Blackview AirBuds 10 Open Ear Headphones User Manual

Model: Airbuds 10

[Introduction](#) [Safety Information](#) [Package Contents](#) [Product Overview](#) [Setup](#) [Operating Instructions](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

Thank you for choosing the Blackview AirBuds 10 Open Ear Headphones. This manual provides detailed instructions on how to set up, operate, and maintain your new headphones. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

2. SAFETY INFORMATION

- Do not expose the device to extreme temperatures or humidity.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself. Contact authorized service personnel.
- Keep the device away from children and pets.
- Use only the provided charging cable and adapter.
- Prolonged listening at high volume levels may cause hearing damage. Adjust volume to a safe level.
- Be aware of your surroundings when using open-ear headphones, especially in traffic or hazardous environments.

3. PACKAGE CONTENTS

The Blackview AirBuds 10 package includes the following items:

- Blackview AirBuds 10 Open Ear Headphones (Left and Right)
- Wireless Charging Case
- USB-C Charging Cable
- User Manual

4. PRODUCT OVERVIEW

The Blackview AirBuds 10 feature an open-ear design with ear hooks for a secure and comfortable fit, allowing you to stay aware of your surroundings while enjoying audio. They are equipped with 16.2mm dynamic drivers for rich sound and

Bluetooth 5.3 for stable connectivity.

Image: Blackview AirBuds 10 Open Ear Headphones and their charging case. The earbuds are black with silver accents on the ear hooks, and the charging case is a sleek black oval shape with the Blackview logo.

Key Features:

- **Open Ear Design:** Rests securely on the ears without entering the ear canal, enhancing situational awareness.
- **16.2mm Dynamic Drivers:** Delivers powerful and clear audio.
- **Bluetooth 5.3:** Provides stable, low-latency wireless connection.
- **IPX7 Waterproof:** Resistant to water splashes and sweat, suitable for sports.
- **Dual Microphones with ENC:** Ensures clear calls by reducing ambient noise.
- **Smart Touch Control:** Easy management of music, calls, and volume.
- **Long Battery Life:** Up to 45 hours of total playtime with the charging case.

5. SETUP

5.1 Charging the AirBuds 10

Before first use, fully charge the charging case and earbuds.

1. Place the earbuds into the charging case, ensuring they are correctly seated.
2. Connect the USB-C charging cable to the charging port on the case and the other end to a USB power adapter (not included) or a computer's USB port.
3. The indicator light on the charging case will show charging status. A full charge typically takes about 1.5 hours for the earbuds and case.

Image: Illustration showing the Blackview AirBuds 10 earbuds and charging case, highlighting the 40 hours of total battery life and Type-C fast charging capability.

5.2 Pairing with Your Device

The AirBuds 10 use Bluetooth 5.3 for a fast and stable connection.

1. First-time Pairing:

- Open the charging case. The earbuds will automatically enter pairing mode.
- On your device (smartphone, tablet, computer), enable Bluetooth.
- Search for "Blackview AirBuds 10" in the list of available Bluetooth devices and select it to connect.
- Once connected, you will hear a confirmation tone.

2. **Automatic Reconnection:** After the first successful pairing, the earbuds will automatically connect to the last paired device when removed from the charging case.

3. **Pairing with a New Device:** Disconnect the earbuds from the current device, then follow the first-time pairing steps.

Image: A graphic illustrating Bluetooth 5.3 technology, emphasizing stable connection, lower power consumption, longer transmission range, and lower latency. The AirBuds 10 are shown next to a laptop and smartphone displaying music interfaces.

Image: A visual representation of the Blackview AirBuds 10's wide compatibility with various devices, including Apple, Android, and Windows products like iPhones, iPads, smartwatches, laptops, and other smartphones.

6. OPERATING INSTRUCTIONS

6.1 Wearing the Earbuds

The AirBuds 10 feature an open-ear design with flexible ear hooks for a secure and comfortable fit, especially during physical activities.

1. Identify the Left (L) and Right (R) earbuds.
2. Gently hook the earbud over your ear, positioning the speaker part to rest just outside your ear canal.
3. Adjust the ear hook for a snug and comfortable fit. The open-ear design allows you to hear your surroundings.

Image: A man smiling while wearing a Blackview AirBuds 10 earbud, illustrating the comfortable open-ear structure that protects the ear canal, prevents falling out, enhances outdoor safety, and provides overall comfort.

Staying Safe and Connected

Essential for Outdoor Activities

You can stay aware of your surroundings while listening to music.

Image: A man cycling on a road, wearing Blackview AirBuds 10, emphasizing the ability to stay aware of surroundings while listening to music, essential for outdoor activities.

Widely Compatible

Image: A man in athletic wear demonstrating the unique earhook design of the Blackview AirBuds 10, highlighting its flexible fit and secure hold, particularly suitable for strenuous exercise like running or cycling.

6.2 Smart Touch Controls

The AirBuds 10 feature intuitive touch controls on each earbud for easy management of audio playback, calls, and voice assistant.

Action	Left Earbud (L)	Right Earbud (R)
Play/Pause Music	Double Tap	Double Tap
Answer/End Call	Double Tap	Double Tap
Next Track	N/A	Triple Tap
Previous Track	Triple Tap	N/A
Volume Up	N/A	Single Tap
Volume Down	Single Tap	N/A

Action	Left Earbud (L)	Right Earbud (R)
Activate Voice Assistant (Siri/Google Assistant)	Press and Hold (2s)	Press and Hold (2s)

Image: A detailed diagram illustrating the smart touch controls on the Blackview AirBuds 10, showing gestures for play/pause, answer/hang up calls, next/previous song, volume up/down, and activating Siri.

Unique Earhook Design

Flexible Fit and Never Fall Out

Particularly suitable for strenuous exercise, e.g. running, fitness, cycling, etc.

Image: A graphic demonstrating the smart touch controls of the Blackview AirBuds 10, with icons for various functions like play, microphone, call, volume, and Siri, indicating easy one-handed operation.

6.3 Single/Dual Earbud Mode

You can use both earbuds together for stereo sound or use a single earbud independently.

- **Dual Mode:** Simply take both earbuds out of the charging case and they will automatically connect to each other and your device.
- **Single Mode:** You can use either the left or right earbud independently. Just take one earbud out of the case, and it will connect to your device. The other earbud can remain in the case or be charged.

6.4 Sound Quality and Call Function

The AirBuds 10 are equipped with 16.2mm dynamic drivers for a rich audio experience. Dual microphones with Environmental Noise Cancellation (ENC) ensure clear voice pickup during calls by reducing ambient noise.

Ultra Clear Stereo Sound Quality

ENC call noise reduction
16.2mm dynamic low-power loud speaker

Image: A close-up diagram of the 16.2mm dynamic driver within the Blackview AirBuds 10, highlighting its role in delivering ultra-clear stereo sound quality and ENC call noise reduction.

Image: A graphic illustrating the effect of Environmental Noise Cancellation (ENC) on sound quality, showing a clearer sound wave after noise reduction, emphasizing the ultra-clear stereo sound provided by the 16.2mm dynamic low-power loudspeaker.

7. MAINTENANCE

7.1 Cleaning

- Use a soft, dry, lint-free cloth to clean the earbuds and charging case.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts on both earbuds and case are clean and dry for proper charging.

7.2 Water Resistance (IPX7)

The AirBuds 10 are IPX7 waterproof, meaning they can withstand immersion in water up to 1 meter for 30 minutes. This makes them suitable for workouts and protection against sweat and rain.

- Do not intentionally submerge the earbuds in water for extended periods.
- Ensure the earbuds are completely dry before placing them back into the charging case to prevent damage.
- The charging case is not waterproof.

7.3 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter any issues with your Blackview AirBuds 10, please refer to the following common problems and solutions:

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not pairing with device.	<ul style="list-style-type: none"> Ensure earbuds are charged and out of the case. Turn off and on Bluetooth on your device. Forget "Blackview AirBuds 10" from your device's Bluetooth list and re-pair. Ensure no other devices are connected to the earbuds.
Only one earbud is working.	<ul style="list-style-type: none"> Place both earbuds back into the charging case, close the lid, wait a few seconds, then take them out again. Ensure both earbuds are charged. Try resetting the earbuds (refer to manufacturer's website for specific reset instructions if needed).
Earbuds not charging.	<ul style="list-style-type: none"> Ensure the charging cable is securely connected to both the case and the power source. Check if the charging contacts on the earbuds and inside the case are clean and free of debris. Try a different USB-C cable or power adapter.
Low volume or poor sound quality.	<ul style="list-style-type: none"> Adjust the volume on both your device and using the earbud touch controls. Ensure the earbuds are positioned correctly on your ears. Check for any obstructions on the speaker grilles. Move closer to your connected device to avoid interference.

9. SPECIFICATIONS

Feature	Detail
Model Name	Airbuds 10
Brand	Blackview
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth 5.3
Bluetooth Range	10 Meters
