TQQ Keyboard Case for 10th Generation

TQQ Keyboard Case User Manual

For iPad 10th Generation (10.9-inch, 2022) and iPad (A16) 11th Generation (11-inch, 2025)

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your TQQ Keyboard Case. This accessory is designed to enhance your iPad experience by providing a physical keyboard and multi-touch trackpad, transforming your tablet into a versatile workstation.

COMPATIBILITY

The TQQ Keyboard Case is specifically designed for the following iPad models:

- **iPad 10th Generation** (10.9-inch, 2022 Release) - Model Numbers: A2757, A2777, A2696
- **iPad (A16) 11th Generation** (11-inch, 2025 Release) - Model Numbers: A3354, A3355, A3356

To verify your iPad model number, please check the back of your device. This case is not compatible with iPad Air 11-inch (M3/M2, 2025/2024) or any other iPad models.

Compatibility

iPad (A16) 11th Gen 11-inch 2025 (A3354/A3355/A3356)
iPad 10th Gen 10.9-inch 2022 (A2696/A2757/A2777)

SETUP

Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB-C charging cable to the charging port on the keyboard and a power source. The charge indicator light will illuminate during charging and turn off when fully charged.

Bluetooth Connection

Follow these steps to pair your TQQ Keyboard Case with your iPad:

1. Switch the **ON/OFF** switch on the keyboard to the **ON** position.
2. Press and hold the '**Pair**' button for 3 seconds. The Bluetooth indicator light will begin blinking.
3. On your iPad, go to **Settings > Bluetooth** and toggle Bluetooth **ON**.
4. Under '**MY DEVICES**', tap '**Bluetooth Keyboard**'. The device is connected when the Bluetooth indicator stops flashing.

OPERATING INSTRUCTIONS

Multi-Touch Trackpad

The integrated multi-touch trackpad supports various gestures to navigate your iPad. Ensure your iPad's operating system is iOS 13 or above for full trackpad functionality.

- **Click:** Single tap or press down on the trackpad.
- **Scroll:** Use two fingers to swipe up or down.
- **Zoom:** Pinch in or out with two fingers.
- **Go Home:** Swipe up with three fingers.

To lock the trackpad function, press **Fn + A**.

Multi-Touch Gesture-Enabled Touchpad

(To use touchpad,please upgrade your iPad system to iOS 13 or above)

home screen.

Adjustable Viewing Angles and Modes

The keyboard case features a 360° rotatable hinge and 180° flip capability, allowing for multiple viewing angles and usage modes:

- **Laptop Mode:** Standard laptop-like setup for typing.
- **Stand Mode:** Ideal for viewing content without the keyboard.
- **Tent Mode:** Suitable for presentations or watching videos in confined spaces.
- **Tablet Mode:** Fold the keyboard behind the iPad for tablet-only use.
- **Protect Mode:** Fully closed to protect both the iPad and keyboard.

MAINTENANCE

To ensure the longevity of your TQQ Keyboard Case:

- Clean the case and keyboard with a soft, dry cloth. Avoid abrasive cleaners or solvents.
- Keep the device away from extreme temperatures and direct sunlight.
- Avoid spilling liquids on the keyboard.
- When not in use, ensure the case is closed to protect the iPad and keyboard.

TROUBLESHOOTING

Bluetooth Connection Issues

If your Bluetooth keyboard is not connecting or functioning correctly:

1. If the keyboard was previously connected to another device, ensure it is disconnected from that device. On the previous device, go to Bluetooth settings and select '**Forget this Device**' for the keyboard. Note: Simply clicking 'Disconnect' may not be sufficient.
2. On your iPad, go to **Settings > Bluetooth** and select '**Forget this Device**' for the 'Bluetooth Keyboard' if it appears.
3. Restart the keyboard by turning the **ON/OFF** switch off and then on again.
4. Press the '**Pair**' button again for 3 seconds. The Bluetooth indicator light should blink, and you can attempt to reconnect from your iPad's Bluetooth settings.

Image: A graphic depicting a person contemplating Bluetooth connection issues, accompanied by troubleshooting steps.

Keyboard Enters Sleep Mode

The keyboard is designed to enter sleep mode after 10 minutes of inactivity to conserve battery. It will disconnect from your iPad in this state. To wake it up and reconnect, simply press any key on the keyboard. It will automatically re-establish the connection with your iPad.
