onerbl MODEL1010

onerbl 5V USB-C AC-DC Adapter Instruction Manual

Compatible with Hyper Tough Model 1010

Introduction

This manual provides essential information for the safe and effective use of your onerbl 5V USB-C AC-DC Adapter. This adapter is designed to provide reliable power to compatible devices, specifically the Hyper Tough Model 1010 1200-Lumen 3.7V Rechargeable Lithium-ion Battery LED Portable Work Light, and other devices requiring a 5V USB Type C power supply.

Please read this manual thoroughly before using the product and retain it for future reference.

Product Features

- **Universal Input:** Supports AC 100-240V, 50/60Hz for worldwide compatibility.
- **Output:** Provides stable 5V DC power.
- **Connector:** Equipped with a USB Type C connector for modern devices.
- **Safety Protections:** Features built-in safeguards against over-voltage, over-current, and short-circuit conditions.
- **Durable Design:** Constructed with quality materials, including copper wire and a PVC jacket, for enhanced longevity.
- **Extended Cable:** Designed with an extended cord for convenient reach.

Setup

1. **Unpack:** Carefully remove the onerbl 5V USB-C AC-DC Adapter and included USB cable from its packaging.

2. **Inspect:** Check the adapter and cable for any visible damage. Do not use if damage is present.
3. **Connect to Device:** Insert the USB Type C end of the cable into the charging port of your Hyper Tough Model 1010 work light or other compatible device.
4. **Connect to Power Outlet:** Plug the AC adapter into a standard wall outlet (AC 100-240V).

Operating Instructions

Once connected, the adapter will begin supplying power to your device. For charging, ensure your device is powered off or in a charging-compatible state as per its own instruction manual. The charging indicator on your device (if available) will typically illuminate to confirm charging is in progress.

- Always ensure the adapter is securely plugged into both the wall outlet and your device.
- Disconnect the adapter from the wall outlet when not in use or when charging is complete.

Safety Information

- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to disassemble or modify the adapter. This will void any potential warranty and may cause electrical hazards.
- Ensure the adapter is used in a well-ventilated area.
- Keep out of reach of children.
- If the adapter or cable becomes damaged, discontinue use immediately and replace it with a suitable alternative.
- The adapter is designed for indoor use only.

Maintenance

- **Cleaning:** Disconnect the adapter from the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cable too tightly around the adapter to prevent damage.

Troubleshooting

- **Device not charging:**
  - Ensure both ends of the cable are securely connected.
  - Try plugging the adapter into a different wall outlet.
  - Verify that your device is compatible with a 5V USB Type C power supply.
  - Check the cable for any visible damage. Replace if necessary.
- **Adapter feels warm:**
  - It is normal for the adapter to feel slightly warm during operation. If it becomes excessively hot or emits a burning smell, disconnect it immediately and discontinue use.

Specifications

Brand	onerbl
Model Compatibility	Hyper Tough Model 1010 (and other 5V USB-C devices)
Input Voltage	AC 100-240V, 50/60Hz
Output Voltage	DC 5V
Wattage	5 Watts
Connector Type	USB Type C
Included Components	USB Cable

Warranty and Support

For specific warranty information, please refer to the documentation provided at the time of purchase or contact your retailer. If you encounter any issues not covered in this manual, please reach out to the product manufacturer or seller for assistance.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
