

PDEEY SF-03W

PDEEY SF-03W Replacement Heads Instruction Manual

For Waterpik Sonic Fusion SF-01W, SF-02W, SF-03, SF-04 Flossing Toothbrushes

1. PRODUCT OVERVIEW

The PDEEY SF-03W Replacement Heads are designed for use with specific Waterpik Sonic Fusion flossing toothbrushes. Each pack contains six replacement brush heads, each equipped with high-density, soft nylon bristles and an individual protective cover. These heads are engineered to provide effective cleaning while being gentle on gums.

2. COMPATIBILITY

These replacement brush heads are compatible with the following Waterpik Sonic Fusion and Sonic Fusion Professional Flossing Toothbrush models:

- Waterpik Sonic Fusion SF-01W
- Waterpik Sonic Fusion SF-02W
- Waterpik Sonic Fusion SF-03
- Waterpik Sonic Fusion SF-04

Ensure your toothbrush model matches one of the listed compatible devices for proper fit and function.

3. INSTALLATION INSTRUCTIONS

1. **Remove Old Brush Head:** Gently pull the existing brush head straight off the toothbrush handle.
2. **Align New Brush Head:** Take a new PDEEY SF-03W replacement head. Align the base of the new brush head with the top of the toothbrush handle.
3. **Attach Brush Head:** Press the new brush head firmly onto the handle and turn it slightly until it locks securely into place. A slight click may be heard, indicating a proper fit.
4. **Verify Secure Fit:** Ensure the brush head is firmly attached and does not wobble.

4. USAGE GUIDELINES

Once the replacement head is installed, operate your Waterpik Sonic Fusion device according to its original manufacturer's instructions. The soft bristles are designed for effective plaque removal and gum stimulation without causing irritation.

- Brush for the recommended duration, typically two minutes, twice daily.
- Apply gentle pressure; the sonic vibrations and flossing action perform the cleaning.
- Guide the brush head slowly across all tooth surfaces.

5. MAINTENANCE AND CARE

Proper care of your brush head ensures hygiene and extends its effective life:

- **Rinse After Use:** After each use, rinse the brush head thoroughly under running water to remove toothpaste residue and debris.
- **Air Dry:** Allow the brush head to air dry in an upright position.
- **Protective Cover:** Use the provided brush head cover for hygienic storage when not in use or during travel.
- **Cleaning:** Periodically, you may gently clean the base of the brush head with a damp cloth to prevent buildup.

6. REPLACEMENT INDICATOR

The blue bristles on your PDEEY SF-03W replacement head are designed to fade over time. This fading serves as a visual reminder to replace your brush head. For optimal oral health and cleaning performance, it is recommended to replace the brush head every 3 months, or sooner if the bristles appear frayed or worn.

7. SPECIFICATIONS

| Feature | Detail |
|------------------|---|
| Model Name | SF-03W |
| Compatibility | Waterpik Sonic Fusion SF-01W, SF-02W, SF-03, SF-04 |

| Bristle Firmness | Soft |
| Material Type | Rubber, Thermoplastic Elastomers |
| Color | Black |
| Quantity | 6 Count (Pack of 6) |
| Special Features | Blue bristle fade indicator, individual protective covers |

8. TROUBLESHOOTING

Brush Head Feels Too Tight or Loose

If the brush head feels unusually tight or loose when attaching, ensure it is correctly aligned with the handle and pressed firmly until it locks. Do not force the brush head onto the handle, as this may cause damage. If the issue persists, verify that your toothbrush model is listed under the compatible devices in Section 2.

9. WARRANTY AND SUPPORT

For any questions regarding the PDEEY SF-03W Replacement Heads, including product performance or compatibility concerns, please contact the manufacturer directly through their official support channels. Information regarding specific warranty terms may be available from the point of purchase or the manufacturer's website.
