FANTECH P51S

FANTECH P51S Gaming Set Instruction Manual

Model: P51S

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your FANTECH P51S Gaming Set. This 5-in-1 combo includes a gaming keyboard, gaming mouse, gaming headset, headset stand, and mouse pad, designed to enhance your PC gaming experience. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

ADVANCE ANTI-GHOSTING

With SHIKARI P51, Gamers can easily use all of their fingers without ke conflicts, to easily access all of their favorite in-game commands to easily take on competition.

PACKAGE CONTENTS

- FANTECH P51S Gaming Keyboard
- FANTECH P51S Gaming Mouse
- FANTECH P51S Gaming Headset
- FANTECH Headset Stand
- FANTECH Mouse Pad
- Headset Splitter Adapter (for consoles/mobile devices)
- User Manual

SETUP GUIDE

1. Mouse Pad Placement

Place the FANTECH Mouse Pad on a flat, stable surface. Ensure sufficient space for comfortable mouse movement.

Image: Close-up of the FANTECH Mouse Pad, highlighting its textured surface for precise tracking.

2. Keyboard Connection

Connect the keyboard's USB cable to an available USB port on your computer. The keyboard features a high-speed gaming-grade cable for reliable performance. The RGB lighting will illuminate upon connection.

4. Headset and Headset Stand Setup

1. Assemble the headset stand by securely attaching the top and base components.
2. Place the headset on the assembled stand.
3. Connect the headset's 3.5mm audio cable to your computer's audio output (green jack) and microphone input (pink jack). If your device has a single combined audio jack, use the included splitter adapter.
4. Connect the headset's USB cable to a USB port for RGB lighting power. Note that the USB connection is solely for powering the RGB lights; audio and microphone functionality require the 3.5mm connections.

OPERATING INSTRUCTIONS

Keyboard Functions

- **Media Control Keys:** Use dedicated keys for volume, play/pause, and track control.
- **Game Mode Function Keys:** Specific keys may be designated for in-game commands. Refer to your game's settings for customization.
- **RGB Lighting:** The keyboard features rainbow RGB breathing lighting. Specific key combinations (e.g., Fn + Scroll Lock) may cycle through lighting modes or turn lights on/off.
- **Anti-Ghosting:** The keyboard supports anti-ghosting, allowing multiple key presses to register simultaneously without conflict.

Image: The FANTECH P51S keyboard with text indicating its advanced anti-ghosting capability.

Mouse Functions

- **DPI Adjustment:** Use the dedicated DPI buttons to cycle through sensitivity settings (up to 8000 DPI) on the fly.
- **Programmable Buttons:** The mouse features 6 programmable buttons. Software for macro assignment, profile saving (up to 3 profiles), and script/delay editing is available from the FANTECH website.
- **Ergonomic Design:** The ambidextrous design supports both claw and palm grip styles for comfortable use.

Headset Usage

- **Volume Control:** Adjust the volume using the on-ear volume roller located on the left earcup.
- **Microphone:** Position the flexible microphone for clear communication. Ensure the 3.5mm microphone jack is correctly connected.
- **RGB Lighting:** The headset features RGB color-changing lights powered by the USB connection.
- **Multi-device Compatibility:** Use the included splitter adapter for devices with separate audio and microphone ports, or directly with devices featuring a combined 3.5mm jack (e.g., PS4, Xbox, Switch, Tablet, Cell Phone).

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the keyboard, mouse, and headset. Avoid using harsh chemicals or abrasive materials.
- **Cable Management:** Keep cables organized to prevent tangling and damage.
- **Storage:** When not in use, store the headset on its stand to maintain its shape and prevent damage.

TROUBLESHOOTING

Keyboard/Mouse not responding:

- Ensure USB cables are securely connected to your computer.
- Try connecting to a different USB port.
- Restart your computer.

Headset audio not working:

- Verify the 3.5mm audio jack is fully inserted into the correct port (green for audio, pink for mic).
- Check your computer's audio settings to ensure the headset is selected as the default playback and recording device.
- Adjust the volume roller on the headset.
- If using a splitter, ensure it is correctly connected.

Headset microphone not working:

- Ensure the 3.5mm microphone jack is fully inserted into the correct port (pink).

- Check your computer's sound settings to ensure the headset microphone is selected as the default recording device and its volume is not muted.
- Ensure the microphone is positioned correctly near your mouth.

RGB lighting not working:

- For the headset, ensure the USB cable is connected to a powered USB port.
- For the keyboard, try pressing Fn + Scroll Lock to cycle through lighting modes or turn it on.
- For the mouse, ensure its USB cable is connected.
