Belkin AUD005btBLK

Belkin SoundForm Adapt Wireless Over-Ear Headset

Model: AUD005btBLK

INTRODUCTION

The Belkin SoundForm Adapt Wireless Over-Ear Headset is designed for versatile use, providing comfort and clear audio for work, casual gaming, and general listening. It features a built-in boom microphone with Environmental Noise Cancellation (ENC) and offers both wireless Bluetooth and wired connectivity options. The headset is constructed with post-consumer recycled content and comes in plastic-free packaging, reflecting a commitment to sustainability.

The Belkin SoundForm Adapt Wireless Over-Ear Headset, showcasing its sleek black design and adjustable boom microphone.

WHAT'S IN THE BOX

Your Belkin SoundForm Adapt Wireless Over-Ear Headset package includes the following items:

- 1 x SoundForm Adapt Wireless Over-Ear Headset
- 1 x USB-C to USB-C cable (for charging)
- 1 x Audio cable with 3.5mm connectors (for wired listening)

SETUP

1. Charging the Headset

Before initial use, fully charge your headset. Connect the provided USB-C to USB-C cable to the headset's USB-C port and a compatible power source. A full charge provides approximately 45 hours of playtime.

2. Bluetooth Pairing

1. Ensure the headset is powered off.

2. Press and hold the power button for 2 seconds until the LED indicator flashes blue, indicating pairing mode.
3. On your device (phone, tablet, or laptop), go to Bluetooth settings and select "Belkin SoundForm Adapt" from the list of available devices.
4. Once connected, the LED indicator will turn solid blue.

The headset supports Bluetooth 5.2 and multipoint technology, allowing connection to two devices simultaneously for seamless switching.

Wireless freedom and compatibility.

Our headset with Bluetooth 5.2 can connect wirelessly to any compatible device. It works seamlessly with popular video conferencing sites like Microsoft Teams and Zoom.

Enjoy wireless freedom and compatibility with various devices via Bluetooth 5.2.

3. Wired Connection

For wired listening, connect the provided 3.5mm audio cable to the headset's 3.5mm audio input and your device's audio jack. The 3.5mm cable includes inline controls for convenience.

OPERATING INSTRUCTIONS

Controls

The headset features intuitive touch controls located on the earcups:

- **Power On/Off:** Press and hold the power button.
- **Volume Control:** Use the dedicated volume buttons (+/-).
- **Play/Pause:** Tap the multi-function button.
- **Call Management:** Answer/end calls using the multi-function button.

Intuitive touch controls and indicators.

Touch to control volume and power, easy pairing with a 2 second hold to connect Bluetooth. The boom mic conveniently flips up to mute.

Detailed view of the intuitive touch controls for easy operation.

Microphone Usage

The integrated boom microphone provides clear voice capture for calls and gaming. It features a convenient flip-to-mute function:

- To **mute** the microphone, flip the boom arm upwards.
- To **unmute** the microphone, flip the boom arm downwards.

Environmental Noise Cancellation (ENC) technology helps reduce background noise, ensuring your voice is heard clearly by others.

Wireless freedom and compatibility.

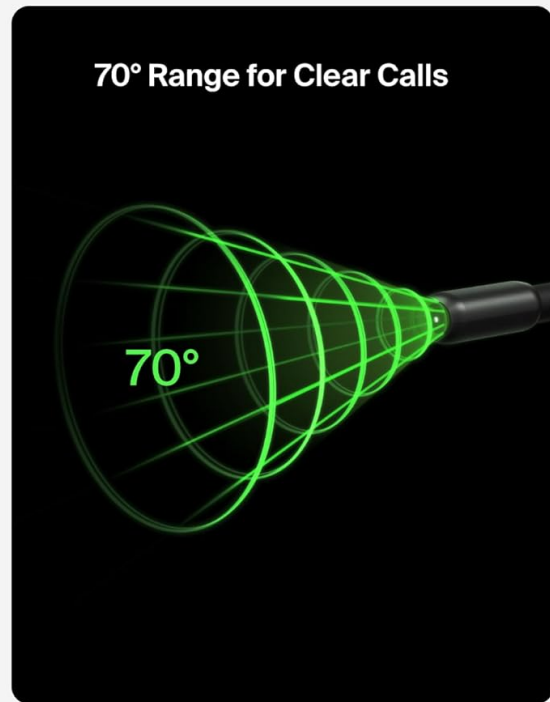

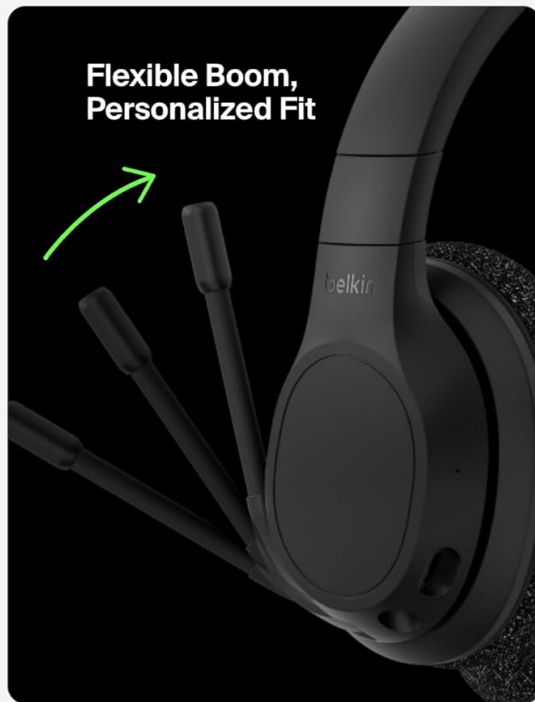

Our headset with Bluetooth 5.2 can connect wirelessly to any compatible device. It works seamlessly with popular video conferencing sites like Microsoft Teams and Zoom.

The flexible boom microphone offers personalized fit and a 70-degree range for clear voice capture.

Flexible Mic, Clear Voice

Stay clear and comfortable with a durable, adjustable mic built for precise voice capture.

The headset is ideal for all-day listening and quality calls, even in busy environments.

MAINTENANCE

Cleaning

To maintain the headset's condition, wipe the earcups and headband with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Do not submerge the headset in water.

Storage

When not in use, store the headset in a cool, dry place away from direct sunlight and extreme temperatures. The headset features a foldable design for easy storage and portability.

Great sound without distraction.

ENC (Environmental Noise Cancellation) removes background noise from the office or home, so you're heard clearly on your calls and you'll hear playlists, podcasts, and calls in flawless detail.

The headset's foldable design makes it easy to store and transport.

TROUBLESHOOTING

If you encounter issues with your Belkin SoundForm Adapt headset, please refer to the following common solutions:

Problem	Solution
No sound from headset	<ul style="list-style-type: none">Ensure headset is powered on and charged.Verify Bluetooth connection is active and selected as audio output on your device.Check volume levels on both headset and device.If using wired connection, ensure cable is fully inserted.
Cannot pair via Bluetooth	<ul style="list-style-type: none">Ensure headset is in pairing mode (flashing blue LED).Disable and re-enable Bluetooth on your device.Move headset closer to your device.Forget the device in your Bluetooth settings and attempt to pair again.

Problem	Solution
Microphone not working or unclear	<p>Ensure the boom microphone is flipped down (unmuted).</p> <p>Check microphone input settings on your device.</p> <p>Ensure no obstructions are blocking the microphone.</p>

If the issue persists, please contact Belkin customer support for further assistance.
