## PRODUCT FEATURES

The PowerLocus P3 headphones are equipped with advanced features for an enhanced listening experience:

- **Hi-Fi Sound Experience:** Equipped with 40mm audio drivers for rich, superior audio performance with deep bass and extended treble. Features 4 EQ Music Modes: Pop, Bass, Vocal, and Rock.
- **Superior Comfort:** Ergonomic design with soft memory foam earmuffs and a softly padded headband for a secure and comfortable fit during extended use.
- **Long Playtime & Wired Mode:** Offers more than 50 hours of wireless playtime. Includes a 3.5mm wired mode for continued use when the battery is depleted. USB-C fast charging technology is supported.
- **Bluetooth 5.3 and Built-in Mic:** Industry-leading Bluetooth 5.3 technology ensures instant pairing with all Bluetooth-enabled devices (phones, tablets, laptops, TV). Noise-cancelling microphones enhance call quality.
- **Multi-Point Connection:** Allows pairing with two devices simultaneously.
- **Foldable Design:** Lightweight and foldable for easy portability and storage.

## Product Overview Video

Your browser does not support the video tag.

Video: An overview of the PowerLocus P3 Bluetooth Headphones, highlighting key features and design.

## SETUP

### Charging the Headphones

Before first use, fully charge your PowerLocus P3 headphones. Use the provided USB-C charging cable.

1. Connect the USB-C end of the charging cable to the USB-C charging port on the headphones.
2. Connect the USB-A end to a compatible USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status. A full charge takes approximately 2 hours.

Image: The headphones feature USB-C fast charging for quick power-ups.

## Pairing with Bluetooth Devices

Follow these steps to pair your headphones with a Bluetooth-enabled device:

1. Ensure the headphones are charged and powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device, enable Bluetooth and search for available devices.
4. Select "PowerLocus P3" from the list of devices.
5. Once connected, the LED indicator will show a solid blue light.

For multi-point connection, pair with the first device, then disable Bluetooth on the first device. Put the headphones back into pairing mode and connect to the second device. Re-enable Bluetooth on the first device, and the headphones should connect to both.

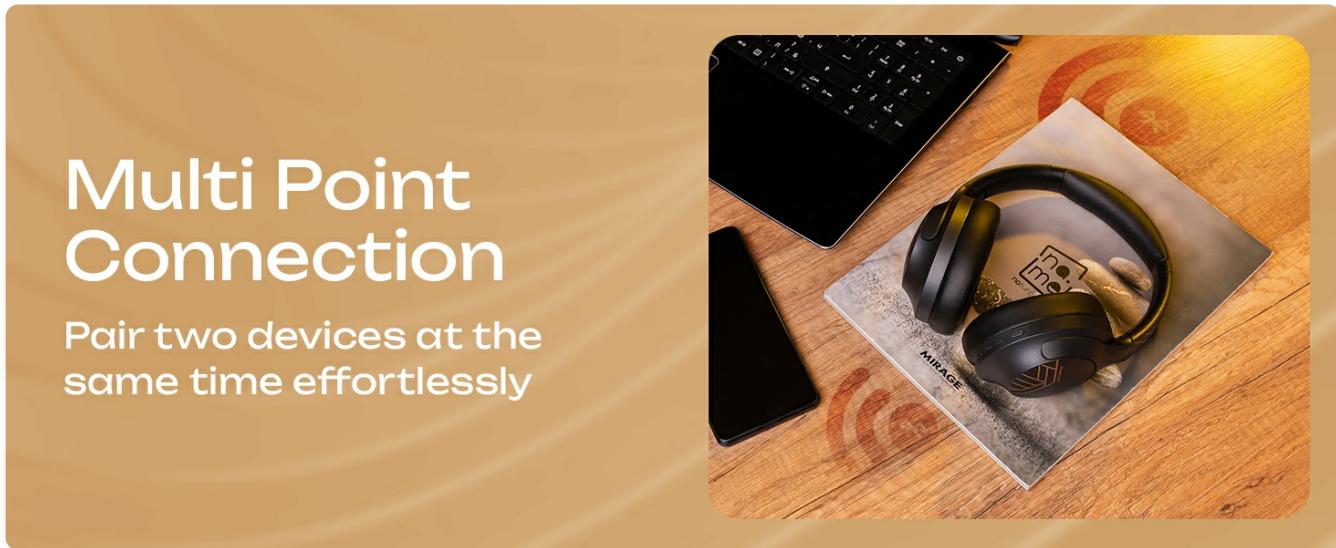

Image: The multi-point connection feature allows simultaneous pairing with two devices.

## OPERATING INSTRUCTIONS

The PowerLocus P3 headphones feature intuitive controls located on the earcups:

# Intuitive to use

◀ ▶ ON / OFF  
Volume Down / Play / Pause / Answer / Siri&Google Assistant Activation  
Volume Up / Changing Next Song

USB-C Charging Port  
3.5mm Audio Jack  
LED Indicator

## Headphone Controls Overview

| Button/Port                | Function  |
|----------------------------|---|
| <b>Power Button</b>        | Press and hold to Power ON/OFF. Short press to Play/Pause music, Answer/End calls. Double press for Siri/Google Assistant activation. |
| <b>Volume Up (+)</b>       | Short press to increase volume. Long press to skip to the next song.  |
| <b>Volume Down (-)</b>     | Short press to decrease volume. Long press to go to the previous song.  |
| <b>EQ Mode Button</b>      | Short press to cycle through 4 EQ modes: Pop, Bass, Vocal, Rock.  |
| <b>USB-C Charging Port</b> | For charging the headphones.  |
| <b>3.5mm Audio Jack</b>    | For wired audio connection when battery is low or for non-Bluetooth devices.  |
| <b>LED Indicator</b>       | Indicates power status, pairing mode, and charging status.  |

## Using the Built-in Microphone

The integrated noise-cancelling microphone allows for clear hands-free calls and voice assistant commands.

- Answering/Ending Calls:** Short press the Power button.
- Rejecting Calls:** Long press the Power button.
- Activating Voice Assistant:** Double press the Power button.

# Enjoy Wireless Calls

## Built-in Microphone

Image: The built-in microphone ensures clear communication during wireless calls.

### Gaming Mode

For an optimized gaming experience with low latency, activate Gaming Mode:

- Hold the Play/Pause button for 3 seconds to enter Low Latency Gaming Mode.

# Gaming Mode

Low Latency  
Us 60 ms | Others 120+ ms

Image: Activate Gaming Mode for low-latency audio during gameplay.

## Wired Connection

If the battery is depleted or you prefer a wired connection, use the provided 3.5mm audio cable:

1. Plug one end of the 3.5mm audio cable into the headphone's audio jack.
2. Plug the other end into your audio source's 3.5mm port.

## Wireless and Wired

Bluetooth 5.3

Switch between two modes easily. When the battery is 0%, you can continue easily with wired mode.

Image: The headphones support both wireless and wired connections for versatile use.

## MAINTENANCE

To ensure the longevity and optimal performance of your PowerLocus P3 headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, preferably in their protective case. The foldable design allows for compact storage.
- **Battery Care:** Avoid fully depleting the battery frequently. For long-term storage, charge the headphones to about 50% every few months.
- **Avoid Extreme Conditions:** Do not expose the headphones to extreme temperatures, humidity, or direct sunlight.

## FITS ANYWHERE

Portable design  
which you can take on every trip.

Image: The foldable design and included case make the headphones easy to store and transport.

### TROUBLESHOOTING

If you encounter issues with your PowerLocus P3 headphones, refer to the following common solutions:

#### Common Issues and Solutions

| Issue                           | Solution   |
|---------------------------------|--|
| <b>Headphones won't turn on</b> | Ensure the headphones are fully charged. Press and hold the Power button for 3-5 seconds.  |
| <b>Cannot pair with device</b>  | Ensure Bluetooth is enabled on your device. Make sure headphones are in pairing mode (flashing blue/red LED). Move headphones closer to the device. Forget previous pairings on your device and try again. |
| <b>No sound or low volume</b>   | Check volume levels on both headphones and your connected device. Ensure headphones are properly paired. If using wired mode, ensure the 3.5mm cable is fully inserted.                                    |

| Issue                                | Solution   |
|--------------------------------------|--|
| <b>Poor sound quality/distortion</b> | Move closer to your device to avoid interference. Ensure no physical obstructions are between the headphones and the device. Try a different audio source or file. |
| <b>Microphone not working</b>        | Ensure headphones are connected via Bluetooth. Check microphone settings on your device to ensure PowerLocus P3 is selected as the input device.                   |

## SPECIFICATIONS

| Feature                 | Detail                     |

## WARRANTY AND SUPPORT

PowerLocus P3 headphones come with a **2 Years Full Warranty**. For any questions or problems, our friendly customer support team is available 24/7.

Please refer to the contact information provided in your product packaging or visit the official PowerLocus website for support.

**Important:** Please avoid loud volume levels as being exposed to it for a longer time could damage your hearing. Note that using the headphones with too loud volume while riding a bike, driving a car or motorcycle could be distracting and potentially dangerous.
