SAFETY INFORMATION

- **Two-Person Assembly Recommended:** For safety and ease of assembly, it is highly recommended that two adults assemble this desk.
- **Keep Small Parts Away:** Ensure all small parts and packaging materials are kept out of reach of children and pets to prevent choking hazards.
- **Use Correct Tools:** Only use the provided tools or appropriate hand tools. Avoid power tools as they may overtighten fasteners and damage the product.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 200 lbs (90.7 kg) on the desktop. Distribute weight evenly.
- **Level Surface:** Always place the desk on a flat, stable, and level surface to prevent tipping.

SETUP AND ASSEMBLY

Follow these general steps for assembling your Tribesigns computer desk. Refer to the included diagram for visual guidance.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches. Identify each part using the provided parts list.
2. **Attach Leg Frames to Desktop Panels:** Align the leg frames with the pre-drilled holes on the underside of the desktop panels. Secure them using the appropriate screws and an Allen wrench. Ensure all connections are snug but do not overtighten.
3. **Join Desktop Panels (if applicable):** If your desk consists of multiple desktop panels, align them carefully and secure them together using the designated connectors and screws. Ensure there are no gaps between the panels.
4. **Install Adjustable Foot Pads:** Screw the adjustable foot pads into the bottom of each leg. These pads help stabilize the desk on uneven floors.
5. **Final Placement:** With assistance, carefully lift and move the assembled desk to its desired location. Adjust the foot pads as needed to eliminate any wobbling.
