SETUP AND INSTALLATION

The TIGGSY Bigfoot Metal Outdoor Decor is designed for straightforward installation. It features integrated stakes at the base for secure placement in soft ground.

1. **Unpack:** Carefully remove the Bigfoot statue from its packaging. Inspect for any signs of damage during transit.
2. **Select Location:** Choose a suitable outdoor location such as a garden, lawn, patio area, or near trees. Ensure the ground is soft enough to allow for easy insertion of the stakes.
3. **Position:** Place the Bigfoot statue in the desired position.
4. **Secure:** Gently push the integrated stakes at the base of the statue into the ground until the statue stands firmly and upright. Ensure it is stable and not easily tipped over by wind.

For optimal stability, ensure the ground is level and the stakes are fully inserted.

CARE AND MAINTENANCE

To ensure the longevity and appearance of your TIGGSY Bigfoot Metal Outdoor Decor, follow these simple maintenance guidelines:

- **Cleaning:** Periodically wipe the statue with a soft, damp cloth to remove dust, dirt, or debris. Avoid using abrasive cleaners or harsh chemicals, which could damage the paint finish.
- **Inspection:** Occasionally inspect the statue for any signs of wear or damage, particularly after severe weather conditions. While designed to be durable and rust-resistant, regular checks can help maintain its condition.
- **Repositioning:** If you wish to move the statue, gently pull it out of the ground and re-install it in the new desired location following the setup instructions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Statue is unstable or leaning.	Stakes not fully inserted; uneven ground; ground too loose.	Ensure stakes are pushed completely into the ground. Choose a level area. If ground is too loose, consider compacting it or selecting a different spot.
Paint appears dull or dirty.	Accumulation of dust, dirt, or environmental residue.	Clean the statue with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying.
Minor scratches or chips in paint.	Accidental impact or abrasion.	While the coating is durable, minor cosmetic damage can occur. For touch-ups, use a weather-resistant black outdoor paint suitable for metal.
