OPERATING AND PLAY FEATURES

Once assembled, your LEGO Star Wars Battle Pack is ready for imaginative play. Engage in epic battles between Clone Troopers and Battle Droids using the various vehicles and defensive structures.

Engaging in Battle

- **Speeder Bike Action:** Place two Clone Troopers on the Speeder Bike. Press the stud shooters to launch projectiles at enemy droids.
- **Tri-Droid Attack:** Position the Tri-Droid and rotate its top. Use the flick shooters to simulate firing at Clone Troopers.
- **STAP Speeder Maneuvers:** Mount a Battle Droid on the STAP Speeder for quick reconnaissance or flanking maneuvers.
- **Defensive Post:** Utilize the defensive post to provide cover for your Clone Troopers and fire its stud shooter.

- **Minifigure Posing:** Articulate the minifigures and droids to create dynamic battle scenes.

MAINTENANCE AND CARE

To ensure the longevity of your LEGO set, follow these care guidelines:

- **Cleaning:** Clean LEGO bricks and figures with a mild soap solution and lukewarm water (not exceeding 40°C or 104°F). Rinse thoroughly and air dry. Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and warping. Keep small pieces in a container to avoid loss.
- **Handling:** Handle the assembled models with care to prevent pieces from detaching.

TROUBLESHOOTING

If you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** If you find a piece missing, double-check all packaging and the surrounding area. LEGO offers a service to replace missing bricks. Visit the official LEGO customer service website for assistance.
- **Assembly Difficulties:** Refer to the building instructions carefully. Ensure you are using the correct pieces for each step. The LEGO Builder app can provide a clearer 3D view if you are having trouble with a specific step.
- **Loose Connections:** Ensure pieces are firmly pressed together. Some connections may require more force than others.
