CAMECHO Portable 6.86-inch Wireless Carplay Android Auto Screen User Manual

Brand: CAMECHO | Model: A3483G64-2EU-C236

INTRODUCTION

This manual provides comprehensive instructions for the CAMECHO Portable 6.86-inch Wireless Carplay Android Auto Screen. This device enhances your driving experience by integrating smartphone functionalities directly into your vehicle's dashboard. It features a high-definition touchscreen, 4K front camera, Bluetooth connectivity, AUX and FM transmitter options, and supports Mirror Link for various applications. Please read this manual thoroughly before installation and operation to ensure proper use and optimal performance.

SETUP AND INSTALLATION

The CAMECHO portable screen is designed for easy installation, compatible with a wide range of vehicles (7-32V) including cars, trucks, RVs, and vans. No complex installation skills are required.

Package Contents:

- 6.86-inch Smart Screen Player
- Universal Stand (2x)
- User Manual
- Cigarette Lighter Power Adapter
- AUX Cable
- 64GB TF Card
- Mounting Bracket
- Accessories (e.g., bracket fixing stickers)

Mounting Options:

The device supports various mounting methods to suit your vehicle's interior and personal preference. Common methods include dashboard mounting, suction cup installation, and windshield installation. The universal stand allows for telescopic and multi-angle adjustment to optimize viewing without obstructing your driving view.

Installation Method

(This machine is only used for installation and display purposes)

Image: This image illustrates different installation methods for the portable car screen, showing how it can be mounted on the dashboard using telescopic adjustment, a suction cup, or directly on the windshield. It also highlights the multi-angle adjustment capability for optimal positioning.

Power Connection:

Connect the device to your vehicle's power supply using the provided cigarette lighter adapter. Ensure the connection is secure before turning on the vehicle's ignition.
