

## MAMAZING #89188

# EvoNook 6-in-1 Convertible Mini Crib - Instruction Manual

Model: #89188 | Brand: MAMAZING

## INTRODUCTION

---

The MAMAZING EvoNook 6-in-1 Convertible Mini Crib is designed to grow with your child, offering versatile configurations from infancy through toddlerhood. Crafted from sustainably sourced New Zealand pine and TSCA-compliant recycled wood fibreboard, this crib prioritizes safety, durability, and aesthetic appeal. Its non-toxic, lead and phthalate-safe painting process ensures a healthy environment for your baby. The hidden hardware design provides a clean and uncluttered appearance, seamlessly blending into modern nursery aesthetics.

This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your EvoNook Mini Crib.

## SAFETY INFORMATION

---

### WARNING:

- Always follow assembly instructions carefully. Ensure all screws and fasteners are securely tightened before use.
- Do not use the crib if any parts are broken, torn, or missing. Contact customer support for replacement parts.
- To prevent falls, do not leave a child in the crib when they are able to climb out.
- The maximum weight recommendation for this crib is 55 pounds.
- The maximum height recommendation for a child using this crib is 37.5 inches.
- Never use plastic shipping bags or other plastic film as mattress covers not sold by the manufacturer, because they can cause suffocation.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- To prevent problems during use, 8 screws need to be removed to complete the folding, ensuring safety during use.

## PARTS LIST

---

Please ensure all components are present before beginning assembly. Refer to the included Assembly Instruction manual for a detailed list and diagrams of all parts and hardware.

- Crib Frame Components (Side Rails, End Panels)
- Mattress Support Base
- Adjustable Legs / Rocking Base
- Wheels (for Mini Size Crib configuration)
- Assembly Hardware (screws, bolts, etc.)
- Mattress (1 inch thickness)

## SETUP AND ASSEMBLY

---

The EvoNook Mini Crib is designed for simple and quick assembly. The main crib body comes pre-assembled, requiring only the attachment of the legs and mattress base for initial setup.

### Initial Assembly Steps:

1. Unpack all components and verify against the parts list in the separate Assembly Instruction manual.
2. Carefully unfold the main crib body.
3. Attach the chosen leg configuration (stationary or rocking) to the base of the crib.
4. Insert the mattress support base at the desired height.
5. Secure all connections with the provided hardware, ensuring they are tight.

Video: This video demonstrates the assembly process of the EvoNook Mini Crib, including how to set it up from its folded state and convert it into different configurations like the cradle and mini-size crib. It also highlights the ease of movement with its wheels.

## OPERATING INSTRUCTIONS

---

### 6-in-1 Convertibility:

The EvoNook Mini Crib offers six versatile configurations to adapt to your child's growth and your family's needs:

- **Mini Size Crib:** Standard crib setup with wheels for easy mobility.
- **Mini Day Bed:** Converts by removing one side rail, ideal for toddlers.
- **Cradle:** Utilizes the rocking base for gentle soothing.
- **Twin-sized Bed Headboard:** The crib frame can be used as a headboard for a twin-sized bed (conversion kit sold separately).

- **Mini Kids Sofa:** A comfortable seating option for older children.
- **Playpen:** Provides a safe enclosed space for play.

## Four Height Adjustments

Image: A visual guide illustrating the seven different configurations of the EvoNook crib, including mini size crib, mini toddler bed, cradle, mini kids sofa, playpen, mini day bed, and twin-size bed headboard.

### Adjustable Mattress Heights:

The crib features 4 adjustable mattress heights to accommodate your child's developmental stages and ensure safety:

- **Highest Position:** For newborns and infants who cannot push up on hands and knees.
- **Mid-High Position:** For babies who are starting to roll over or sit up.
- **Mid-Low Position:** For babies who can pull themselves to a standing position.
- **Lowest Position:** For toddlers who are able to stand and are nearing the maximum height recommendation.

Image: A diagram illustrating the four adjustable mattress height settings, labeled for different stages: Baby nap time, Rolling around, Learning to sit, and Standing tall.

### **2-in-1 Adaptable Legs (Rocking/Stable):**

The crib's legs can be easily adapted to provide either a gentle rocking motion or a stable, stationary position. This feature allows you to soothe your baby to sleep or keep the crib firmly in place.

# Crafted with Care

Designed for safety

Image: A diagram showcasing the crib's adaptable legs, demonstrating how they can be configured for a gentle 9.8° rocking motion or a stable, stationary position.

## Portability:

Equipped with silent universal wheels, the EvoNook Mini Crib can be easily moved from room to room, allowing you to keep your baby close at all times. The wheels can be locked for stability when the crib is in its desired location.

## MAINTENANCE

---

To maintain the quality and appearance of your EvoNook Mini Crib, follow these simple care instructions:

- **Cleaning:** Wipe the crib surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that could damage the wood finish or non-toxic paint.
- **Inspections:** Regularly check all screws, bolts, and hardware to ensure they are tight and secure. Periodically inspect for any signs of wear, damage, or loose parts.
- **Storage:** When not in use, the crib can be folded for compact storage. Ensure all 8 designated screws are removed to facilitate safe folding. Store in a dry, cool place away from direct sunlight or extreme temperatures.

## TROUBLESHOOTING

---

If you encounter any issues with your EvoNook Mini Crib, please refer to the following common solutions:

Problem	Possible Cause / Solution
Crib feels unstable or wobbly.	Ensure all assembly screws and bolts are fully tightened. Check that the legs are correctly installed and locked into position (if using stationary mode).
Difficulty folding the crib.	As per safety instructions, 8 specific screws must be removed to enable the folding mechanism. Refer to the Assembly Instruction manual for exact locations. Do not force the folding if resistance is met.
Missing parts upon delivery.	Carefully check all packaging materials. If parts are genuinely missing, contact MAMAZING customer support immediately for assistance.
Mattress feels too thin or uncomfortable.	The included mattress has a thickness of 1 inch. For additional comfort, a thicker mini crib mattress can be purchased separately, ensuring it fits snugly and safely within the crib dimensions. Adjust mattress height accordingly.

If the problem persists or is not listed here, please contact MAMAZING customer support for further assistance.
