

## VGR VGR-558

# VGR VGR-558 2-in-1 Flat Iron and Curling Iron Instruction Manual

Model: VGR-558

Brand: VGR

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using this appliance. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- **Burn Hazard:** Surfaces of the appliance become extremely hot during use. Avoid direct contact with skin, especially the face, neck, and hands. Use the provided heat-resistant glove for protection.
- **Electric Shock Risk:** Keep the appliance away from water. Do not use it near bathtubs, showers, sinks, or other water-filled containers. Never immerse the appliance in water or other liquids.
- **Fire Risk:** Unplug the appliance immediately after use and when not in use. Do not leave it unattended when plugged in. Ensure the appliance is placed on a heat-resistant surface, such as the included heat-proof mat, during and after use until it has cooled completely.
- **Children:** Keep the appliance out of reach of children. This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- **Damage:** Do not operate the appliance with a damaged cord or plug, or if it malfunctions or has been dropped or damaged in any manner. Contact customer support for repair.
- **Ventilation:** Do not block the air openings or place the appliance on a soft surface, such as a bed or couch, where the air openings may be blocked.

## 2. PRODUCT OVERVIEW

Image 1: The VGR VGR-558 2-in-1 Flat Iron and Curling Iron in its compact, closed position.

Image 2: The VGR VGR-558 2-in-1 Flat Iron and Curling Iron shown with its included heat-proof mat and European plug adapter.

### Key Features:

- **2-in-1 Functionality:** Easily switch between flat iron and curling iron modes.
- **Dual Voltage (100-240V):** Automatic voltage adjustment for worldwide use.
- **Ceramic Plates:** 100% Pure Ceramic plates infused with Argan Oil for smooth styling and reduced frizz.
- **Adjustable Temperature:** Multiple heat settings up to 450°F (232°C).
- **Safety Features:** Auto Turn Off function for peace of mind.
- **Convenience:** 360° Swivel Cord for tangle-free styling and Double-Click Temperature-Lock function to prevent accidental changes.
- **Travel Ready:** Includes EU/UK plug adapters and a heat-proof mat that doubles as a carrying case.

## 3. SETUP AND OPERATION

### 3.1 Initial Setup

1. Unpack the VGR-558 appliance and all accessories, including the heat-proof mat and plug adapters.
2. Place the appliance on a flat, heat-resistant surface, such as the provided mat.
3. If traveling internationally, attach the appropriate EU/UK plug adapter to the appliance's plug. For US outlets, no adapter is needed.
4. Plug the appliance into a suitable electrical outlet. The appliance features smart voltage technology (100-240V) and will automatically adjust to the local voltage.

### 3.2 Switching Between Flat Iron and Curling Iron Modes

1. To use as a **Flat Iron**: Ensure the plates are in the open position.
2. To use as a **Curling Iron**: Locate the locking mechanism on the handle. Engage the lock to bring the plates together, forming a cylindrical barrel.

### 3.3 Operating Instructions

1. **Power On**: Press and hold the power button until the indicator lights illuminate.
2. **Adjust Temperature**: Use the '+' and '-' buttons to select your desired temperature. The temperature range is up to 450°F (232°C). Allow a few moments for the appliance to heat up.
3. **Temperature Lock**: To prevent accidental temperature changes during styling, double-click the power button to activate the temperature lock function. Double-click again to unlock.
4. **Styling**:
  - **For Straightening**: Take a small section of dry hair. Place the hair between the flat plates, close them gently, and glide the iron slowly from roots to ends.
  - **For Curling**: With the appliance in curling iron mode, take a section of dry hair. Open the clamp, place the hair section under the clamp, and wrap the hair around the barrel. Hold for a few seconds, then release the clamp and gently slide the iron out.
5. **Power Off**: Press and hold the power button until the indicator lights turn off. The appliance also features an automatic shut-off function after a period of inactivity for safety.
6. **Cool Down**: Allow the appliance to cool completely on the heat-proof mat before storing.

## 4. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your VGR-558 appliance.

- **Cleaning**: Ensure the appliance is unplugged and completely cool before cleaning. Wipe the ceramic plates and exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage**: Store the appliance in a dry, safe place, away from moisture and extreme temperatures. Use the provided heat-proof mat as a storage pouch for convenience and protection. Do not wrap the power cord around the appliance, as this can damage the cord.
- **Cord Care**: Regularly inspect the power cord for any signs of damage. If the cord is damaged, do not use the appliance and contact customer support.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your VGR-558, refer to the following common troubleshooting steps:

- **Appliance not turning on**:
  - Ensure the appliance is securely plugged into a working electrical outlet.
  - Check if the power button is pressed and held for a few seconds to activate.
  - Verify that the power outlet is functional by testing it with another device.

- **Appliance not heating up:**

- Confirm that the desired temperature has been selected using the '+' button.
- Allow sufficient time for the appliance to reach the set temperature.

- **Hair not straightening/curling effectively:**

- Ensure hair is completely dry before styling.
- Use smaller sections of hair for better results.
- Increase the temperature setting if your hair type requires more heat.
- For curling, ensure hair is wrapped tightly around the barrel and held for an appropriate duration.

- **Temperature changes accidentally:**

- Activate the Double-Click Temperature-Lock function by double-clicking the power button after setting the desired temperature.

If the issue persists after trying these steps, please contact VGR customer support.

## 6. SPECIFICATIONS

Feature	Detail
Model Number	VGR-558
Product Dimensions	12 x 2 x 2 inches
Weight	1.52 Pounds
Voltage	100-240V (Dual Voltage)
Max Temperature	450°F (232°C)
Plate Material	Ceramic (Argan Oil Infusion)
Color	Blue
Manufacturer	VGR
First Available	August 30, 2023

## 7. WARRANTY AND SUPPORT

Information regarding product warranty and customer support was not provided in the source data. Please refer to the product packaging or the manufacturer's official website for details on warranty coverage and how to contact customer support for assistance.
