## Connecting to Devices

The Krysenix PG1 headset offers multi-platform compatibility through its 3.5mm jack and a USB connection for RGB lighting.

- For PC/Laptop/Mac (with separate audio/mic ports):** Connect the headset's 3.5mm jack to the included 3.5mm 1-to-2 audio splitter cable. Plug the green connector of the splitter into your device's audio output (headphone) port and the pink connector into the microphone input port. For RGB lighting, connect the USB cable to an available USB port.
- For PS4/PS5/Nintendo Switch/Mobile/Tablet (with combined 3.5mm audio/mic port):** Plug the headset's 3.5mm jack directly into the device's 3.5mm audio port. For RGB lighting, connect the USB cable to an available USB port on your console or a power source.
- For Xbox One/Xbox Series X/S:** An additional adapter (not included) may be required for older Xbox One controllers that do not have a 3.5mm jack. For controllers with a 3.5mm jack, plug the headset's 3.5mm jack directly into the controller. For RGB lighting, connect the USB cable to an available USB port on the console or a power source.

## MAINTENANCE

Proper care will extend the life of your Krysenix PG1 Gaming Headset.

- Cleaning:** Use a soft, dry cloth to wipe down the headset. For ear cushions, a slightly damp cloth can be used, but ensure they are completely dry before use. Do not use harsh chemicals or abrasive cleaners.
- Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the headset.
- Cable Care:** Avoid sharp bends or excessive pulling on the cable to prevent damage.
