Gabba Goods GG-CMAH-BLK

Gabba Goods MagSafe Car Mount

Model: GG-CMAH-BLK

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Gabba Goods MagSafe Car Mount. This device is designed to securely hold and wirelessly charge compatible Apple iPhones and AirPods in your vehicle.

PACKAGE CONTENTS

- Gabba Goods MagSafe Car Mount
- USB-C cable
- Air vent mount attachment

Note: A 20W PD (Power Delivery) adapter is required for fast charging and is not included.

PRODUCT OVERVIEW

The Gabba Goods MagSafe Car Mount features a strong magnetic connection for your iPhone and a dedicated charging area for AirPods. It offers 15W fast wireless charging for iPhones and 5W for AirPods, ensuring your devices are powered during your commute. The mount is designed for easy installation and a secure fit in most car air vents.

SETUP INSTRUCTIONS

1. **Attach the Air Vent Mount:** Securely connect the air vent mount attachment to the main body of the MagSafe car mount. Ensure it clicks firmly into place.
2. **Install in Vehicle:** Locate a suitable air vent in your vehicle. Gently push the vent clip onto one of the air vent blades until it is securely fastened. The triple-reinforced lock mechanism ensures stability.
3. **Connect Power:** Plug the provided USB-C cable into the charging port on the car mount. Connect the other end of the USB-C cable to a compatible USB power source in your vehicle. For optimal fast charging, use a 20W PD car adapter (not included).

OPERATING INSTRUCTIONS

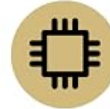

1. **Attaching Your iPhone:** Place your MagSafe-compatible iPhone (iPhone 12 and newer) or an iPhone with a MagSafe-compatible case directly onto the magnetic charging pad. The strong magnets will automatically align and secure your phone.
2. **Charging Your AirPods:** If your AirPods have a wireless charging case, place them into the designated charging slot located behind the iPhone charging area. Ensure the AirPods case is properly seated for wireless charging to begin.
3. **Adjusting Viewing Angle:** The mount features a 180-degree rotating joint, allowing you to adjust your phone's orientation between portrait and landscape modes for optimal viewing.

SUPER-FAST 20-WATT WIRELESS CAR CHARGER

MagSafe-compatible car charger that delivers 15W of power.

Wireless car charger for AirPods that delivers 5W of power.

Intelligent chip

IMPORTANT CONSIDERATIONS

- For optimal magnetic hold and charging efficiency, ensure your iPhone is MagSafe compatible or uses a MagSafe-compatible case. Non-MagSafe cases may reduce magnetic strength and charging performance.
- A 20W Power Delivery (PD) car charger adapter is recommended to achieve the advertised fast charging speeds for your iPhone.
- Ensure your AirPods case supports wireless charging to utilize the AirPods charging feature.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the car mount. Avoid using abrasive cleaners or solvents, as these can damage the finish.
- **Storage:** When not in use for extended periods, store the car mount in a cool, dry place away from direct sunlight.
- **Handling:** Avoid dropping the device or subjecting it to strong impacts, which could damage internal components.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Phone not charging	Loose cable connection, insufficient power, non-MagSafe case, phone misalignment.	Ensure USB-C cable is securely connected. Verify power source is active. Use a MagSafe-compatible case or remove case. Realign phone on the charging pad. Ensure power adapter is 20W PD for fast charging.
Phone not holding securely	Non-MagSafe case, heavy phone, vent clip not secure.	Use a MagSafe-compatible case. Ensure the vent clip is fully engaged and tightened.
AirPods not charging	AirPods case not wireless charging compatible, improper placement.	Verify your AirPods case supports wireless charging. Ensure the AirPods case is correctly placed in the charging slot.
Slow charging	Low power output from car adapter.	Use a 20W Power Delivery (PD) car adapter for optimal charging speed.

PRODUCT SPECIFICATIONS

- **Model Number:** GG-CMAH-BLK
- **Input Voltage:** 5 Volts
- **Wattage:** 15 Watts (for iPhone), 5 Watts (for AirPods)
- **Connectivity:** USB-C (for power input), Wireless (MagSafe compatible)
- **Material:** Acrylonitrile Butadiene Styrene
- **Item Weight:** 7 ounces
