

Tom Ford 5002W

Tom Ford Sunglasses FT 1049-D User Manual

Model: FT 1049-D (5002W)

1. INTRODUCTION

This user manual provides comprehensive instructions for the proper use, care, and maintenance of your Tom Ford FT 1049-D Asian Fit Sunglasses. To ensure optimal performance and longevity of your eyewear, please read this manual thoroughly before use and retain it for future reference.

2. PRODUCT OVERVIEW

The Tom Ford FT 1049-D sunglasses are designed with both style and functionality in mind, featuring a durable acetate frame and high-quality acetate lenses with a mirror coating. This model is specifically designed for an Asian fit, ensuring enhanced comfort and stability.

Figure 2.1: Tom Ford FT 1049-D Asian Fit Sunglasses. These sunglasses feature a matte black acetate frame and blue gradient mirror-coated acetate lenses. The design includes the signature 'T' logo on the temples and a comfortable nose bridge for an Asian fit.

Key Features:

- **Acetate Frame:** Provides durability and a lightweight feel.

- **Acetate Lens:** Offers clear vision and impact resistance.
- **Non-Polarized:** Suitable for various viewing conditions without interfering with digital screens.
- **Mirror Coating:** Reduces glare and adds a distinctive aesthetic.
- **Asian Fit:** Enhanced comfort and secure fit for specific facial structures.

3. SETUP

Your Tom Ford sunglasses are ready for immediate use upon unboxing. No assembly is required.

Initial Fitting:

1. Carefully remove the sunglasses from their protective case.
2. Place the sunglasses on your face, ensuring the nose pads rest comfortably on the bridge of your nose.
3. Adjust the temples (arms) to sit securely behind your ears without causing pressure.
4. If the fit feels too loose or too tight, or if the sunglasses slide down your nose, professional adjustment by an optician is recommended. Avoid attempting to bend the frame yourself, as this may cause damage.

4. OPERATING INSTRUCTIONS

These sunglasses are designed to protect your eyes from harmful UV rays and reduce glare in bright conditions. They are not intended for direct observation of the sun or for use as industrial eye protection.

Wearing Your Sunglasses:

- Always hold the sunglasses by the frame, not by the lenses, to avoid smudges and scratches.
- When not in use, fold the temples inward carefully and store them in the provided protective case.
- Avoid placing sunglasses face down on hard surfaces to prevent lens damage.

5. MAINTENANCE AND CARE

Proper care will extend the life and maintain the clarity of your Tom Ford sunglasses.

Cleaning Instructions:

1. Rinse the lenses under lukewarm running water to remove dust and loose debris. Avoid hot water, as it can damage lens coatings.
2. Apply a small drop of mild dish soap (non-lotion based) to each lens.
3. Gently rub the lenses and frame with your fingertips to clean.
4. Rinse thoroughly to remove all soap residue.
5. Dry the lenses and frame with a clean, soft microfiber cloth specifically designed for eyewear. Do not use paper towels, tissues, or clothing, as these can scratch the lenses.

Storage:

- Always store your sunglasses in the original protective case when not in use.
- Avoid exposing sunglasses to extreme temperatures, such as leaving them in a hot car, as this can warp the frame or damage lens coatings.
- Keep sunglasses away from harsh chemicals, solvents, and abrasive materials.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lenses appear smudged or dirty.	Fingerprints, dust, or improper cleaning.	Clean lenses using the recommended method in Section 5.
Sunglasses feel loose or slide down.	Frame adjustment needed.	Visit a professional optician for adjustment. Do not attempt to bend the frame yourself.
Scratches on lenses.	Improper cleaning materials or abrasive contact.	Scratches are generally permanent. Prevent by following cleaning and storage guidelines.
