HUAWEI Aurora-B19L

HUAWEI Watch GT 4 Smartwatch User Manual

Model: Aurora-B19L
Brand: HUAWEI

1. Introduction

The HUAWEI Watch GT 4 is a sophisticated smartwatch designed to integrate seamlessly into your daily life, offering advanced health monitoring, fitness tracking, and smart assistance features. This manual provides essential information on setting up, operating, and maintaining your device to ensure optimal performance.

2. What's in the Box

Upon unboxing your HUAWEI Watch GT 4, please verify that all the following components are included:

- HUAWEI Watch GT 4 (1 unit)
- Charging Cradle (including charging cable) (1 unit)

- Quick Start Guide & Safety Information & Warranty Card (1 unit)

3. Setup

3.1 Initial Charging

Before first use, fully charge your HUAWEI Watch GT 4 using the provided charging cradle and cable. Connect the charging cable to a power adapter (not included) and place the watch onto the magnetic charging cradle. The watch display will indicate charging status.

3.2 App Installation and Pairing

The HUAWEI Watch GT 4 is compatible with both iOS and Android devices. To unlock its full potential, download and install the Huawei Health app on your smartphone.

1. Scan the QR code in the Quick Start Guide or search for 'Huawei Health' in your device's app store.
2. Open the Huawei Health app and follow the on-screen instructions to create an account or log in.
3. Navigate to the 'Devices' section in the app and select 'Add device'.
4. Choose 'Smartwatches' and then select 'HUAWEI Watch GT 4' from the list.
5. Follow the prompts in the app and on your watch to complete the pairing process via Bluetooth. Ensure Bluetooth is enabled on your smartphone.

4. Operating the HUAWEI Watch GT 4

4.1 Display and Design

The HUAWEI Watch GT 4 (41mm) features a 1.32-inch AMOLED color screen with a resolution of 466 x 466 pixels and a PPI of 352, providing a clear and vibrant display. Its classic and elegant design makes it suitable for various occasions.

Figure 4.1: The 41mm HUAWEI Watch GT 4 boasts a classic and elegant design with a high-resolution AMOLED display.

4.2 Sensors and Core Components

The watch is equipped with a comprehensive suite of sensors for accurate data collection:

- **Accelerometer sensor:** Detects movement and orientation.
- **Gyroscope sensor:** Measures angular velocity and rotation.
- **Magnetometer sensor:** Functions as a compass.
- **Optical heart rate sensor:** Monitors heart rate continuously.
- **Barometer sensor:** Measures atmospheric pressure for altitude and weather changes.
- **Temperature sensor:** Measures ambient temperature.

4.3 Smart Running Guidance

The HUAWEI Watch GT 4 offers intelligent running guidance with precise locating and route navigation, thanks to its new intelligent satellite antenna design. It provides real-time reminders and broadcast features, including a metronome, to help optimize your runs.

4.4 Scientific Fitness Coach

Leverage the watch's scientific fitness coaching features, including fresh-new Activity Rings and an all-new Calorie Management system, to track your progress and achieve your fitness goals. It provides medal motivation to keep you engaged.

4.5 Pro-Level Health Management

The watch provides comprehensive health management features, including HUAWEI TruSeen™ 5.5 and TruSleep™ 3.0. It supports cycle tracking, period predictions, heart rate zone monitoring, sleep stage tracking, and sleep breathing awareness, offering a holistic view of your well-being.

4.6 Convenient Life Assistant

Stay connected and organized with smart assistant features such as Bluetooth calling, calendar reminders, and quick SMS replies directly from your wrist. The watch also supports Always-On Display and offers customizable watch faces through the Watch Face Store.

Figure 4.4: The intelligent assistant features on the HUAWEI Watch GT 4 allow for Bluetooth calls, calendar reminders, and quick SMS replies.

4.7 Battery Life

The HUAWEI Watch GT 4 offers an impressive battery life of up to 2 weeks under typical usage conditions. This allows for extended use without frequent charging, providing convenience for daily activities and travel. Under heavy usage, the battery can last approximately 6-7 days.

Video 4.1: Official product video showcasing the HUAWEI Watch GT 4's features, including its fashion-forward design, smart running guidance, scientific fitness coaching, pro-level health management, and long battery life.

5. Maintenance

5.1 Cleaning Your Watch

To maintain the appearance and functionality of your watch, regularly clean the watch body and strap. Use a soft, lint-free cloth.

For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

5.2 Charging Best Practices

Always use the original charging cradle and cable. Ensure the charging contacts on both the watch and the cradle are clean and dry before charging. Avoid exposing the watch to extreme temperatures during charging.

5.3 Water Resistance

The HUAWEI Watch GT 4 is designed with water resistance. However, it is important to avoid exposing it to hot water, steam, or high-velocity water streams. After exposure to water, especially saltwater, rinse the watch with fresh water and dry it thoroughly.

6. Troubleshooting

If you encounter any issues with your HUAWEI Watch GT 4, try the following common troubleshooting steps:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cradle and check if the charging indicator appears.
- **Pairing issues:** Ensure Bluetooth is enabled on your smartphone and the watch. Restart both devices and try pairing again. Make sure the Huawei Health app is updated to the latest version.
- **Inaccurate sensor readings:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor area on the back of the watch.
- **Short battery life:** Check if any apps are running excessively in the background. Reduce screen brightness or disable features like Always-On Display if not needed.
- **No notifications:** Check notification settings in the Huawei Health app and on your smartphone to ensure permissions are granted for the app to display notifications.

For more detailed troubleshooting or persistent issues, please refer to the official HUAWEI support website or contact customer service.

7. Specifications

Feature	Specification
Model Number	Aurora-B19L
Dimensions	1.81 x 1.81 x 0.43 inches (46mm x 46mm x 11mm)
