

DC Shoes ADYTJ03062

DC Shoes Men's DC-43 Anorak Snowboard Jacket Instruction Manual

Model: ADYTJ03062

1. INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your DC Shoes Men's DC-43 Anorak Snowboard Jacket. Please read these instructions thoroughly before using the product to ensure optimal performance and longevity.

The DC-43 Anorak is designed for performance in various weather conditions, featuring waterproof and wind-resistant properties suitable for outdoor activities.

2. PRODUCT FEATURES

The DC-43 Anorak is equipped with several features to enhance comfort and protection:

- **Weather Defense 10:** Provides 10,000mm waterproofing and 5,000g breathability for protection against snow and moisture while allowing internal vapor to escape.
- **Shell Lining:** Lightweight design suitable for layering.
- **C0 DWR:** Durable Water Repellent treatment for enhanced water shedding.
- **Critically Taped Seams:** Main seams are sealed to prevent water penetration.
- **Mesh Lined Armpit Venting:** Allows for adjustable airflow and temperature regulation.
- **Lybra Cuff Gaiters:** Integrated wrist gaiters to prevent snow entry and provide warmth.

3. SETUP AND INITIAL USE

Upon receiving your DC-43 Anorak, perform the following steps:

1. **Unpack:** Carefully remove the jacket from its packaging.
2. **Inspect:** Check for any visible damage or manufacturing defects. Contact customer support if any

issues are found.

3. **Adjust Hood:** The hood features adjustable drawstrings to secure it around your head or helmet.
4. **Cuff Adjustment:** Use the hook-and-loop fasteners on the cuffs to adjust tightness around your wrists or gloves.
5. **Hem Adjustment:** The jacket hem may have an adjustable drawstring to cinch for a tighter fit, preventing snow entry.

4. OPERATING INSTRUCTIONS

To maximize comfort and performance:

- **Wearing the Anorak:** Anoraks are designed to be pulled over the head. Unzip the neck opening fully for easier donning and doffing.
- **Utilizing Vents:** The mesh-lined armpit vents can be opened or closed using their zippers to regulate body temperature during activity. Open them for increased airflow during strenuous activity, and close them to retain warmth.
- **Pocket Usage:** The jacket features various pockets for storage. Ensure zippers are fully closed to protect contents from snow and moisture.

5. MAINTENANCE AND CARE

Proper care extends the life and performance of your jacket. Follow these guidelines:

- **Washing:** Hand wash only. Do not machine wash, bleach, iron, or dry clean. Use a mild detergent specifically designed for technical outerwear if necessary.
- **Drying:** Air dry flat or hang in a well-ventilated area away from direct heat or sunlight. Do not tumble dry.
- **Storage:** Store the jacket in a cool, dry place when not in use. Ensure it is clean and completely dry before storage to prevent mildew.
- **DWR Reapplication:** Over time, the Durable Water Repellent (DWR) finish may wear off. If water no longer beads on the fabric surface, consider reapplying a DWR treatment suitable for technical outerwear.

6. TROUBLESHOOTING

Common issues and their solutions:

- **Water Soaking In:** If the jacket fabric appears to be absorbing water instead of repelling it, the DWR finish may need to be reactivated or reapplied. Wash the jacket according to care instructions, then apply a DWR spray or wash-in treatment.
- **Zippers Sticking:** Clean zippers with a soft brush to remove dirt or debris. Lubricate with a zipper-specific lubricant if necessary.
- **Odor:** If the jacket develops an odor, hand wash it thoroughly. Ensure it is completely dry before storage.

7. SPECIFICATIONS

Model Name	DC-43 Anorak
Model Number	ADYTJ03062
Waterproofing	Weather Defense 10 (10,000mm)
Breathability	5,000g
Fabric Composition	53% Polyester; 47% Recycled Polyester
Lining	Shell
Care Instructions	Hand Wash Only
