5. Maintenance

The Pomya A4 Portable Thermal Printer utilizes inkless thermal printing technology, eliminating the need for ink cartridges or toner. This simplifies maintenance significantly.

- **Cleaning:** Gently wipe the exterior of the printer with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Paper Storage:** Store thermal paper in a cool, dry place away from direct sunlight to preserve its quality.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Charge the printer regularly.

6. TROUBLESHOOTING

If you encounter issues with your printer, please refer to the following common solutions:

- **Printer not turning on:** Ensure the printer is fully charged. Connect it to a power source using the USB cable and try again.
- **Unable to connect via Bluetooth:** Make sure Bluetooth is enabled on your smartphone and the printer is within range. Restart both devices and try pairing again. Check the 'iprint' app for connection status.
- **Poor print quality:** Ensure you are using compatible A4 thermal paper. Check if the paper is loaded correctly and not creased or damaged.
- **Paper jam:** Carefully open the paper compartment and remove any jammed paper. Ensure paper is loaded smoothly and not overfilled.
- **App not responding:** Close and restart the 'iprint' app. If the issue persists, try reinstalling the app.

If these steps do not resolve the issue, please contact customer support.
