## MAINTENANCE

---

Proper care and maintenance will extend the life and appearance of your outdoor furniture set.

- **Cushion Care:** The cushion covers are removable and washable. Unzip and remove the covers for cleaning. Hand wash or machine wash on a gentle cycle with cold water. Air dry only; do not tumble dry.
- **Rattan Frame Care:** Wipe the PE rattan frame with a damp cloth and mild soap solution. Rinse

thoroughly with clean water and dry completely. Avoid using harsh chemicals or abrasive cleaners.

- **Steel Frame Care:** Inspect the steel frame periodically for any signs of rust. If rust appears, clean the affected area and apply a rust-inhibiting paint.
- **Storage:** During prolonged periods of non-use or harsh weather conditions (e.g., heavy rain, snow, extreme cold), it is recommended to cover the furniture with a protective cover or store it indoors to prevent damage and prolong its lifespan.

## TROUBLESHOOTING

---

If you encounter any issues with your furniture set, please refer to the following common solutions:

Problem	Possible Cause	Solution
Furniture feels wobbly after assembly.	Screws are not fully tightened or unevenly tightened.	Ensure all screws are tightened evenly and securely. Check that all pieces are correctly aligned as per the assembly instructions.
Cushions appear flattened or misshapen.	Prolonged compression or improper storage.	Fluff cushions regularly. If covers are removable, adjust the foam insert. Store cushions indoors when not in use to maintain their shape.
Rattan appears faded or brittle.	Prolonged exposure to direct sunlight or harsh weather without protection.	Regularly clean and protect the rattan. Consider using a UV-protective spray for outdoor furniture. Cover the furniture when not in use.

If the issue persists, please contact customer support.
