

BAMEOS 31x7 3Pcs Boathouse Oak

BAMEOS Floating Shelves User Manual

Model: 31x7 3Pcs Boathouse Oak

PRODUCT OVERVIEW

The BAMEOS Floating Shelves are designed to maximize space and enhance the aesthetic appeal of any room. These wall-mounted wooden shelves feature invisible brackets for a clean, modern look. This set includes three shelves, each measuring 31.5 inches in length, 7.7 inches in width, and 1.5 inches in height, making them ideal for organizing various items and decorating your living space.

Key Features

- **Wide Shelf Boards:** Each board measures 31.5" L x 7.7" W x 1.5" H, providing ample space for decor and storage.
- **Versatile Use:** Suitable for various rooms including bedrooms, bathrooms, living rooms, studies, kitchens, and more.
- **Durable Material:** Constructed from MDF with a frosted surface texture for a modern finish.
- **Enhanced Stability:** Upgraded invisible brackets ensure better weight-bearing capacity.
- **Easy Installation:** Designed for quick and straightforward assembly.
- **Load Capacity:** Supports up to 20 lbs when properly installed.

The BAMEOS Floating Shelves offer a stylish and functional storage solution for any room.

SETUP GUIDE

Follow these steps for a secure and proper installation of your BAMEOS Floating Shelves. Ensure you have all included components before beginning.

Included Components:

- Floating Shelf Boards (3)
- Invisible Brackets
- Assembly Tool
- Detailed Step-by-Step Instructions

Installation Steps:

1. **Prepare the Wall:** Choose a suitable location on your wall. Use a level to mark the desired height and ensure the shelf will be straight.
2. **Install Brackets:** Following the detailed instructions provided, securely attach the invisible brackets to the wall using the included assembly tool. Ensure the brackets are firmly anchored into wall studs or appropriate wall anchors for drywall.

3. **Mount the Shelf:** Carefully slide the floating shelf board onto the installed brackets. Ensure it fits snugly and is flush against the wall.
4. **Verify Stability:** Gently test the shelf's stability. It should feel secure and not wobble.
5. **Repeat for Additional Shelves:** If installing multiple shelves, repeat steps 1-4, ensuring proper spacing and alignment between each shelf.

Important Safety Note: Do not exceed the 20 lbs (9 kg) load capacity per shelf. Ensure proper installation and support to prevent accidents.

Shelf dimensions are crucial for planning your installation space.

Installation is designed to be quick, with a robust load capacity.

USAGE GUIDELINES

BAMEOS Floating Shelves are highly versatile and can be used to organize and display items in various settings. Consider the weight limit of 20 lbs per shelf when arranging items.

Recommended Uses:

- **Bathroom:** Store beauty products, toiletries, and small towels.
- **Bedroom:** Display books, small decor, or personal items.
- **Living Room:** Showcase photo frames, small plants, or decorative accents.
- **Kitchen:** Organize spices, jars, or small kitchen essentials.
- **Study/Office:** Hold small books, office supplies, or decorative elements.

Utilize shelves in the bathroom for organizing toiletries and essentials.

Floating shelves provide functional storage and display in a home office.

Organize your kitchen with floating shelves for easy access to frequently used items.

CARE AND MAINTENANCE

To maintain the appearance and longevity of your BAMEOS Floating Shelves, follow these simple care instructions:

- **Cleaning:** Wipe the shelves with a dry cloth to remove dust and light dirt. Avoid using abrasive cleaners or harsh chemicals, as these may damage the frosted finish.
- **Spills:** In case of spills, wipe immediately with a dry or slightly damp cloth to prevent staining or water damage.
- **Load Management:** Always adhere to the maximum weight capacity of 20 lbs per shelf to prevent structural damage or detachment from the wall.
- **Environmental Conditions:** Avoid placing shelves in areas with extreme humidity or direct prolonged sunlight, which can affect the wood material over time.

TROUBLESHOOTING

If you encounter any issues with your BAMEOS Floating Shelves, consider the following common solutions:

Shelf Appears Unstable or Loose:

- **Check Installation:** Ensure that the invisible brackets are securely fastened to the wall studs or appropriate heavy-duty wall anchors. Loose screws or inadequate anchors can cause instability.
- **Verify Load:** Confirm that the total weight on the shelf does not exceed the 20 lbs (9 kg) limit. Overloading is a common cause of instability.
- **Re-tighten Screws:** If the shelf feels slightly loose, carefully re-tighten all mounting screws.

Shelf is Not Level:

- **Use a Level:** During installation, always use a spirit level to mark the mounting points accurately. If already installed, you may need to slightly adjust the bracket placement.
- **Check Wall Surface:** Ensure the wall surface is flat and even. Irregularities can affect the levelness of the shelf.

If these steps do not resolve the issue, please refer to the Warranty and Support section for further assistance.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	BAMEOS
Model	31x7 3Pcs Boathouse Oak
Product Dimensions (Each Shelf)	31.5" W x 7.7" D x 1.5" H (7.68"D x 31.5"W x 1.5"H)
