assembled TV stand, always lift it. Do not drag it, as this may damage the unit or the floor.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Farmhouse TV Stand components (engineered wood panels)
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Installation Tool (e.g., Allen wrench)
- User Manual (this document)

SETUP AND ASSEMBLY

Assembly is required for this product. Follow the detailed installation instructions provided in the separate assembly guide included with your package. All parts and accessories are labeled with numbers, and precise holes are pre-drilled for accurate and fast installation.

Key Assembly Considerations:

- **Tools:** Ensure you have a Phillips head screwdriver in addition to the provided installation tool.
- **Space:** Clear a spacious area for assembly to prevent damage to components or your flooring.
- **Assistance:** While assembly can be done individually, having a second person may facilitate certain steps.
- **Component Identification:** Match each component to its corresponding number in the assembly guide before starting.

OPERATING INSTRUCTIONS

The GAOMON Farmhouse TV Stand is designed for versatile use and easy access to your media components.

Adjustable Shelves:

The internal shelves can be adjusted to three different heights to accommodate various items such as media players, game consoles, books, or decorative objects. To adjust a shelf, remove any items, lift the shelf, and reposition the shelf pins into the desired holes. Ensure all four pins are securely seated before placing items back on the shelf.

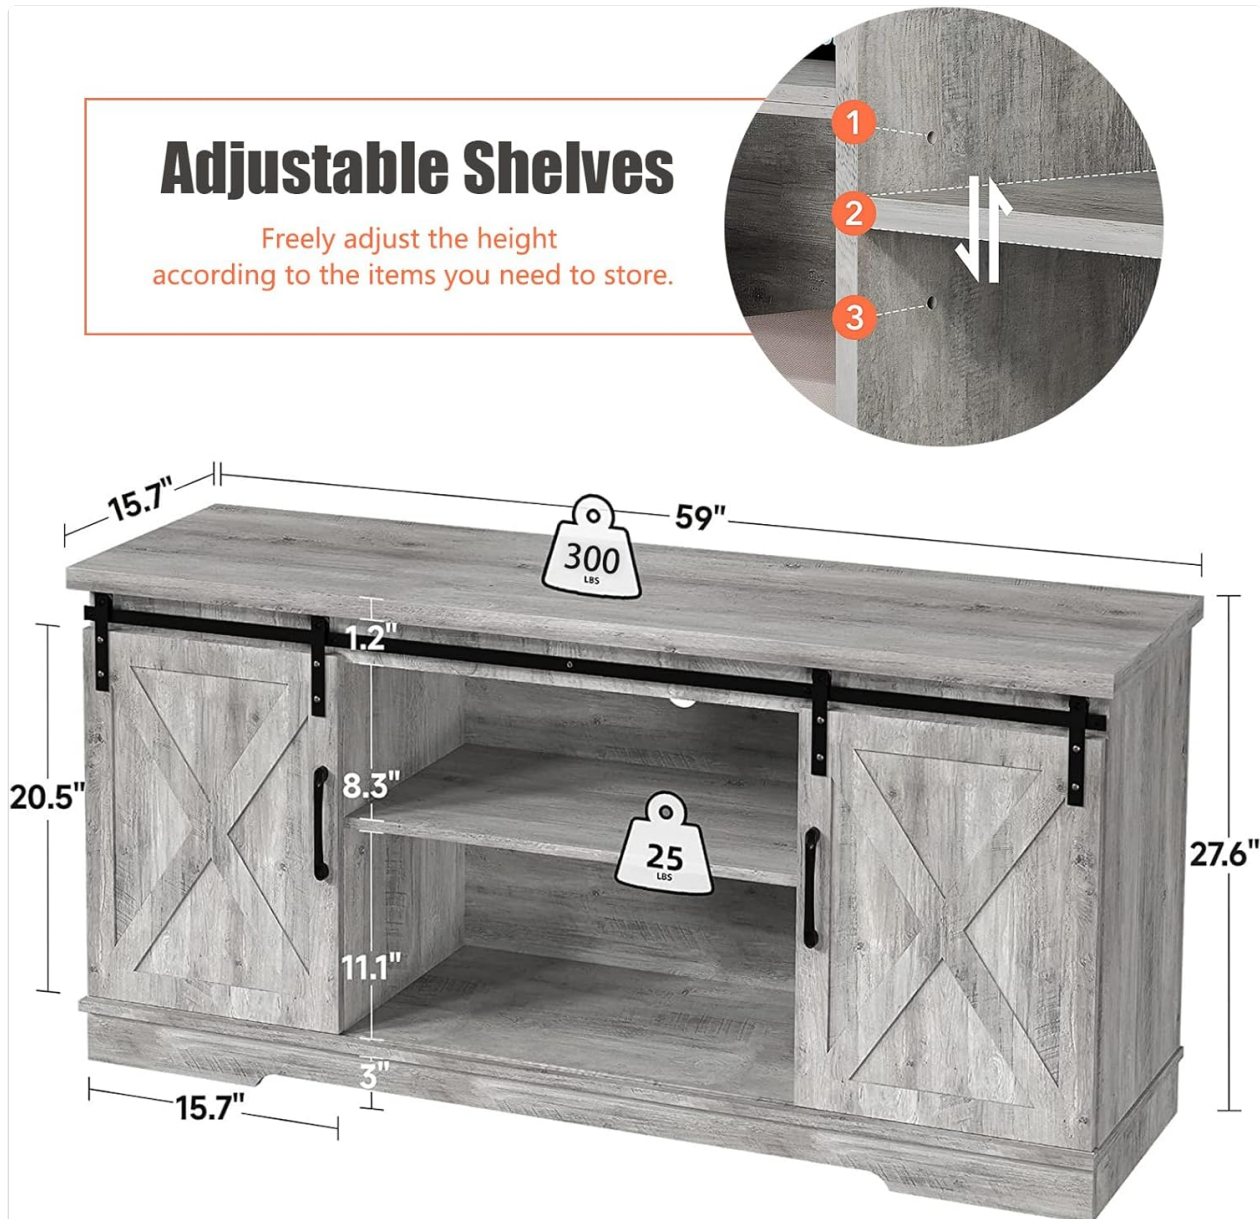

Image: Detail of the adjustable shelf feature, illustrating the three possible height settings for customization.

Sliding Barn Doors:

The two barn doors slide smoothly along the top track, allowing you to conceal or display the contents of the side compartments or the central open shelves. Gently push or pull the metal handles to move the doors. Avoid forcing the doors to prevent damage to the sliding mechanism.

Image: Illustration of the sliding barn door design, showing how the doors move horizontally along the track.

Cable Management:

The TV stand features cable holes on the back panel to help organize and hide wires from your electronic devices. Route power cords and signal cables through these openings to maintain a tidy appearance and prevent tangles.

Image: Detail of the circular cable management hole located on the rear panel for routing wires.

MAINTENANCE

Proper care will extend the life and appearance of your GAOMON Farmhouse TV Stand.

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage, especially given the water-resistant wood grain finish.
- **Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the finish.

TROUBLESHOOTING

If you encounter issues with your GAOMON Farmhouse TV Stand, refer to the following common problems and solutions:

- **Missing Parts:** If you find any parts missing during assembly, carefully review the package contents list and the assembly guide. Contact GAOMON customer support with the specific part number(s) required.

- **Difficulty Assembling:** Ensure you are following the assembly instructions step-by-step. Check that all components are oriented correctly. Do not overtighten screws until instructed, as this can prevent proper alignment.
- **Wobbly Stand:** Verify that the TV stand is placed on a level surface. Check that all fasteners are securely tightened. If the issue persists, disassemble and reassemble, ensuring all connections are firm.
- **Sliding Doors Sticking:** Ensure the sliding track is free of debris. Check that the doors are properly seated on the track and that no screws are protruding to obstruct movement.
