PERFASCIN RM-C3358 Replacement Remote Control User Manual

For JVC Smart 4K UHD LED Android TVs

1. INTRODUCTION

This manual provides instructions for the PERFASCIN RM-C3358 Replacement Remote Control. This remote is designed to function as a direct replacement for your original JVC Smart 4K UHD LED Android TV remote, offering essential control without the need for complex programming or pairing. Please note that while it provides core functionality, it may not support all advanced features of the original remote, such as voice control.

2. SETUP

2.1 Battery Installation

The PERFASCIN RM-C3358 remote control requires two AAA alkaline batteries (not included). Follow these steps to install the batteries:

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards or press the latch (if present) to open the compartment.
3. Insert two new AAA alkaline batteries, ensuring the positive (+) and negative (-) terminals align

correctly with the markings inside the compartment.

4. Replace the battery compartment cover by sliding it back into place until it clicks securely.

Important: Use only new alkaline batteries. Rechargeable batteries may not provide sufficient power for optimal performance. Ensure nothing is blocking the front of your television or the remote's infrared emitter.

4. MAINTENANCE

To ensure the longevity and optimal performance of your remote control, follow these maintenance guidelines:

- **Cleaning**: Wipe the remote control with a soft, dry cloth. Do not use liquid cleaners, sprays, or abrasive materials, as these can damage the remote's surface or internal components.
- **Battery Replacement**: Replace batteries when the remote's response becomes sluggish or it stops functioning. Always replace both batteries at the same time with new alkaline batteries.
- **Storage**: If the remote will not be used for an extended period, remove the batteries to prevent leakage, which can cause damage. Store the remote in a cool, dry place away from direct sunlight.

and extreme temperatures.

- **Avoid Drops:** Protect the remote from drops and impacts, which can damage internal circuitry.

5. TROUBLESHOOTING

If you experience issues with your PERFASCIN RM-C3358 remote control, please refer to the following common solutions:

Problem	Possible Cause	Solution
Remote is not responding.	• Dead or low batteries. • Incorrect battery orientation. • Obstruction between remote and TV. • Remote is out of range.	• Replace with two new AAA alkaline batteries. • Check battery polarity (+/-). • Ensure a clear line of sight to the TV's infrared sensor. • Move closer to the TV.
Certain functions do not work.	• This is a replacement remote, not an original. • Specific TV model incompatibility for advanced features.	• The remote is designed for core functions. Some advanced features (e.g., voice control) may not be supported. • Verify your TV model's compatibility with the RM-C3358 for basic functions.
Remote works intermittently.	• Weak batteries. • Infrared interference.	• Replace batteries with new alkaline ones. • Ensure no strong light sources (like direct sunlight) are interfering with the TV's IR receiver.

If the problem persists after trying these solutions, please contact customer support as described in Section 7.
