FUNLIO FL-040

FUNLIO Montessori Learning Tower Instruction Manual

Model: FL-040

Introduction

The FUNLIO Montessori Learning Tower is designed to safely elevate your child to counter height, allowing them to participate in various household activities such as cooking, washing hands, or other tasks in the kitchen or bathroom. This product promotes independence and self-confidence in toddlers by enabling them to engage alongside adults. Please read this manual thoroughly before assembly and use to ensure safe operation and proper maintenance.

Safety Information

Your child's safety is our highest priority. This learning tower is designed with multiple safety features and has been tested and certified by CPC and CE standards.

- **Anti-Fall Safety Net:** Always ensure the safety net is properly installed and secured to prevent accidental falls.
- **Quality Locks:** Verify that all locking mechanisms are engaged after assembly and height adjustments.
- **Handrails:** The integrated handrails provide support and stability for your child while climbing and standing.
- **Non-Slip Platform:** The standing platform is designed with a non-slip surface to enhance grip and prevent slipping.
- **Anti-Tip Feet:** The base includes anti-tip feet to ensure maximum stability and prevent the tower from tipping over.
- **Supervision:** Always supervise your child when they are using the learning tower. Do not leave children unattended.
- **Weight Limit:** Do not exceed the maximum weight limit of 200 pounds (approximately 90 kg).
- **Placement:** Use on a flat, stable surface. Avoid placing near open flames, heaters, or other hazards.

Assembly Instructions

Assembly is required. Follow these steps carefully. It is recommended to have two adults for easier assembly.

1. Unpack all components and verify against the package contents list.
2. Attach the side panels to the front and back panels using the provided hardware. Ensure all connections are secure.
3. Install the anti-tip feet to the bottom of the side panels for added stability.
4. Insert the adjustable standing platform into the desired height slot. Ensure it is firmly seated and locked into place.
5. Attach the safety net to the designated points on the tower frame, ensuring it is taut and secure.
6. Apply the non-slip pads to the bottom of the tower's feet to prevent sliding.
7. Double-check all screws and bolts to ensure they are tightened. Do not overtighten.

Operating Instructions

Using the Learning Tower

Place the learning tower on a stable, flat surface. Guide your child to climb the steps and stand on the platform. Ensure they maintain a secure grip on the handrails. The safety net should always be in place when the child is using the tower.

Adjusting Height

The FUNLIO Learning Tower features 3 adjustable height levels for the standing platform: 32 cm (12.5 inches), 42 cm (16.5 inches), and 52 cm (20.5 inches). This allows the tower to grow with your child.

1. To adjust the height, first ensure no child is on the tower.
2. Gently lift the standing platform to disengage it from its current slot.
3. Slide the platform to the desired height level and ensure it clicks securely into the corresponding grooves on the side panels.
4. Verify that the platform is stable and locked before allowing your child to use the tower again.

Care and Maintenance

To ensure the longevity and hygiene of your FUNLIO Learning Tower, follow these care instructions:

- **Cleaning:** Wipe down the wooden surfaces with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals. The water-based coating is healthy and easy to clean.
- **Drying:** Dry immediately with a clean, soft cloth to prevent water damage.
- **Inspection:** Regularly inspect all screws, bolts, and connections to ensure they are tight. Tighten if necessary.
- **Safety Net:** Check the safety net for any signs of wear or damage. Replace if compromised.
- **Storage:** Store in a dry place away from direct sunlight and extreme temperatures to prevent warping or damage to the wood.

Troubleshooting

If you encounter any issues with your learning tower, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Tower feels wobbly or unstable.	Loose screws or uneven surface.	Ensure all screws and bolts are tightened. Move the tower to a flat, even surface. Check if anti-tip feet are properly installed.
Standing platform does not stay in place.	Platform not fully engaged in slots.	Remove the child from the tower. Re-insert the platform, ensuring it clicks securely into the grooves at the desired height.
Safety net is loose or detached.	Straps not properly secured or damaged net.	Re-attach and tighten the safety net straps. If the net is damaged, contact customer support for a replacement.
