PETLIBRO PLPM001

PETLIBRO Cove Pet Food Mat User Manual

Model: PLPM001

INTRODUCTION

Thank you for choosing the PETLIBRO Cove Pet Food Mat. This silicone mat is designed to provide a clean and safe feeding area for your beloved pets, protecting your floors from spills and messes. Made from high-quality, food-grade, BPA-free silicone, it offers durability, flexibility, and easy maintenance. This manual will guide you through the features, setup, usage, and care of your new pet food mat.

KEY FEATURES

- BPA-free Food-grade Silicone:** Constructed from safe, odorless, and BPA-free silicone material, ensuring your pet's safety.
- Versatile Sizing:** Available in multiple sizes (e.g., 22" x 16.5" for medium) to fit various pet feeders, fountains, bowls, and accessories, including PETLIBRO's own range.
- Raised Edges for Spill Protection:** Features 0.59-inch (15mm) high raised edges to effectively contain spills, food residues, and water, keeping your floors clean.
- Convenient Pocket Design:** Includes a side pocket (0.63-inch/16mm depth for medium mat) to effortlessly collect spilled food and water, simplifying cleanup.
- Secure and Waterproof:** 100% waterproof design keeps floors dry and helps secure feeders or water fountains in place.
- Heat Resistant and Dishwasher Safe:** Withstands temperatures up to 230°C (446°F) and is safe for dishwasher cleaning, making maintenance easy.
- Flexible and Durable:** The silicone material is flexible for easy storage and travel, yet durable enough to resist bending or premature aging.

SETUP

Setting up your PETLIBRO Cove Pet Food Mat is straightforward:

1. Unroll the mat and place it on a flat, stable surface where your pet typically eats or drinks.
2. Ensure the area is clean and dry before placing the mat.

3. Position your pet's food bowls, water fountain, or automatic feeder directly on the mat. The mat's non-slip surface will help keep them in place.

Size That Always Fits Your Setup

The medium size perfectly accommodates our feeder and fountain

OPERATING INSTRUCTIONS

The PETLIBRO Cove Pet Food Mat is designed for passive operation, providing a protective barrier against spills and messes during your pet's meal times.

- Allow your pet to eat and drink as usual. The raised edges of the mat will catch any spilled food or water, preventing it from reaching your floor.
- The integrated side pocket is designed to collect larger spills or residues, making it easier to dispose of them.

Easy Mess Collection

Lift to gather residue and water for effortless cleaning

MAINTENANCE AND CLEANING

Keeping your PETLIBRO Cove Pet Food Mat clean is essential for hygiene and product longevity. The mat is designed for easy cleaning:

- **Daily Cleaning:** For minor spills, simply wipe the mat clean with a damp cloth or sponge.
- **Deep Cleaning:** The mat is dishwasher safe. Place it on the top rack of your dishwasher for thorough cleaning.
- **Hand Washing:** Alternatively, you can hand wash the mat with warm soapy water.
- **Drying:** Allow the mat to air dry completely before placing it back on the floor.
- **Temperature Resistance:** The mat can withstand temperatures up to 230°C (446°F), ensuring durability even with hot water cleaning.

High Raised Edges For A Spotless Floor

Catch spills and keep floors clean for messy eaters

TROUBLESHOOTING

While the PETLIBRO Cove Pet Food Mat is a simple and reliable product, here are some common considerations and solutions:

Issue	Possible Cause	Solution
Mat appears yellowish in low light.	This is a natural characteristic of the material in certain lighting conditions.	This is normal and does not affect product performance or safety.

Issue	Possible Cause	Solution
Mat is slipping on the floor.	Floor surface might be wet or oily, or the mat itself is not completely dry underneath.	Ensure both the floor and the underside of the mat are completely dry before placement. The mat has an anti-slip surface, but extreme conditions can affect grip.
Spills overflowing the mat.	Excessive liquid volume or pet is splashing aggressively.	While the mat has raised edges, it has a capacity limit. Clean up large spills promptly. Consider a larger mat size if spills are consistently excessive.
