5.3 Network Connection

For online translation and updates, connect the device to a Wi-Fi network or mobile hotspot. Navigate to the settings menu on the device, select "Network" or "Wi-Fi," and choose your desired network. Enter the password if prompted.

6. OPERATING INSTRUCTIONS

6.1 Scanning and Translation (OCR)

To scan text, select the "Scan Translate" function from the main menu. Position the scanning head (located at the bottom of the pen) over the text you wish to scan. Ensure the text is well-lit. Gently slide the pen across the line of text. The scanned text will appear on the screen instantly. If translation is enabled, the translated text will also be displayed.

6.4 Excerpt and Smart Record

The "Excerpt" function allows you to save scanned text snippets for later review or export. The "Smart Record" feature enables intelligent voice recording, useful for lectures or meetings, with options for transcription or translation.

6.5 Volume Control

Adjust the device's volume using the dedicated volume buttons located on the side of the pen. Press the '+' button to increase volume and the '-' button to decrease it.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device's exterior. For the screen, use a microfiber cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.
- **Software Updates:** Periodically check for software updates via the device's settings menu to ensure optimal performance and access to new features.

8. TROUBLESHOOTING

Problem	Possible Cause / Solution
Device does not power on.	Battery might be depleted. Connect to charger and try again. Ensure power button is pressed and held sufficiently.
Scanning is inaccurate or slow.	Ensure the scanning head is clean. Scan slowly and steadily. Ensure adequate lighting. Text might be too small or irregular.
Translation not working (online).	Check Wi-Fi connection. Ensure the device is connected to a stable network. Restart the device and try again.
No sound from speaker.	Check volume level using the volume buttons. Ensure device is not in silent mode.
Device freezes or becomes unresponsive.	Press and hold the power button for about 10-15 seconds to force a restart. If issues persist, contact support.
