PIQIUQIU Universal 2-in-1 Cup and Phone Holder Instruction Manual

Model: a

Introduction

This manual provides instructions for the PIQIUQIU Universal 2-in-1 Cup and Phone Holder. This accessory is designed to securely hold your beverages and mobile phone on various equipment such as strollers, bicycles, wheelchairs, walkers, and scooters. Constructed from safe and eco-friendly ABS material, it is odorless, strong, and durable, ensuring secure use. The anti-slip design and superior stability features ensure your items remain in place during movement.

Product Dimensions

Understanding the dimensions of your cup holder is important for proper placement and compatibility.

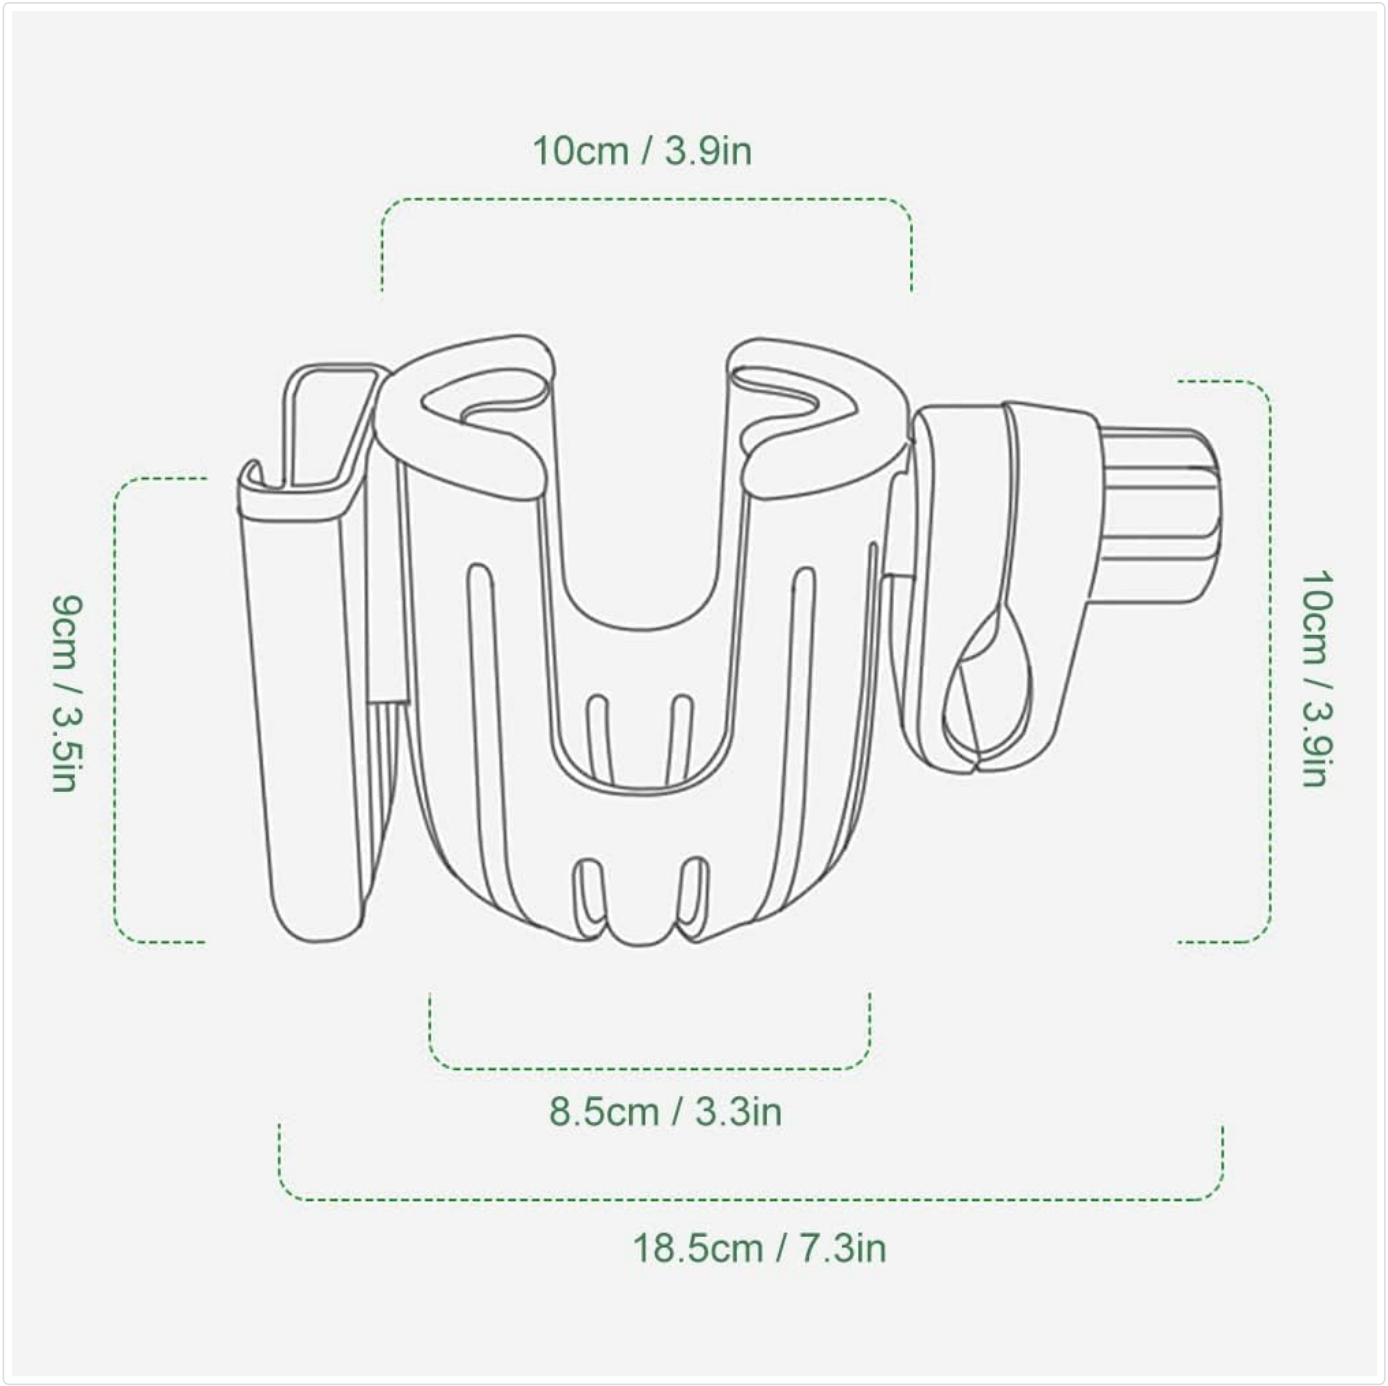

Image: A diagram illustrating the dimensions of the cup and phone holder. The total length is 18.5 cm (7.3 in), the cup holder diameter is 8.5 cm (3.3 in), and the height is 10 cm (3.9 in). The phone holder section is 9 cm (3.5 in) high.

Setup and Installation

The PIQIUQIU Cup and Phone Holder features an easy installation process that requires no tools. Follow these steps to attach it to your desired bar or handle:

1. **Identify Mounting Location:** Choose a suitable bar or handle on your stroller, bicycle, wheelchair, or other equipment. Ensure the location allows for stable attachment and does not obstruct operation.
2. **Adjust Clamp Resistance:** The clamp is designed with rubber pads for an anti-slip grip. Adjust the resistance of the clamp by turning the knob until it fits snugly around the bar.
3. **Secure Attachment:** Tighten the knob to firmly secure the cup holder to the bar. The longer nut design provides superior stability, preventing excessive shaking and accidental drops.
4. **Rotate for Optimal Angle:** The clip can be rotated 360 degrees. Adjust the angle of the cup holder to your preference

for easy access to your drink and phone.

Maintenance

To ensure the longevity and proper function of your PIQIUQIU Cup and Phone Holder, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the holder with a damp cloth and mild soap as needed. Avoid abrasive cleaners or solvents that could damage the ABS material.
- **Inspection:** Periodically check the clamp and tightening knob for any signs of wear or loosening. Ensure the rubber pads are intact to maintain anti-slip functionality.
- **Storage:** If not in use for an extended period, store the holder in a clean, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter any issues with your cup and phone holder, consider the following common solutions:

- **Holder feels loose or unstable:**
  - Ensure the tightening knob is fully secured.
  - Verify that the rubber pads on the clamp are correctly positioned and not damaged.
  - Check if the mounting surface (bar/handle) is within the compatible size range for the clamp.
- **Cup or phone does not fit securely:**
  - For cups, ensure the cup's diameter is compatible with the holder's flexible internal curves.
  - For phones, check if the phone's dimensions (especially thickness) fit within the phone compartment.
- **Difficulty rotating the holder:**
  - Ensure no debris is obstructing the rotation mechanism.
  - Do not force rotation if it feels stiff; gently check for obstructions.
