## Neakasa S1 Pro

# Neakasa S1 Pro Pet Grooming Kit Instruction Manual

Model: S1 Pro | Brand: Neakasa

## 1. INTRODUCTION

The Neakasa S1 Pro is an all-in-one pet grooming kit designed for ease of use, effectiveness, and affordability. Specifically engineered for household pets, it integrates a vacuum function to collect pet hair during grooming, ensuring a clean environment.

Key features include a low-noise design operating at approximately 55dB, with three adjustable suction levels to keep pets comfortable and relaxed during grooming. This kit helps maintain a clean home by efficiently removing loose hair and preventing tangles.

## 2. PRODUCT COMPONENTS

The Neakasa S1 Pro Pet Grooming Kit includes the main vacuum unit, a flexible hose, and a variety of grooming and cleaning tools designed for comprehensive pet care and home maintenance. All accessories can be neatly organized on the included storage tray.

### Included Tools:

- **Slicker Brush:** For daily grooming, effectively removing loose hair and addressing mats or tangles.
- **Deshedding Tool:** Cleans loose undercoat hair, reducing shedding around the home.
- **Rake Brush:** Removes loose undercoat and tangles.
- **Electric Clippers:** Standard wide blade for trimming hair all over the pet's body. Comes with 6 adjustable guide combs (3mm, 6mm, 9mm, 12mm, 15mm, 18mm) for various hair lengths.
- **Paw Trimmer:** Narrow blade for precise trimming of specific areas like paws, behind ears, and hindquarters.
- **Nail Grinder:** Low-speed grinding stone to prevent cutting or injuring pet's nails.
- **Lint Roller:** For removing pet hair from bedding, clothes, and sofas.
- **Crevice Tool:** For vacuuming hair from small spaces like keyboard gaps and sofa crevices.

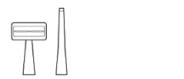

## 8-in-1 Multi-functional

### 3. SETUP

1. Unpack all components from the packaging.
2. Place the main vacuum unit on a stable, flat surface.
3. Connect the flexible hose to the designated port on the main vacuum unit. Ensure it clicks securely into place.
4. Select the desired grooming tool and attach it to the end of the flexible hose. Ensure a firm connection.
5. Plug the power cord into a suitable electrical outlet.

### 4. OPERATING INSTRUCTIONS

#### General Operation:

1. After setup, press the power button on the main vacuum unit to turn it on.

2. Adjust the suction level (low, medium, high) using the control buttons on the unit, based on your pet's comfort and grooming needs.
3. Gently apply the selected tool to your pet's coat or the area to be cleaned. The vacuum will automatically collect loose hair and debris.

### Specific Tool Usage:

- **Slicker Brush & Rake Brush:** Use in the direction of hair growth to remove loose fur and detangle.
- **Deshedding Tool:** Ideal for pets with undercoats. Use gentle, long strokes to remove shedding hair.
- **Electric Clippers:** Attach the appropriate guide comb for desired hair length. For short-haired or long-haired pets, select from 3mm, 6mm, 9mm, 12mm, 15mm, or 18mm combs. Ensure the blade is clean before use.
- **Paw Trimmer:** Use for delicate areas. Its narrow design allows for precision.
- **Nail Grinder:** Gently introduce your pet's nail to the grinder. Use short sessions to avoid overheating the nail.
- **Lint Roller & Crevice Tool:** Use these attachments directly with the vacuum hose for cleaning furniture, carpets, and tight spaces.

## 5. MAINTENANCE

### Cleaning the Dustbin:

The unique rainbow-shaped dustbin offers a 3L volume. After grooming, detach the dustbin from the main unit. Empty collected hair and debris into a waste bin. The dustbin is easy to remove and clean.

Figure 8: The 3L collecting bin and storage stand.

### Cleaning Tools:

Detachable blades and guide combs on the electric clippers can be easily swapped and cleaned. Follow recommended cleaning and maintenance procedures for each tool to ensure longevity and hygiene.

## 6. SAFETY WARNINGS

General safety warnings apply, including potential hazards such as skin irritation, eye injury from cutting blades, and electrical safety for the electric trimmer. Avoid use on infants and keep away from water sources. Always follow recommended cleaning and maintenance procedures.

- Always ensure the device is turned off and unplugged before cleaning or changing attachments.
- Keep hands and loose clothing away from moving parts.
- Do not use the device if any part is damaged.
- Supervise children and pets when the device is in use.
- Store the device in a dry place, out of reach of children and pets.

## 7. SPECIFICATIONS

| Feature            | Detail                   |
|--------------------|--------------------------|
| Product Dimensions | 27.69 x 13.67 x 33.27 cm |
| Weight             | 6.12 kg                  |
| Material           | Plastic, Metal           |
| Blade Material     | Stainless Steel          |
| Power Source       | Corded Electric          |
| Noise Level        | Approximately 55dB       |
| Suction Levels     | 3 adjustable levels      |
| Dustbin Capacity   | 3L                       |
| Color              | White                    |
| Recommended Use    | Grooming Hair            |

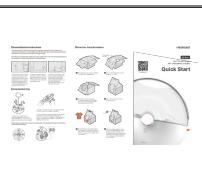

## 8. TROUBLESHOOTING

- **No Power:** Ensure the power cord is securely plugged into both the unit and the electrical outlet. Check the power switch.
- **Weak Suction:** Check if the dustbin is full and needs emptying. Ensure the hose and attachments are free from blockages. Clean or replace the filter if necessary.
- **Tools Not Working:** Ensure attachments are correctly and securely fitted to the hose. For electric clippers, check battery charge if applicable (though this model is corded, some attachments might have separate power).
- **Excessive Noise:** Verify all connections are tight. Check for any foreign objects in the hose or dustbin.

## 9. WARRANTY AND SUPPORT

For warranty information, product support, or to purchase replacement parts, please refer to the official Neakasa website or contact customer service directly. Keep your purchase receipt for warranty claims.
