

## Beelicious Pro B0CGPZ553F

# Beelicious 8-In-One Smart Compact 4QT Air Fryer

Model: B0CGPZ553F

Brand: Beelicious Pro

## INTRODUCTION

Thank you for choosing the Beelicious 8-In-One Smart Compact 4QT Air Fryer. This appliance is designed to provide a healthier and more efficient way to cook your favorite meals, utilizing advanced air frying technology. With its compact design, versatile cooking functions, and user-friendly features like a viewing window and digital controls, this air fryer is an excellent addition to any kitchen.

This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your new air fryer. Please read it thoroughly before first use and retain it for future reference.

## IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed, including the following:

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electric shock, do not immerse cord, plugs, or the appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- This appliance is for household use only.

## PRODUCT OVERVIEW

The Beelicious 8-In-One Smart Compact 4QT Air Fryer is designed for efficient and healthy cooking. It features a digital touch control panel, a convenient viewing window with an internal light, and a nonstick, dishwasher-safe basket.

# Easy Cooking Window With Light

Check Cooking Progress Anytime without Pulling Out The Basket

Viewing Window

Heat Resistant

Built-in Light

Figure 2: The air fryer features an easy-view cooking window with a built-in light, allowing you to monitor cooking progress without opening the basket. The digital control panel is clearly visible.

## Key Components:

- **Digital Touch Control Panel:** For setting temperature, time, and selecting cooking modes.
- **Viewing Window with Light:** Allows monitoring of food without interrupting the cooking process.
- **Removable Fryer Basket:** Nonstick and dishwasher-safe for easy cleaning.
- **Basket Handle:** Ergonomically designed for safe handling.
- **Air Inlet and Outlet Vents:** Essential for proper airflow during operation.

## SETUP

### Unpacking:

1. Carefully remove all packaging materials from the air fryer.

2. Check for any damage during transit. If the appliance is damaged, do not use it and contact customer support.
3. Remove any stickers or labels from the appliance.

## **Initial Cleaning:**

1. Before first use, clean the fryer basket and any removable accessories with warm, soapy water. Rinse thoroughly and dry completely.
2. Wipe the interior and exterior of the main unit with a damp cloth. Do not immerse the main unit in water.

## **Placement:**

1. Place the air fryer on a stable, heat-resistant, and level surface.
2. Ensure there is adequate space (at least 6 inches) around the appliance for proper air circulation, especially near the air inlet and outlet vents.
3. Do not place the air fryer directly against a wall or under cabinets during operation, as hot steam may escape.
4. Plug the power cord into a grounded electrical outlet.

## **OPERATING INSTRUCTIONS**

---

### **Getting Started:**

1. Place food into the fryer basket. Do not overfill the basket to ensure even cooking. The 4-quart capacity can accommodate approximately 1.5 pounds of french fries or 8-10 chicken wings.
2. Slide the fryer basket back into the main unit until it clicks into place.
3. Plug the air fryer into a power outlet. The digital display will illuminate.

### **Using the Digital Touch Control Panel:**

The air fryer features a responsive digital touch screen for easy operation.

# 8+ Functions All in One

Wide Customizable Temp Range : 100-450°F

Air Fry

Roast

Bake

Broil

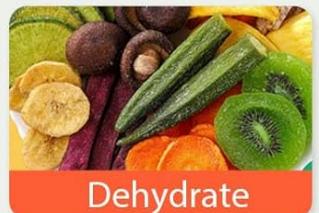

Fries

Steak

Reheat

Dehydrate

Figure 3: The digital control panel offers 8 preset cooking modes and manual temperature/time adjustments.

- **Power Button:** Press to turn the appliance on or off.
- **Menu Button:** Press to cycle through the 8 preset cooking modes: Air Fry, Roast, Bake, Broil, Fries, Steak, Reheat, Dehydrate.
- **Temperature Adjustment (+/-):** Use to increase or decrease the cooking temperature (range: 100°F to 450°F).
- **Time Adjustment (+/-):** Use to increase or decrease the cooking time (range: 1 to 60 minutes).
- **Light Button:** Activates the internal light to view food through the window.
- **Shake Reminder:** The air fryer will alert you when it's time to shake the basket for even cooking.

## Cooking Process:

1. Select a preset mode using the Menu button, or manually set your desired temperature and time using the +/- buttons.
2. Press the Power button to start cooking. The air fryer will begin preheating and then cooking.
3. During cooking, you can press the Light button to illuminate the interior and check on your food through the viewing window.

4. If the Shake Reminder activates, carefully pull out the basket, shake the food, and reinsert the basket. Cooking will resume automatically.
5. Once the cooking time is complete, the air fryer will beep and automatically shut off.
6. Carefully pull out the basket and transfer the cooked food to a serving dish. Use heat-resistant utensils.

### Flavor-Lock Technology:

The Beelicious air fryer incorporates MAX Tender Flavor-Lock Tech, which utilizes upgraded 360° rapid airflow and precise IQTemp control. This technology ensures perfectly even, golden, crispy, and tender cooking results, locking in the flavor and moisture of your food.

## Healthier Meals in 40% Less Time

Enjoy Faster Delicacy without Guilt

VS

Much More Trans Fat

85% Less Oil

Figure 4: Beelicious Pro-Tech ensures maximum crispness and tenderness, preventing burnt or dried-out results often seen with traditional methods.

### Healthier Cooking:

This air fryer heats 40% faster than a traditional oven and achieves up to 85%-90% less oil usage, providing healthier meals without compromising on taste or texture.

# MAX Crispy & Tender Results

& Flavor Lock

Figure 5: Achieve healthier meals with significantly less oil compared to traditional deep frying methods.

## CLEANING AND MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your air fryer.

### Cleaning After Each Use:

1. Unplug the air fryer from the power outlet and allow it to cool completely before cleaning.
2. The fryer basket is nonstick and dishwasher-safe. Alternatively, wash it with warm, soapy water and a non-abrasive sponge. Rinse thoroughly.
3. Wipe the exterior of the air fryer with a damp cloth. Do not use abrasive cleaners or scouring pads.
4. Clean the interior of the appliance with a damp cloth and mild detergent if necessary. Ensure no water enters the electrical components.

### Storage:

Store the air fryer in a cool, dry place when not in use. Ensure all parts are clean and dry before storage.

## TROUBLESHOOTING

---

If you encounter any issues with your Beelicious Air Fryer, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Air fryer does not turn on.	Not plugged in; power outlet issue; appliance malfunction.	Ensure the power cord is securely plugged into a working outlet. Check the circuit breaker. If the issue persists, contact customer support.
Food is not cooked evenly.	Basket is overfilled; food not shaken/flipped; incorrect temperature/time.	Do not overfill the basket. Shake or flip food halfway through cooking. Adjust temperature and time as needed for specific recipes.
White smoke coming from the appliance.	Grease residue from previous use; high-fat food.	Clean the basket and interior thoroughly after each use. For high-fat foods, consider using a small amount of water in the bottom of the outer pan to reduce smoke.
Air fryer smells like plastic.	New appliance odor.	This is normal for first few uses. Run the air fryer empty for 10-15 minutes in a well-ventilated area to burn off manufacturing residues.
Viewing light does not come on.	Light bulb issue; electrical malfunction.	Ensure the appliance is powered on. If the light still does not function, contact customer support.
