HOBINCHE HBT40-20INCH

HOBINCHE 20 Inch California King Size Bed Frame Instruction Manual

Model: HBT40-20INCH

INTRODUCTION

Thank you for choosing the HOBINCHE 20 Inch California King Size Bed Frame. This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure a safe and comfortable experience with your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, non-abrasive surface (e.g., carpet) to prevent scratches.
- Do not tighten screws completely until all components are properly aligned.
- Regularly check all bolts and connections to ensure they remain tight.
- Do not exceed the maximum weight capacity of 3000 lbs.
- Keep small parts away from children during assembly.
- Exercise caution around edges to prevent injury.

PACKAGE CONTENTS

The package includes all necessary components for assembly. Please verify you have the following:

- Bed frame parts (side rails, crossbars, legs)
- Steel slats
- Screws and bolts
- Allen wrench (or similar assembly tool)
- Assembly instruction manual

SETUP (ASSEMBLY INSTRUCTIONS)

Follow these steps for quick and easy assembly. It is recommended to have two people for certain steps.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Refer to the included parts list to identify each piece.
2. **Assemble the Main Frame:** Connect the side rails and crossbars to form the rectangular frame. Secure the legs to the corners and central supports. Ensure all connections are finger-tightened initially.
3. **Install the Steel Slats:** Place the steel slats into the designated slots on the frame. The U-channel design allows for effortless assembly. Ensure all slats are securely in place.
4. **Final Tightening:** Once the entire frame is assembled and all parts are aligned, use the provided wrench to fully tighten all screws and bolts. Do not overtighten.
5. **Optional Headboard/Footboard Attachment:** The bed frame features 3 reserved holes on each leg for attaching a standard-sized headboard and footboard (not included).

OPERATING (USAGE GUIDELINES)

This bed frame is designed for optimal support and convenience.

- **Mattress Placement:** Place your California King mattress directly onto the steel slats. A box spring is not required.
- **Weight Capacity:** The heavy-duty steel construction supports up to 3000 lbs, providing stable and reliable support.
- **Under-Bed Storage:** The 20-inch height provides approximately 18 inches of clearance underneath, offering ample space for storing various items such as boxes, suitcases, or shoes.

Slatted Supports the Mattress

MAINTENANCE

To ensure the longevity and performance of your HOBINCHE bed frame, follow these maintenance tips:

- **Cleaning:** Wipe the metal frame with a damp cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they are tight. Retighten if necessary to maintain stability and prevent noise.
- **Floor Protection:** The legs are equipped with rubber feet to prevent scratches. Ensure these remain intact and in place.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** If the frame makes noise, check all bolts and connections. Loosen slightly, adjust components for proper alignment, and then retighten firmly. Ensure the mattress is properly seated on the slats.

- **Instability:** Verify that all legs are evenly touching the floor and that all bolts are securely tightened. Uneven flooring may require shims under the legs.
- **Slats Shifting:** Ensure all slats are fully inserted into their U-channel grooves. If a slat is damaged, contact customer support for a replacement.

SPECIFICATIONS

Feature	Detail
Size	California King
Material	Metal
Product Dimensions (L x W x H)	83.5"L x 71.5"W x 20"H
Style	20 Inch
