

URBN UBT700

URBN Beat 700 ANC TWS Earbuds User Manual

Model: UBT700

1. INTRODUCTION

Thank you for choosing the URBN Beat 700 ANC True Wireless Stereo (TWS) Earbuds. These earbuds are designed to provide a superior audio experience with features like Active Noise Cancellation (ANC), long playtime, and a dedicated gaming mode. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance.

2. WHAT'S IN THE BOX

- URBN Beat 700 ANC TWS Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual

3. PRODUCT OVERVIEW

The URBN Beat 700 earbuds feature a sleek design with intuitive touch controls and a compact charging case. They are equipped with 12mm dynamic drivers for rich audio and hybrid quad microphones for clear calls.

4.2 Bluetooth Pairing

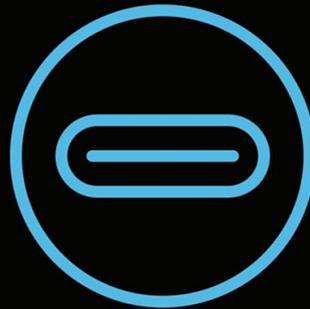

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode (LED indicators will flash).
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for "URBN Beat 700" in the list of available devices and select it to connect.
5. Once connected, the LED indicators on the earbuds will turn off or show a steady light, and you will hear a confirmation tone.

5. OPERATING INSTRUCTIONS

5.1 Touch Controls

The URBN Beat 700 earbuds feature intuitive touch controls on each earbud. Refer to the diagram below for specific functions:

Intuitive Touch Controls

Optimised for  Google Assistant |  Siri

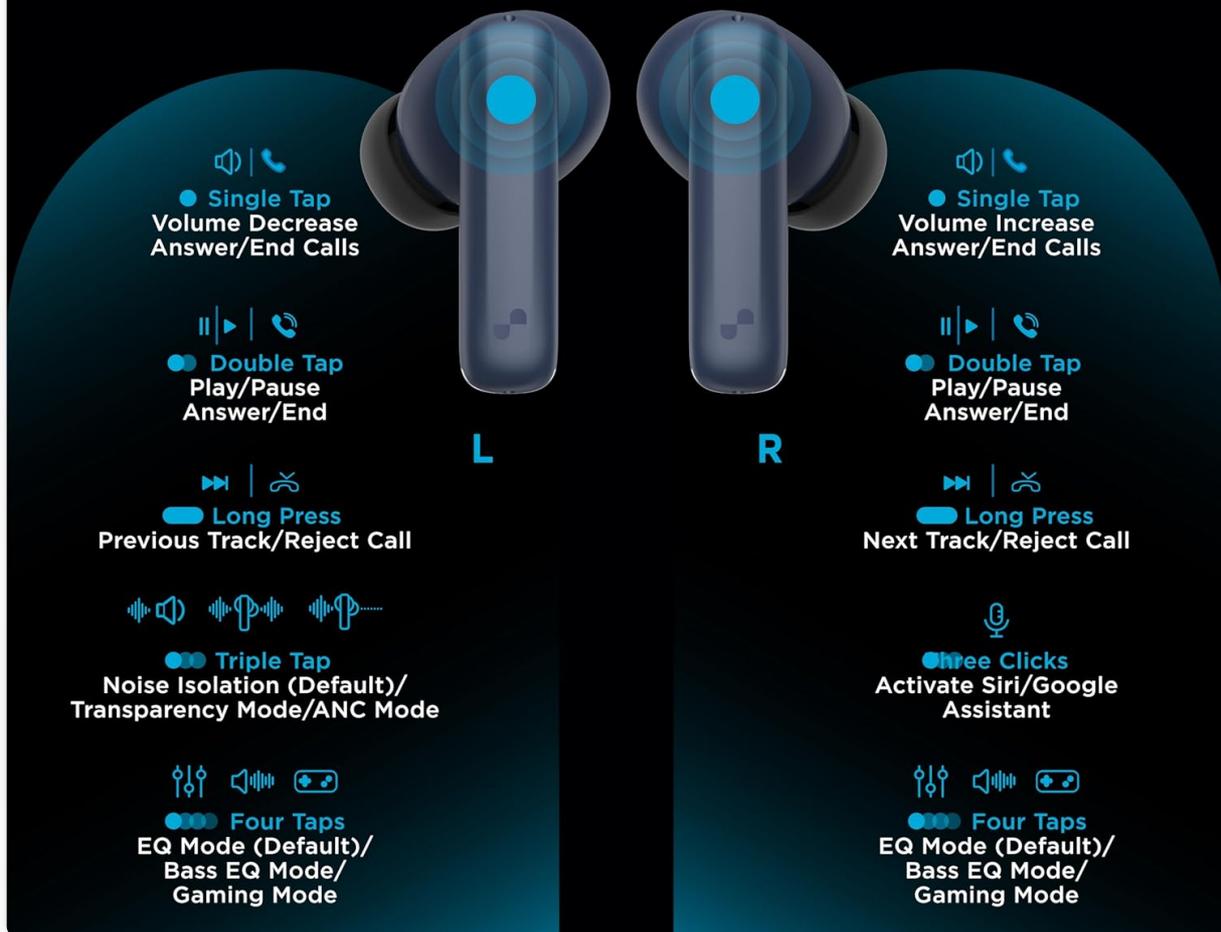

Image: Detailed diagram of the touch controls for the left and right URBN Beat 700 earbuds, including single tap for volume/calls, double tap for play/pause/calls, long press for track/reject call, triple tap for noise modes, and four taps for EQ modes. Also shows three clicks for voice assistant activation.

- **Single Tap (L/R):** Volume Decrease (L) / Volume Increase (R), Answer/End Calls
- **Double Tap (L/R):** Play/Pause, Answer/End Calls
- **Long Press (L):** Previous Track / Reject Call
- **Long Press (R):** Next Track / Reject Call
- **Triple Tap (L/R):** Cycle through Noise Isolation (Default) / Transparency Mode / ANC Mode
- **Four Taps (L/R):** Cycle through EQ Mode (Default) / Bass EQ Mode / Gaming Mode
- **Three Clicks (L/R):** Activate Siri/Google Assistant

5.2 Noise Control Modes

The URBN Beat 700 offers three distinct noise control modes to adapt to your environment:

Three Modes, One Touch

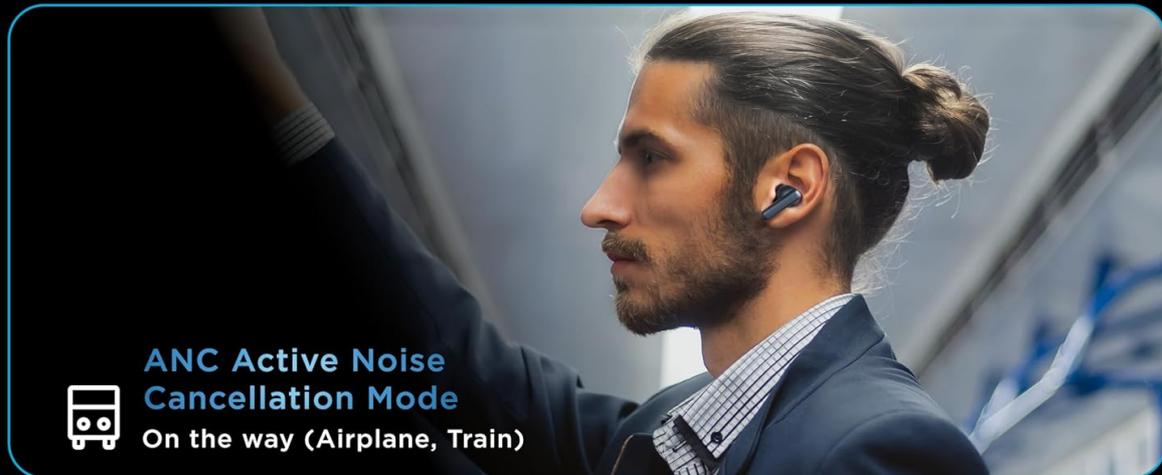

Image: Illustrates the three noise control modes of the URBN Beat 700: ANC Active Noise Cancellation Mode (for airplane/train), Ambient Noise Isolation Mode (for home/office), and Transparency Mode (for street/station).

- **ANC Active Noise Cancellation Mode:** Reduces external noise by up to 28dB, ideal for noisy environments like airplanes or trains.
- **Ambient Noise Isolation Mode:** Provides a balanced sound experience, suitable for indoor use or office environments.
- **Transparency Mode:** Allows you to hear your surroundings clearly while still enjoying your audio, perfect for outdoor activities or when you need to be aware of your environment.

5.3 Gaming Mode

Activate Gaming Mode for an ultra-low latency experience of 65ms, ensuring seamless audio synchronization for gaming and media consumption.

65ms Ultra Low Latency

6. MAINTENANCE

6.1 Cleaning

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Clean the charging contacts on both the earbuds and the case regularly with a dry cotton swab to ensure proper charging.

6.2 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged.

6.3 Water Resistance (IPX5)

The URBN Beat 700 earbuds are IPX5 water and sweat-resistant, making them suitable for workouts and outdoor activities. However, they are not designed for submersion in water. Avoid exposing them to excessive moisture or liquids.

IPX5 Rating

Image: Depicts the URBN Beat 700 earbuds with water splashing, illustrating their IPX5 water resistance rating.

7. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are in the case, then open the lid to initiate pairing mode. Check your device's Bluetooth settings and try reconnecting.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again. This often re-syncs them.
- **No sound:** Check the volume level on your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Charging issues:** Clean the charging contacts on both the earbuds and the case. Ensure the charging cable is securely connected and the power source is active.
- **ANC not effective:** Ensure the earbuds are properly seated in your ears to create a good seal. Try cycling through the ANC modes using the touch controls or the app.
