1. **USB-C Port:** For charging and data transfer.
2. **SD Card Slot:** Insert a Micro SD card for expanded storage.
3. **Volume - / Volume +:** Adjust the audio volume.
4. **Power On/Off:** Press and hold to power on or off. Short press to sleep/wake.
5. **Reset (Reboot):** A small pinhole for force restarting the device if unresponsive.
6. **Microphone:** For audio input during calls or recordings.
7. **Front Camera:** For video calls and selfies.
8. **Headphone Jack:** Connect 3.5mm headphones.
9. **Speakers:** For audio output.
10. **Rear Camera:** For taking photos and videos.
11. **Flash:** Provides illumination for the rear camera.

2.3 Charging the Tablet

Before first use, fully charge your tablet. Connect the provided USB-C cable to the tablet's USB-C port and the other end to a compatible USB power adapter (not always included) or a computer's USB port. The battery indicator on the screen will show charging status.

2.4 Powering On/Off

- **To Power On:** Press and hold the Power On/Off button until the ECOPAD logo appears on the screen.

- **To Power Off:** Press and hold the Power On/Off button until a power menu appears. Select 'Power Off' and confirm.
- **To Sleep/Wake:** Briefly press the Power On/Off button.

2.5 Initial Setup

Upon first power-on, the tablet will guide you through the initial setup process. This typically includes:

- Selecting your language.
- Connecting to a Wi-Fi network.
- Signing in with your Google account or creating a new one.
- Setting up screen lock (PIN, pattern, password).
- Reviewing and accepting Google services terms.

3. OPERATING YOUR TABLET

3.1 Touchscreen Navigation

The tablet's 10.1-inch IPS HD touchscreen supports multi-touch gestures:

- **Tap:** Select an item or open an app.
- **Touch & Hold:** Access contextual menus or move items.
- **Swipe:** Navigate through screens, scroll lists, or dismiss notifications.
- **Pinch-to-Zoom:** Zoom in or out on images and web pages.

3.2 Connecting to Wi-Fi

To connect to the internet:

1. Go to **Settings > Network & internet > Wi-Fi**.
2. Toggle **Wi-Fi On**.
3. Select your desired network from the list.
4. Enter the password if prompted and tap **Connect**.

3.3 Google Play Store

As a GMS Certified device, your tablet has full access to the Google Play Store. You can download a wide variety of applications, games, movies, and books.

1. Tap the **Play Store** icon on your home screen or app drawer.
2. Browse or search for apps.
3. Tap **Install** to download and install an app.

3.4 Storage Management

The tablet comes with 64GB of internal storage (ROM) and 12GB of RAM (4GB physical + 8GB virtual for enhanced performance). You can expand storage further:

- **Micro SD Card:** Insert a Micro SD card (up to 1TB, sold separately) into the SD card slot to store additional photos, videos, and files.
- To manage storage, go to **Settings > Storage**.

3.5 Camera Usage

The tablet is equipped with a 2.0MP front camera and an 8.0MP rear camera.

1. Open the **Camera** app.
2. Tap the camera icon to switch between front and rear cameras.
3. Tap the shutter button to take a photo or start/stop video recording.

10.1" 1280*800 HD Display

Image: The tablet screen showing a video conference with four participants, demonstrating the clarity of the 10.1-inch 1280x800 HD display for communication.

3.6 Bluetooth Connectivity

Connect your tablet to Bluetooth devices like headphones, speakers, or keyboards.

1. Go to **Settings** > **Connected devices** > **Bluetooth**.
2. Toggle Bluetooth **On**.
3. The tablet will scan for available devices. Select your device from the list to pair.

4. MAINTENANCE

4.1 Battery Care

To maximize your tablet's battery life and longevity:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.

- Unplug the charger once the tablet is fully charged.
- Reduce screen brightness and disable unnecessary features (e.g., Bluetooth, Wi-Fi) when not in use.

4.2 Cleaning Your Tablet

Use a soft, lint-free cloth to clean the screen and body of the tablet. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals or abrasive materials.

5. TROUBLESHOOTING

If you encounter issues with your ECOPAD tablet, try the following common solutions:

- **Tablet is unresponsive:** Press and hold the Power On/Off button for about 10-15 seconds to force a restart. If this doesn't work, locate the small 'Reset' pinhole and use a thin object (like a paperclip) to press it gently.
- **Apps are crashing or running slowly:** Close unused apps, clear app caches (Settings > Apps > [App Name] > Storage & cache > Clear cache), or restart the tablet. Ensure your apps are updated.
- **Wi-Fi connection issues:** Ensure Wi-Fi is enabled. Try restarting your router and the tablet. Forget the network and reconnect.
- **Battery drains quickly:** Reduce screen brightness, disable background app refresh, turn off GPS, Bluetooth, and Wi-Fi when not needed. Check battery usage in Settings to identify power-hungry apps.
- **Screen is not responding to touch:** Restart the tablet. If the issue persists, ensure the screen is clean and free of debris.

If these steps do not resolve your issue, please refer to the Warranty and Support section for further assistance.
